Announcement of a faculty position at the Faculty of Sustainable Design, Academic Assembly for Research, University of Toyama

1. **Position:**
   One (1) position, Professor or Associate Professor (10-year term; reappointment permitted)
2. **Institution:**
   Academic Assembly for Research, University of Toyama
   (assigned to the Department of Civil Design and Engineering, Faculty of Sustainable Design)
3. **Research field(s):**
   Civil Engineering Materials, Concrete Structures, Composite Structures, Seismic Engineering, Maintenance Management, Construction and Construction Management
4. **Courses Taught:**
   (1) Undergraduate courses: Infrastructure Materials; Concrete Structures; Infrastructure Design Engineering; History of Urban Design (related to structures/materials); Structures and Materials Laboratory; Introduction to Engineering; University-wide Cross-disciplinary PBL; Regional Design PBL; Graduation Thesis; and others
   (2) Graduate courses: Advanced Seismic Engineering; Special Research; and others
   (3) Liberal Arts Education courses:
5. **Expected Starting Date:**
   As soon as possible on or after April 1, 2027.
6. **Eligibility Requirements:**
   (1) Applicant must hold a doctoral degree (Ph.D. or equivalent).
   (2) Applicant must have at least 7 years (for Professor) or 5 years (for Associate Professor) of teaching/research experience at a university or other institution of higher education, or research experience at a research institution of a private company or government agency.
   (3) Applicant must have research achievements in the relevant field of specialization and be able to provide education and research guidance at the master's, first-half doctoral, and second-half doctoral program levels.
   (4) Practical experience in a private company or government agency, such as holding a Professional Engineer qualification in the relevant field, is desirable.
   (5) Applicant must be motivated to obtain external funding, such as Grants-in-Aid for Scientific Research (KAKENHI).
   (6) Applicant must be able to actively contribute to university-wide activities, including community outreach.
   (7) Ability to lecture in English is desirable.
   (8) Enthusiasm for the education of international students is desirable.
   (9) Ability to contribute to organizational operations, including entrance examination duties, is desirable.
   (10) Ability to contribute to liberal arts education is desirable.
7. **Required Documents:**
   (1) Resume [Form 1]
   (2) List of Research Achievements [Form 2]
   List items in reverse chronological order (most recent first), following the provided example.
   Note 1) "Academic papers" refers to peer-reviewed original papers as defined by the "Definition of Academic Papers at the University of Toyama."
   "Definition of Academic Papers at the University of Toyama":
   https://www.u-toyama.ac.jp/wp/wp-content/uploads/definition.pdf
   Note 2) For original papers on which the applicant is the corresponding author, indicate "(*Corresponding author)" to the right of the applicant's name.

Note 3) The "Other" category should include other papers, commentaries, and papers presented at international conferences (peer-reviewed only), etc.

(3) List of Grants-in-Aid for Scientific Research (KAKENHI) obtained, and list of other external funding obtained (excluding KAKENHI) [Forms 3, 4]

Prepare separate lists for KAKENHI and other funding (research grants, joint/commissioned research, etc.) covering the past 10 years, clearly indicating whether the applicant served as principal or co-investigator, and the amount awarded.

(4) Reprints of major papers (as first author or corresponding author) (approximately 3 papers)

(5) Summary of past research (approximately one A4 page)

(6) Future research plans and aspirations for education (approximately one A4 page)

(7) Contact information for two (2) individuals who can comment on the applicant (no specified format)

*Application forms [Forms 1-4] should be downloaded from the University of Toyama website. Submissions that do not use the designated forms and fail to include the required information may be considered incomplete.

URL: https://www.u-toyama.ac.jp/outline/faculty_member/teacher_employee/

*Personal information contained in the submitted documents will not be used for any purpose other than the selection process.

*Additional materials may be requested as needed.

8. Application Deadline:

Monday, November 30, 2026 (must arrive by this date)

The application deadline may be extended depending on the number of applications received.

9. Selection Method:

Selection will be made through document screening and an interview, etc.

If an in-person interview is conducted, applicants will be responsible for their own travel expenses.

10. Application Method: The "Web Application" function on the JREC-IN Portal.

Please combine all submission documents into a single PDF file before uploading.

11. Contact Information:

3190 Gofuku, Toyama City, 930-8555
Academic Assembly for Research, University of Toyama
(Department of Civil Design and Engineering, Faculty of Sustainable Design)
Dept. Chair, Prof. Yuukou Horita
Tel: 076-445-6758
E-mail: horita@sus.u-toyama.ac.jp

12. Terms and Conditions:

(1) Employment conditions shall be governed by the University's Staff Employment Regulations.

(2) Salary will be determined based on educational background, work experience, and other factors.

(3) The salary will be paid under an annual salary system, and a retirement allowance will be provided separately upon retirement. Details regarding this system will be provided upon request.

Contact: Personnel Section, General Affairs Department, Mail: jinjinin@adm.u-toyama.ac.jp

○ **We welcome applications from young researchers and female researchers.**

○ **The University of Toyama welcomes applications from candidates of diverse backgrounds.**

In accordance with the University of Toyama's Declaration on the Promotion of Diversity, we are committed to supporting the work-life balance of all staff members and fostering an environment in which individuals from diverse backgrounds can thrive throughout the university.
