How Does OnCampus Work?

Your first step to university success

Want to study at a top university but need some extra support? OnCampus UK North pathway programmes are made for international students who don't yet meet direct entry requirements. We help you build the skills, experience, and confidence to succeed.

1.

Prepare for University

Study with expert teachers and improve your English and academic skills. Our high-quality teaching gives you a strong start and helps you feel ready for university.

2.

Live the University Experience

From day one, you'll be part of real university life. Study on campus, join social activities, and feel at home in a welcoming global community.

3.

Progress to Your Degree

Complete your OnCampus programme and move on to a top university. Graduate with a world-class degree and the opportunity to work and study in the UK.

Join our alumni at leading institutions such as University of Lancashire, University of Manchester, University College London, Royal College of Surgeons in Ireland and University of Exeter.

"I chose OnCampus because the university progression opportunities really appealed to me. I enjoy the small class sizes and the academic support available via personal tutorials and one-to-one sessions. Preston is friendly, affordable and vibrant, the cost of living is lower compared to bigger UK cities, which makes budgeting much easier. My aim is to progress to a 5-year MBBS degree and become a doctor."

Shinyoung, South Korea
Medicine UFP
Intended Progression degree: Medicine & Surgery, MBBS, 5 Year at University of Lancashire

Find Your Place At A Top UK University

For many years, OnCampus UK North has connected international students with their ideal degree. Our students can progress to hundreds of different degree programmes at our trusted university host, the University of Lancashire, or to a number of universities further afield in the UK, Europe and around the world.

1. Guaranteed progression

When you complete our programme, you have a choice of thousands of degrees at world-leading partner universities. If you are aiming for progression to the University of Lancashire, you'll receive a guaranteed offer from them alongside your offer to study at OnCampus UK North.

2. Career focused

Our programmes align with your career goals, providing work experience and industry connections through our partner universities. You'll have opportunities to join our Student Ambassador scheme, become a Content Creator or a class Student Rep to help build your confidence, grow your friendship group and develop those leadership skills before you start your degree. We also offer access to Student Circus to all our students.

3. Personalised support

We ensure smooth progression to your degree if you choose to continue at the University of Lancashire, or our dedicated team is here to assist you to apply to other universities in the UK and beyond. We offer excellent accommodation options and expert visa support. When you start at OnCampus UK North you'll have a fun-filled induction week helping you to get to know the area[2]. We'll help you with setting up a bank account, registering with a GP and ensuring you're fully settled in your new home.

Guaranteed Progression To The University of Lancashire

Based on campus at the University of Lancashire, OnCampus UK North offers guaranteed conditional progression to a wide range of degrees across Business, Humanities, Engineering and Life Sciences from our Foundation programmes.

Students looking to study medicine or related health sciences degrees such as Veterinary Medicine and Dental Therapy can do so from our dedicated Medicine Undergraduate Foundation Programme.

For details on all medicine progression opportunities see page 16.

*Excluding medicine, dental therapy and degrees with additional progression criteria.

Which OnCampus Programme Is Right For You?

The course that's right for you will depend on your English level and the number of years of school you've completed. The chart below shows your options but our team will be happy to help you.

You have...	• 11 years of education • IELTS 4.5+	• 11 years of education • IELTS 6.0+
Your ideal programme...	Undergraduate Foundation Programme (UFP)	Medicine Undergraduate Foundation Programme (Medicine UFP)
	Choose UFP for progression to: Business Creative Industries Law Engineering Social Sciences Humanities Life Sciences (including Physiotherapy and Biomedical Science)	**Choose Medicine UFP for progression to:** MBBS Veterinary Sciences Biomedical Sciences Medical Sciences

"My OnCampus Biology teacher was great. She studied Biomedical Science herself so has helped me gain a better understanding of how Biology is related to Biomedical Science and Research. I really enjoyed learning the subject in detail and I now have the practical skills ready to progress to my degree."

Salma, Jordanian
UFP Life Sciences
Currently studying BSc (Hons) Biomedical Science at University of Lancashire

"I think OnCampus has given me a huge advantage and I've settled in really quickly. We can access the university facilities such as the library and sports facilities and we have hands-on classes in the Biology laboratories too. The teachers are really friendly and happy to help with any questions. The course materials are so easy to follow and my classmates are motivated which has had a positive influence on me."

University of Lancashire

Students studying the Medicine Undergraduate Foundation Programme (MUFP) have the opportunity to progress to the University of Lancashire's Medical, Dentistry and Veterinary Medicine Schools which offer training to the highest UK standards.

The university has a state-of-the-art curriculum and facilities which include the Human Anatomy Resource and Learning Centres and Clinical Skills Suite.

Expert staff

who are themselves practising clinicians or junior doctors

Benefit from a practical curriculum with clinical placements from Year 1

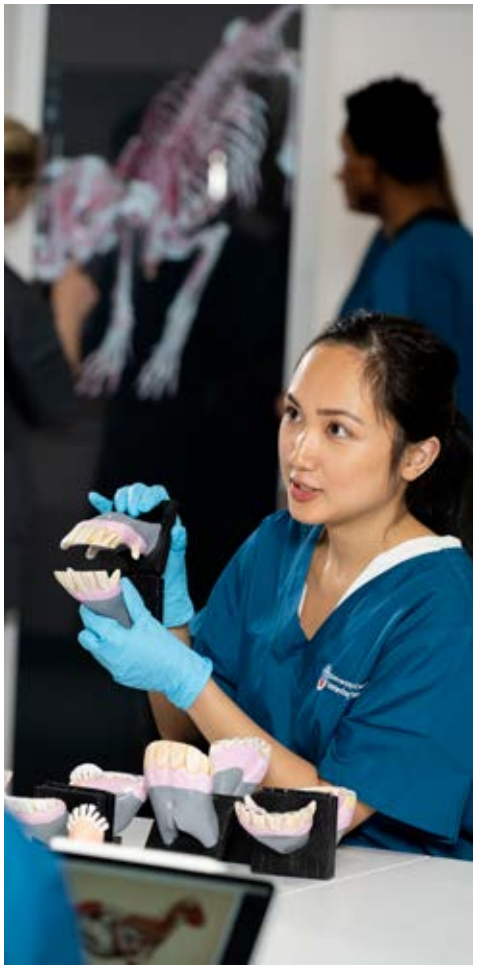
8th in the UK for academic support

Non-specific Medicine (compared with unis in the Guardian University Guide 2023)

The MBBS is accredited by the General Medical Council (GMC) and listed on the World Directory of Medical Schools. Patient contact from Year 1

Veterinary Medicine (BVMS)

Innovative teaching methods mean no traditional lectures and more hands on experience.



Dentistry, Dental Therapy and Clinical Dental Technology students are taught alongside each other. They train now as they will practice in the future, as part of the whole dental team.

Our Programmes

Undergraduate Foundation Programme (UFP)

This programme gives progression to Year 1 of a wide range of undergraduate degrees.

"OnCampus is challenging. supportive and rewarding. I enjoy how hands-on the Foundation programme is. The teaching style here is very interactive and discussion-based. Staff here are approachable and supported me at every stage. You're not just learning subjects — you're building habits, confidence, and a mindset that prepares you for the demands of university and beyond. I hope to become a doctor and work in the UK or in Canada — both as a practicing physician and someone involved in public health advocacy."

Faiaaz, Bangladesh
UFP Life Sciences
Intended progression degree: BSc (Hons) Medical Sciences at University of Lancashire

1. Choose your pathway:

Progress on to over **100 degree** options

Pathways	Popular Degrees	Core modules	Modules studied		
Business, Humanities & Social Sciences	Business, Accounting, Management, Marketing and Tourism, Criminology, Law, Media, and Psychology	English	Globalisation & International Relations	Business Behaviours	Skills for Business
Engineering & Physical Sciences	Aerospace, Electrical, Mechanical and Software Engineering	English	Pure Mathematics	Physics	Skills for Science
Life Sciences	Biomedical Science, Dental Therapy, Nursing, Nutrition and Physiotherapy	English	Chemistry	Skills for Science	Biology for Life Sciences

2. Check your qualifications:

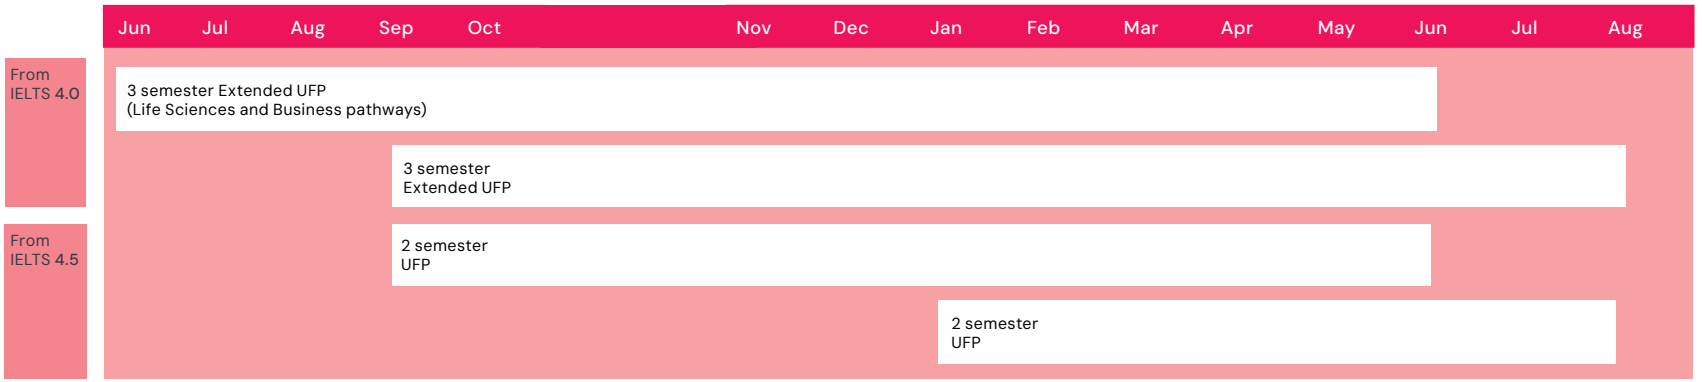
English Level:

From 4.0 IELTS or equivalent for 3 semester Extended UFP. The Extended programme includes an English language module followed by 2 semesters of UFP.

From 4.5 IELTS or equivalent, with no single component less than 4.0, for 2-semester UFP.

Academic Requirements:
Please visit **oncampus.global** for academic entry requirements

3. Choose your entry point:



Medicine Undergraduate Foundation Programme (Medicine UFP)

This programme gives students the opportunity to apply for Year 1 of the Bachelor of Medicine and Bachelor of Surgery (MBBS) at the University of Lancashire, and the opportunity to apply to several degrees, as specified, at RCSI University of Medicine and Health Sciences, Ireland, St. George's University, Grenada, and the University of Nicosia, Cyprus.

Expert guidance and interview practice to prepare you for the medical school application process

Guaranteed MMI interview[1] at the University of Lancashire

[1]subject to meeting the specified entry criteria

"I would recommend studying the Medicine UFP as it provides a strong academic foundation for students who want to progress into competitive degree courses like Medicine. The Multiple Mini Interview sessions helped me improve how I think and communicate in interviews. It offers a supportive learning environment with helpful, approachable tutors and resources that make the transition to university-level study much smoother."

Evelyne, Angola
Medicine UFP
Intended progression degree: Medicine & Surgery, MBBS, 5 Year at University of Lancashire

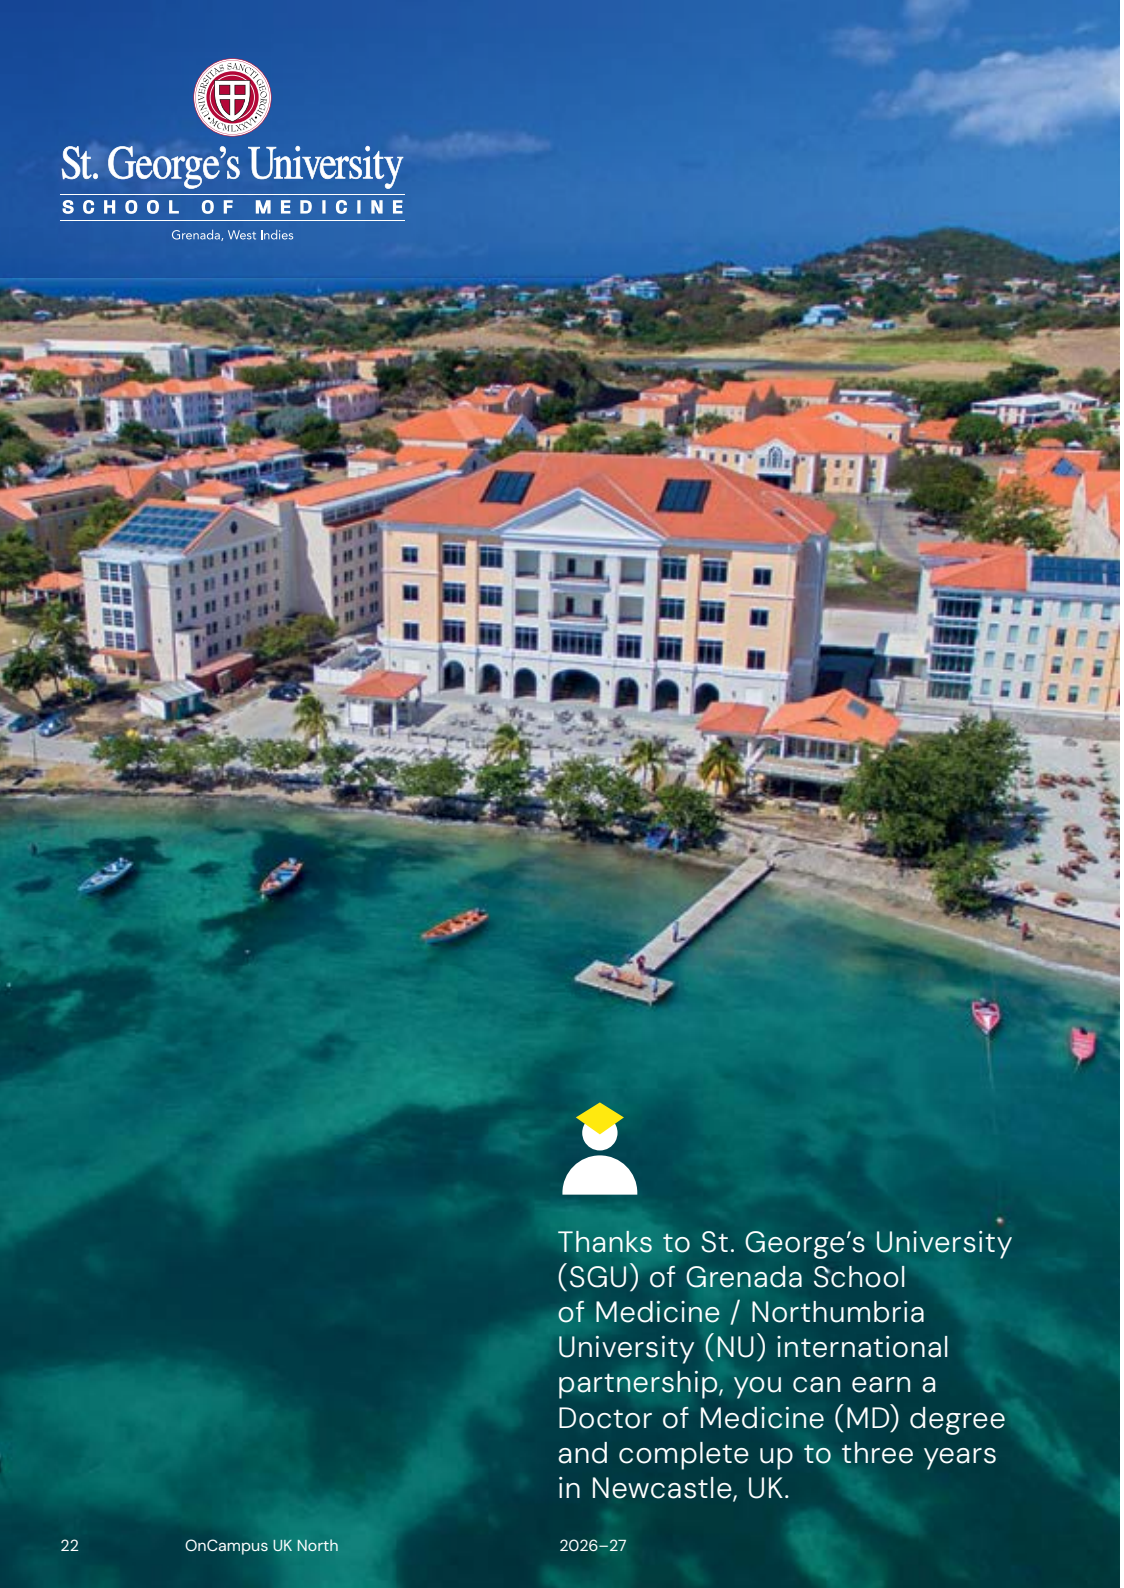
- Master of Pharmacy (MPharm) (5 years)
- BSc Physiotherapy (4 years)
- BSc Advanced Therapeutic Technologies (4 years)

St. George's University
SCHOOL OF MEDICINE
Grenada, West Indies



Thanks to St. George's University (SGU) of Grenada School of Medicine / Northumbria University (NU) international partnership, you can earn a Doctor of Medicine (MD) degree and complete up to three years in Newcastle, UK.

Founded in 1976, SGU is a centre for academic excellence worldwide. With students and faculty drawn from more than 150 countries, SGU is truly an international institution, with a uniquely global perspective. SGU School of Medicine offers entry points for students from many education systems around the world. This includes the 5- and 6-Year Medical Degree (MD) Tracks. You can start the MD tracks from the OnCampus Undergraduate Foundation Programme.

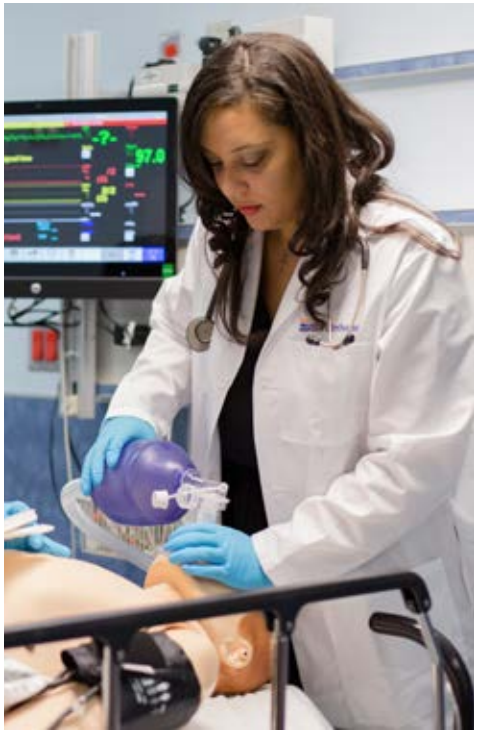
Scan to watch the campus life video

SGU has a large network of 75+ affiliated hospitals and health centres in the US and UK[1]

[1]sgu.edu/hospitals

23,000+

SGU School of Medicine graduates in the US and around the world are part of a strong alumni network.
They have practiced in every state in the US and in more than 50 countries including the UK[3]



Over 1,035 US residencies in 2025

No other medical school in the world provides more new doctors to the US healthcare system[2]

Progression MD tracks include:
- 5-Year Medical Degree Track
- 6-Year Medical Degree Track

[2]As the medical school graduating the largest number of students per year, SGU places the largest number of graduates into residency programmes each year, based on internal SGU graduate/expected graduate and residency placement data as of April 2025.

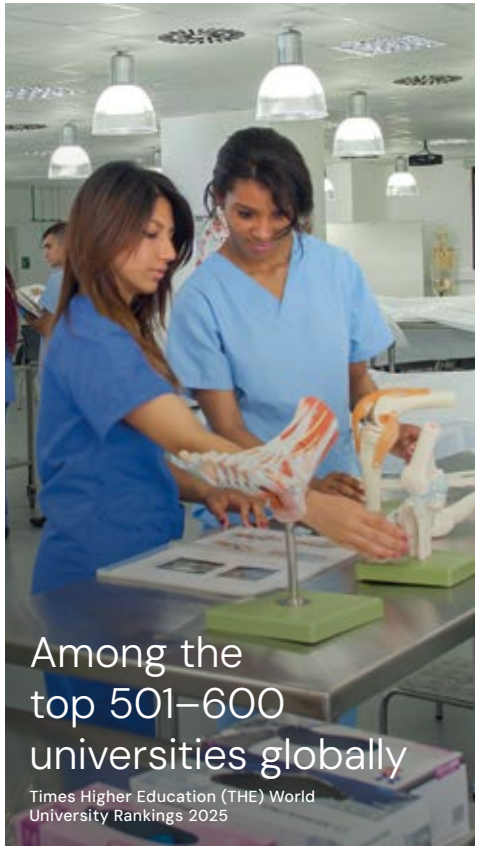
[3]Based on the number of students who have completed the MD programmes from 1981–2024.

UNIC HEALTH
UNIVERSITY of NICOSIA
MEDICAL SCHOOL
SCHOOL OF VETERINARY MEDICINE

Scan here for a facilities tour

The University of Nicosia (UNIC), situated at the crossroads of Europe, Asia, and Africa, is located in Cyprus, a member of the European Union. UNIC provides pathways to global opportunities and personal growth, particularly in medicine and veterinary medicine.

Student population of 12,500 from over 100 countries.



The university offers modern facilities, including the most stunning and architecturally distinct student residences in the world

Students benefit from a high-quality European lifestyle at a more affordable cost compared to other EU countries. Cyprus is known for its warm hospitality, offering international students a welcoming and inclusive environment.

Veterinary Medicine students' exposure to animal care starts early in the first year

Doctor Of Medicine (MD)

The 6-year programme is designed for high school graduates and offers early clinical exposure starting in year two. Students benefit from advanced facilities, including an anatomy centre with real human cadavers and a clinical skills laboratory with 18 cubicles. The curriculum is globally recognised and accredited by the World Federation for Medical Education, ensuring the degree is respected worldwide.

Doctor Of Veterinary Medicine (DVM)

The programme offers a comprehensive 5-year course focused on animal health and welfare. Students engage in practical training from the first year, developing skills in treating both small and large animals. The curriculum aligns with the standards of leading veterinary bodies, including the UK Royal College of Veterinary Surgeons and the American Veterinary Medical Association.

Your Pathway to Career Success

At OnCampus our focus is on helping you succeed both personally and professionally, with tailored support and real-world opportunities that lead to global career success.

OnCampus empowers your global career success with personalised support. Our experienced staff offer one-to-one guidance, from course selection to CV perfection and interview preparation, building a strong foundation for your future.

OnCampus Future Leaders

Future Leaders: Shaping Careers and Building Futures

- Personalised academic and career guidance
- Interview coaching and preparation
- CV and cover letter workshops
- Industry insights, internships and employer connections

We partner with top universities to offer workshops, networking events, and industry-led sessions that connect you with active employers. Students also benefit from career-building opportunities that open doors to internships and full-time roles.

STUDENT CIRCUS

Student Circus

The Future Leaders initiative is designed to empower international students with the skills, network and opportunities necessary for global career success. We have partnered with Student Circus to offer a powerful employability ecosystem that supports students from pre-arrival through to graduation.

What We're Offering OnCampus Students

- Access to a curated jobs board featuring UK companies that sponsor international graduates
- Support in centre to build job-ready mindsets and leadership skills
- Live webinars, sessions, and career guidance to help with job applications and highlight the value of international perspectives
- Toolkits and resources tailored to international students' unique career challenges including: an immigration guide and career country guides

This collaboration enhances our wider student experience, aligning with initiatives such as our Postgraduate Leadership Launchpad – a focused leadership development programme to equip Pre-Master's students with real-world leadership skills that employers are actively seeking.

The Leadership Launchpad

Offered in collaboration with leading careers experts, the Leadership Launchpad is a practical online programme designed to give OnCampus students the leadership skills global employers want. It boosts your academic, personal, and professional growth, helping you stand out.

The program focuses on actionable takeaways through expert-led workshops, real examples, and self-reflection, not heavy theory. OnCampus is committed to helping you build confidence and capability for the competitive job market.

Why take part?

- Develop real-world leadership skills
- Stand out globally
- Build communication and leadership confidence
- Support your studies
- Gain certification

Offering Excellent Quality At Exceptional Value

For students looking for a budget-friendly location, the north of England is significantly more affordable than other major UK cities. Preston can be up to 51% cheaper than London and was voted the most affordable student city by The Times in 2023.

Living in Preston allows international students to enjoy university life – eat out, socialise, travel – while keeping monthly budgets manageable.

Here's a breakdown of typical monthly expenses:

Item	Cost (Preston)
OnCampus accommodation per month	£396
Transportation (monthly public transport pass)	£78
Meal, inexpensive restaurant	£10
Groceries (monthly)	£150–£250
Cinema	£6–£8
Coffee	£2.80–£3.20

Sample monthly budget tailored for an international student in Preston. Figures will vary according to your lifestyle.

Preston was named as the best city in the North West to live and work in

Good Growth Index, 2023

"I would 100% recommend OnCampus UK North. The academic preparation, personal support, and welcoming community make it a great environment for international students to succeed. Compared to other UK cities, the cost of living is so low. Accommodation, food, and transport are all international student-budget friendly. The staff and teachers are very supportive, and I've made friends from all over the world."
