Funding and Living Costs

This unconditional offer of admission is made on the understanding that you will be responsible for securing funding to cover all your fees and living expenses. Living expenses are in addition to tuition fees and additional programme costs and estimated costs are given on the following website: <http://www.ed.ac.uk/studying/international/finance/cost-of-living>

Fees

Fees are quoted on the assumption that the start date, mode of study and tuition fee status information shown above is correct. The estimated tuition fee quoted above is the rate for the first year of your programme of study. If you have applied for a programme of study of more than one year, you should be aware that the tuition fees increase every year. However – international students studying full time on undergraduate and postgraduate taught programmes lasting more than one year will have their fee level fixed for the duration of their studies.

The estimated annual fee quoted is the total tuition fee amount that will be payable by either yourself or your sponsor in year 1 of study, prior to the deduction of any deposit you have paid or any discount for which you may be eligible. It does not include additional programme costs or any initial registration fee. If applicable, these are quoted separately above. Please note that students who have been nominated by their home university to apply to the University of Edinburgh as part of a reciprocal exchange programme (eg Erasmus) will not be liable for fee payment, although a fee amount may be shown above.

All amounts are quoted in pounds sterling.
