

OPEN FACULTY POSITIONS

Assistant Professor Faculty Positions

TENURE-TRACK OR TENURED • NEW YORK, NY

THE POSITION

The Department of Genetics and Genomic Sciences at the Icahn School of Medicine at Mount Sinai in New York, NY, invites applications for tenure-track or tenured faculty positions at the Assistant Professor level.

Mount Sinai is ranked as one of the nation's top biomedical institutions in research, patient care, and education, and was recognized as one of the most innovative data science organizations in the world by Fast Company. Mount Sinai has made major recent investments to attract world-class expertise and build cutting-edge resources to fuel advanced research in biomedical data science and advanced technology development. Faculty recruits will be appointed in the Department of Genetics and Genomic Sciences, which consistently ranks amongst the highest in the country for NIH funding in genetics research.

We are seeking exceptional candidates with medically relevant research interests in Functional Genomics, Computational Biology, Bioinformatics, or Artificial Intelligence.

COLLABORATION AND SUPPORT

Biomedical research is increasingly interdisciplinary. We seek faculty members who will thrive in a fast-paced, highly collaborative environment, working across multidisciplinary teams of data scientists, technology innovators, and clinical specialists. These teams leverage large-scale data and advanced multimodal -omics technologies to deepen understanding of disease mechanisms and interventions, and to predict, test, and translate novel therapies more quickly and effectively.

Applicants should hold a Ph.D. or M.D. in a related field and have a track record of innovation in a biomedical specialty.

We offer highly competitive recruitment packages, strong institutional commitments to faculty support, comprehensive benefits, relocation services, a salary range of \$140,000-\$220,000 annually, and a rewarding work and life environment. The Icahn School of Medicine is in the heart of Manhattan, with offices one block from Central Park and Mount Sinai-subsidized housing available for postdocs in the area.

Applications open August 31, 2026. Completed applications will be reviewed on a rolling basis and will continue until positions are filled.

TO APPLY

Please submit:

- **Cover letter** stating your area of research interest
- **Current curriculum vitae (CV)**
- **Research plan** of no more than two pages, excluding references

EQUAL OPPORTUNITY EMPLOYER

The Mount Sinai Health System is an equal opportunity employer, complying with all applicable federal civil rights laws. We do not discriminate, exclude, or treat individuals differently based on race, color, national origin, age, religion, disability, sex, sexual orientation, gender, veteran status, or any other characteristic protected by law. We are deeply committed to fostering an environment where all faculty, staff, students, trainees, patients, visitors, and the communities we serve feel respected and supported. Our goal is to create a healthcare and learning institution that actively works to remove barriers, address challenges, and promote fairness in all aspects of our organization.
