Fellow Binancians,

Binance will list Ellipsis (EPS) and Auto (AUTO) in the Innovation Zone and will open trading for EPS/BTC, EPS/BUSD, EPS/USDT, AUTO/BTC, AUTO/BUSD and AUTO/USDT trading pairs at 2021-04-02 9:00 AM (UTC). Users can now start depositing [EPS](#) and [AUTO](#) in preparation for trading.

What is Ellipsis (EPS)?

Ellipsis is a decentralized perpetual contracts protocol, made possible by a virtual automated market maker (vAMM). On Ellipsis, traders can trade perpetual contracts with vAMMs without the need for counterparties. EPS is the native utility token of the platform and is used for platform governance and staking.

What is Auto (AUTO)?

Auto is a yield farming aggregator running on Binance Smart Chain (BSC). It was designed with the purpose of optimizing DeFi users' yields across various dApps in the DeFi space. AUTO is the native utility token of Auto and is used for governance and to pay out platform fees.

Reminder:

The Innovation Zone is a dedicated trading zone where users are able to trade new, innovative tokens that are likely to have higher volatility and pose a higher risk than other tokens.

Before being able to trade in the Innovation Zone, all users are required to visit the web version of the Innovation Zone trading page to carefully read the [Binance Terms of Use](#) and complete a questionnaire as part of the Initial Disclaimer. Please note that there will not be any trading restrictions on trading pairs in the Innovation Zone.

EPS and AUTO are relatively new tokens that pose higher than normal risk, and as such will likely be subject to high price volatility. Please ensure that you exercise sufficient risk management, that you have done your own research in regards to EPS and AUTO's fundamentals and fully understand the project before opting to trade.

EPS and AUTO Listing Fee: 0 BNB.
