Victorian Tunnelling Centre
holmesglen

Why Holmesglen?

Study at Holmesglen for a dynamic educational experience that combines industry-relevant courses, high quality training, modern facilities, and a supportive learning environment, all preparing you for success in your chosen career.

Great employment outcomes

Holmesglen's focus on future skills, industry collaboration, practical training and ongoing job support, position our graduates for greater opportunities in a competitive job market. Our training and qualifications are recognised and trusted by your future employers.

Holmesglen students with an improved employment status after training is 2.8% above the TAFE sector average in 2024*

Strong industry connections

Our strong connections across industries, provide students with networking opportunities, industry events, and guest lectures. These connections often lead to internships, job placements, and invaluable exposure to ensure success.

Holmesglen is a five-time Victorian Training Awards Industry Collaboration winner for our strong partnerships with workplaces

High quality teaching and learning

For over 40 years, Holmesglen has led the way in technical and further education. We are respected by students, apprentices and employers.

89.5% of VET graduates were satisfied with the overall quality of training*

*Australian vocational education and training statistics, VET student outcomes, 2024 National Centre for Vocational Education Research.

Our story is future skills

Build a future proof career!

At Holmesglen, our training is aligned to future industry needs and we prepare you for work in growth sectors with rising employment opportunities. We are currently training a skilled workforce who will be well-equipped to meet the demands of the care, clean, and digital economies in Victoria.

How do we innovate?

We conduct applied research with industry, design and deliver new training approaches and use advanced simulator technology and immersive learning in our classes.

Build your career in a priority sector

Holmesglen can give you skills for the three priority sectors identified in the landmark "Future Skills for Victoria" report.

Clean economy

Holmesglen is innovating new training approaches to help Victoria meet its clean energy and circular economy goals.

Electrotechnology

Holmesglen is recognised by the industry as the premier TAFE for high quality and accredited training in renewable energy.

- Renewable Energy Centre for Excellence
- Solar, battery and EV charging training facilities
- Futuretech electrical engineering training and partnership with ETU

Building and Construction

Our building and construction courses ensure you get your skills from the best in the industry and find jobs with employers who trust your training.

Holmesglen has a partnership with the Australian Government Cooperative Research Centre Program to offer Building 4.0 CRC, an industry-led research initiative to elevate future workforce skills. Our long-standing, respected and recognised connections to the building and construction industry will help you get the skills you want and the job you want.

Environment and Conservation

Champion eco system protection and nature preservation to work in the growing sustainability industry.

Our courses provide a high level of practical learning opportunities outside the classroom and our expert teachers deliver on our commitment to Horticulture training. Our Eildon campus is set against the backdrop of the Rubicon State Forest and has access to its own agricultural forestry and wildlife zone. And our Glen Waverley campus is built with facilities designed for Horticulture.

- **Apprentice Success is a clean energy initiative, led by Holmesglen and powered by the Victorian TAFE network**
- **It is a service that connects employers and apprentices with customised support and opportunities across the clean energy sector**

Care economy

We are training the future workforce of Victoria's care economy and providing skills to meet industry needs across health care and social assistance services.

Nursing

Our unique partnership with Healthscope has created the award-winning health science precinct at Moorabbin – and Australia's first TAFE-based hospital.

Disability and Aged Care

Our aged care and disability courses are complemented by integrated work placement opportunities with leading healthcare providers.

We maintain strong industry links with leading aged care providers, whose representatives also sit on our Aged Care Course advisory committees.

Early Childhood

Our courses are on the Free TAFE list and the Diploma covers the National Quality Framework, including the Early Years Learning Framework, and the compliance requirements of the National Quality Standards.

Our connections to the best industry partners helps a large number of students gain employment on their first placement.

Allied Health Care

Our courses are designed to give you practical skills, making you job ready faster.

Our allied health training provides access to virtual reality learning opportunities in our state-of-the-art Simulation Centre.

Plus, our industry connections will ensure your training is aligned to the skills employers want.

- **More than 40 per cent of ASX-listed life science companies are based in Melbourne**
- **83,300 new workers are expected in the care economy**
- **6 out of 10 new workers in the care economy will require higher-order skills**

Digital economy

We are raising digital capabilities in Victoria by delivering training on digital tools, digitisation and automation that can be applied across industries.

Cyber Security

Holmesglen is transforming cyber security and IT education with the launch of our state-of-the-art Cyber Security Operations Centre (CSOC) at the Chadstone campus. The facility immerses students in realistic tech environments, equipping them with the skills required to meet the IT industry's growing demand for skilled cyber security professionals.

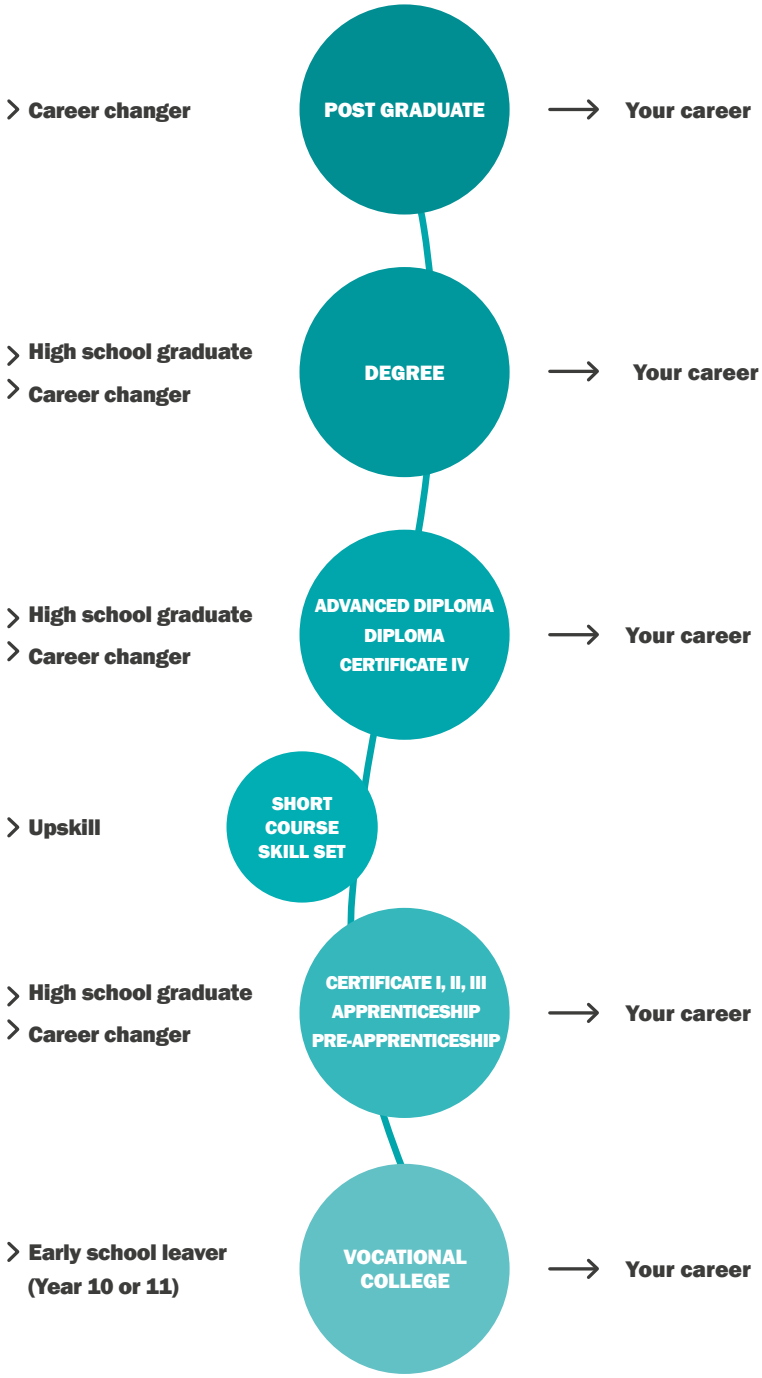

Information Systems, Gaming and Web Design

We are supported by our industry and Academy Partners: Fortinet Network Security Academy, Cisco Networking Academy, Microsoft Academy, Amazon Web Services Academy (AWS), LifeJourney, and the Australian Signals Directorate (ASD).

- **By 2030, digital literacy will be among the top three skills demanded by most industries**
- **Australia's tech industry is on track to create 1.2 million tech jobs by 2030 – filling those jobs is the challenge**
- **The National Skills Commission estimates skills clustered around the digital economy will increase 28% between 2022 and 2027**

There are many pathways to your career

Whether you want to launch into a new career, upskill to advance your current career, or return to the workforce, our study pathways are designed to help you achieve your goals.

Holmesglen Campuses

BOURKE STREET

Level 3, 206 Bourke St, Melbourne

Our Bourke Street campus is suitably located in the heart of Melbourne – close to Chinatown, retail outlets and convenient public transport. The campus is a dedicated nursing training facility, which is giving Victorians greater opportunities to pursue their healthcare careers. The HLT54121 Diploma of Nursing is offered at this campus, which is perfect for those wanting to learn in the CBD.

DRUMMOND STREET

Corner Drummond and Rae Streets, Chadstone

Our Drummond Street campus is the Victorian training hub for electrical services infrastructure, civil construction, industrial skills and workplace health and safety. The campus is located just 1.5 km from our main Chadstone campus. The campus houses the Victorian Tunnelling Centre, a dedicated facility for the specialist training of workers and professionals in the construction and operation of transport and utility tunnels. The electrical services infrastructure facility trains workers to be licenced to work on Victoria's electrical distribution network.

CHADSTONE

Corner Batesford and Warrigal Roads, Chadstone

At our Chadstone campus, you will find some of Victoria's largest and most well-known building and construction training facilities. We offer over 30 pre-apprenticeships and apprenticeships in popular areas like plumbing and carpentry – as well as niche areas like glass and glazing and stonemasonry. The Chadstone campus is also home to our international award-winning Heating, Ventilation and Air Conditioning Centre of Excellence. You will find a digital print centre, fashion studios, building design suites, our business faculty, IT labs, and dental technology and oral health simulation facilities. Additionally, the Holmesglen Employment Centre, connecting students and graduates with employment opportunities. Plus, our Chadstone campus has its own train station, Holmesglen, on the Glen Waverley line.

Scan the QR code to take a virtual tour.

HOLMESGLEN AT EILDON

Moore Road, Eildon

This award-winning purpose-built conference and function venue, set on a gorgeous rural property in the Goulburn Valley's Rubicon State Forest, is a RACV Victorian Tourism Awards Hall of Fame member. Holmesglen at Eildon has a working cattle farm, as well as its own agro forestry and protected wildlife zone. As a student, you might be lucky enough to visit with a student group on a trip, which could include a range of outdoor recreation, such as bushwalking, mountain biking, canoeing, rafting or fishing. The property is a Sustainable Tourism Accredited Business and is available for corporate hire, private functions and overnight, weekend or longer-term stays.

GLEN WAVERLEY

595 Waverley Road, Glen Waverley

With extensive horticulture grounds, and a charming suburban appeal, this campus provides the perfect backdrop to your studies. You'll find hospitality kitchens, our student restaurant Zest, an early childhood practice room, a massage and naturopathy clinic, as well as a training gym and exercise science room. Our Glen Waverley campus is also home to our Vocational College and a Startup Hub, which helps eligible graduates start their businesses.

Scan the QR code to take a virtual tour.

MOORABBIN

488 South Road, Moorabbin

Our Moorabbin campus is the gateway to Melbourne's Bayside. Home to the Holmesglen Private Hospital – an award-winning facility – it is perfect for nursing, allied health and pathology student placements. Our leading health precinct is a premier training hub in the Victorian education sector, with some of the best dedicated simulation and lab facilities.

The campus also houses the Renewable Energy Centre, Holmesglen's sustainability and green energy space for our electrical and engineering courses. You'll also find global culinary force Le Cordon Bleu, our student restaurant Cilantro and our Vocational College on campus.

Scan the QR code to take a virtual tour.

NORTH MELBOURNE

Level 2, 200 Arden Street, North Melbourne

At our Holmesglen Futuretech campus, we have collaborated with the Electrical Trades Union Victoria (ETU) to provide those seeking an electrical career, greater options and convenience. We offer pre-apprenticeships, apprenticeships, and industry short courses at the campus. Our Futuretech initiative is a previous Industry Collaboration Award recipient at the Australian Training Awards.

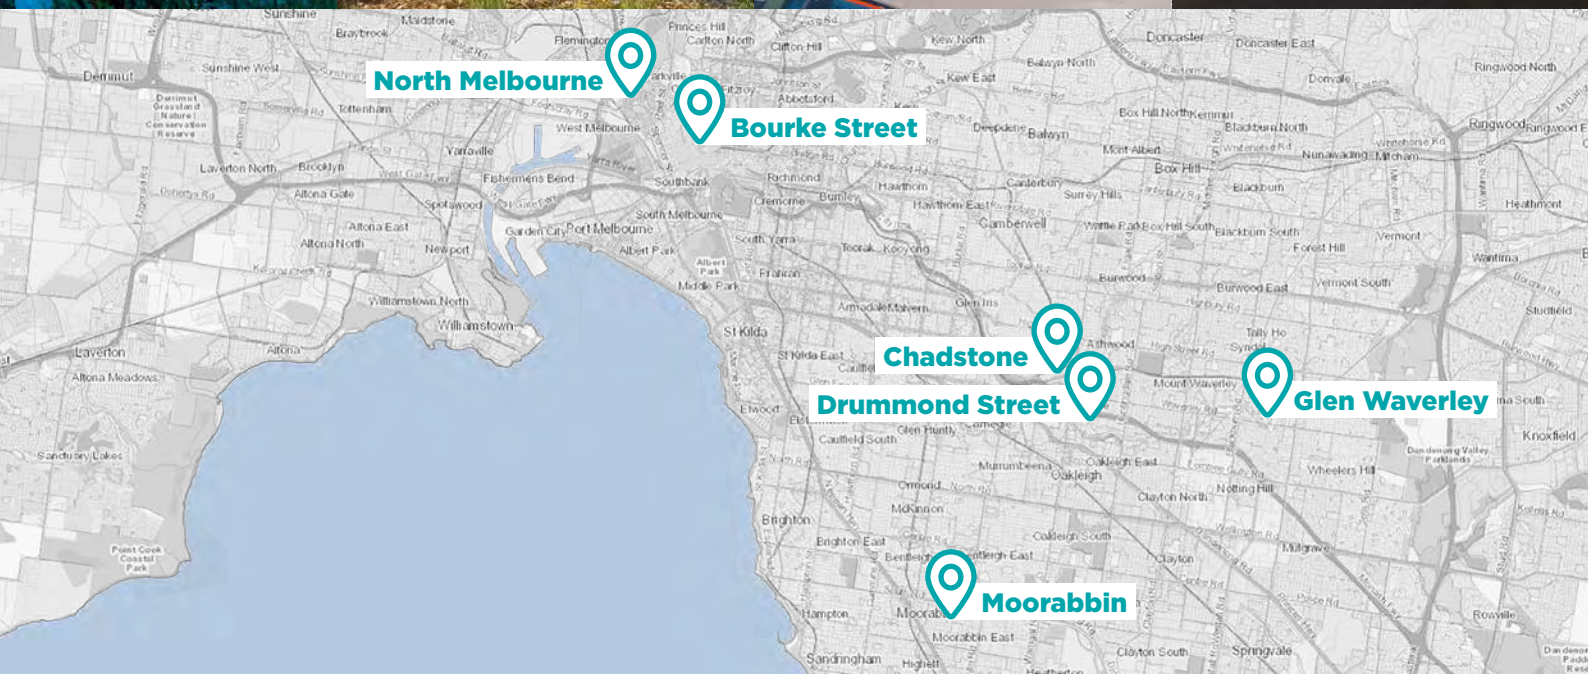

Scan the QR code to learn more about this campus.

Student wellbeing and campus life

Learning Skills Centre

Keen to brush up on your academic and study skills – for free? We're here to help with assessments, report writing, research skills, note taking, summarising, referencing, time management, presentation, and general study skills.

Medical centres

Open during term, our clinics feature general practitioners (GPs) who bulk bill, so there are no out-of-pocket expenses. Just make sure you bring your Medicare card or Overseas Student Health Card.

Counselling

Life can be stressful and difficult sometimes when studying and working while studying, so we provide free and confidential counselling for all students. This includes welfare, study, financial, personal, career counselling and more.

Disability support

If you need special consideration due to illness, or need support with reading and writing, our disability officers can help. We support you with notetakers, Auslan interpreters, study assistance and classroom participation assistance so you feel confident while studying and living the student life.

Accommodation help

If you're keen to live near campus, we offer listings for shared accommodation in private houses, units, flats and self-contained bungalows. We also have specific temporary accommodation listings for apprentices coming to study from the country. And if you're an international student looking for homestay accommodation, our International Centre can assist. We also work with the Melbourne Youth Support Service should you need emergency accommodation, information or counselling support.

Self-Employment Assistance

Do you have a small business idea you want to explore? With Self-Employment Assistance, you may be eligible to receive small business training in:

- Small business training
- Financial support
- Business coaching/mentoring
- Business Health Checks for current micro-businesses

Find out more information or if you're eligible at **holmesglen.edu.au/Self-Employment-Assistance**

Indigenous student support

Our Indigenous support team is here to assist Indigenous students, provide activities and opportunities to engage with Indigenous culture, and offer career and personal counselling and disability support.

$1M+

Distributed by the Holmesglen Foundation for student grants, scholarships and support services

Scholarships

The Holmesglen Foundation supports students with a range of scholarships based on both financial need and academic performance.

Our generous donors enable the Foundation, with the assistance of student wellbeing and teachers, to identify students who may need support. While there are some scholarships for specific areas such as nursing or trades, we also have general scholarships for students from any area of study at Holmesglen.

Scholarships are subject to availability and may vary year to year. To find out which scholarships may be available to you, visit: holmesglen.edu.au/scholarships or call us on 03 9564 1594 or email foundation@holmesglen.edu.au

We believe in access to education for everyone. That is why we offer a range of scholarships and financial aid to help you pay for your tuition and course materials.

Recreation and activities

As a Holmesglen student, you will have access to all types of activities, clubs, sports and on-campus events. Plus, our activities are heavily subsidised, so you can take part at a fraction of the normal price.

From day, weekend and interstate trips to movie and book clubs, and sporting teams, there is an opportunity for you to socialise and make new friends.

We have many free activities and events across our campuses each year. For more information, keep an eye on **holmesglen.edu.au/recreation**

Holmesglen Employment Centre

The Holmesglen Employment Centre is the perfect place to get your career goals sorted, and best of all, it's a free service to Holmesglen students.

Our friendly team can connect you with employment opportunities and provide dedicated support, which includes:

- Job readiness workshops
- Interview preparation and resume advice
- Career pathway assistance

Visit **holmesglen.edu.au/Industry/Holmesglen-Employment-Centre**

Our activities are heavily subsidised, so you can take part at a fraction of the normal price.

Apprenticeships and Traineeships

Considering a trades career? Holmesglen can get you started on a rewarding journey.

Our apprenticeship courses emphasise hands-on learning in real-world training environments, allowing you to apply your skills from day one. With strong industry ties, we ensure our apprentices receive the most current and future-relevant training.

Apprenticeships and Traineeships are a three-sided agreement between you, your employer and a training organisation. That means you must find a job as an apprentice and sign a training contract with them before you start study. The study part of an apprenticeship can work a number of ways including blended delivery (workshop, on-site or online).

Once you complete your apprenticeship, you will hold a nationally recognised qualification.

The best part about an apprenticeship?
You'll get paid to work while you're studying.

Pre-apprenticeship

A pre-apprenticeship (or pre-app) is your introduction to a potential trades career. It helps you learn fundamental skills without the commitment of longer training. That way you can decide whether an apprenticeship is something you will then want to pursue.

How to apply for an apprenticeship or traineeship with Holmesglen

STEP 1 → **Find a job as an apprentice or trainee.**

STEP 2 → **Register with an Australian Apprenticeship Support Network (AASN) and nominate Holmesglen Institute as your training provider.**

STEP 3 → **You and your new employer sign a training agreement with AASN and secure your registration number, called an 'Epsilon number'.**

STEP 2 → **Holmesglen will contact you to arrange your training schedule and assist with your Holmesglen enrolment including payment of fees.**

Apprentice Central

Apprentice Central is our award-winning apprentice support team, focussed on your needs as an apprentice. This unique service ensures Holmesglen apprentices receive dedicated support throughout their training at the Institute.

Apprentice Central can help you with:
- Employment issues such as wages, awards, entitlements, OHS
- Training and careers
- Personal/family matters
- Financial stress or hardship
- Employability skills
- Learning support

Our services include:
- Confidential one-on-one support
- Decision-making tactics and conflict resolution
- Life skills, budgeting and finances
- Mentoring and guidance, and general advice
- Referrals to supporting services

Find more information here
https://www.holmesglen.edu.au/current-students/student-support/apprentice-central
https://www.holmesglen.edu.au/study-with-us/apprenticeships/how-to-apply

While we want you to complete your training successfully, we also want to make sure your apprenticeship is enjoyable, rewarding and stress-free.

Higher Education

Get a higher education qualification and start working in advanced skill jobs today.

At Holmesglen we offer a range of higher education degrees with the same focus on future skills, practical experience, and a supportive learning environment.

Take advantage of our extensive industry connections to secure internships, work-integrated learning, and applied research. Holmesglen qualifications at every level are recognised and encouraged by Victorian employers across diverse industries.

13.5% increase expected in Australian jobs requiring a bachelor degree or higher qualification leading up to 2026

- **Bachelor of Business Accounting**
- **Bachelor of Fashion Design**
- **Bachelor of Hospitality Management**
- **Bachelor of Information Systems**
- **Bachelor of Nursing**
- **Bachelor of Oral Health**
- **Bachelor of Sport Business**
- **Bachelor of Sports Media**

Source: https://labourmarketinsights.gov.au/our-research/employment-projections/#3

"My first student runway event for Melbourne Fashion Week was probably one of the best experiences of my life! I felt immense pride and was almost brought to tears."

Kyle Taylor
Bachelor of Fashion Design

Kyle chose to complete his Bachelor of Fashion Design at Holmesglen because he was focused on gaining practical skills such as pattern-making and sewing. He has been involved with Melbourne Fashion Week every year while studying at Holmesglen and gone from dressing models to being appointed a stylist assistant.

Course Fees

What types of fees apply to me?

Full fees
You will be a full fee-paying student if you do not meet concession or subsidised fee criteria, or if you are an international student.

Subsidised fees
If you're an Australian or New Zealand citizen, or a holder of a permanent visa or humanitarian visa, you may be eligible for a government-subsidised place.

Concession fees
If you're a current healthcare, pension card or veteran gold card holder and you're applying for a certificate course, then concession fees may apply to you. Your concession eligibility will be calculated during your enrolment.

Material and Activities fees
Material and ancillary fees include essential materials, activities, excursions, uniforms, equipment and/or other related fees required to complete your course. They are in addition to your course fees and are not subject to concessions.

Services fee
VET students pay a General Services Fee (GSF). This per-semester services fee contributes to student services including counselling, welfare, learning support and student-led organisations.

How can I pay?

Upfront
You are required to pay your fees or confirm a payment method before the commencement of your first class.

- In person at any Holmesglen campus Information Office
- Online via the student account section on the student portal
- By cheque
- Third party invoice through the presentation of an authorisation in writing at any Holmesglen campus Information Office.
- BPAY via an invoice which will contain your BPAY details.

Payment plan
You can organise to pay in instalments over the duration of your course.

What fee help is available to me?

Scholarship
You can apply for a number of scholarships that may assist in paying your tuition fees.

VET Student Loan
If you're studying selected diplomas or advanced diplomas, you may be able to apply for a loan from the Australian government. Repayments are made through the ATO (which are deducted from your salary once you start earning over a certain amount).

FEE-HELP

FEE-HELP
If you're studying a degree program that does not offer HECS-HELP, you may be able to apply for a FEE-HELP loan from the Australian government. Repayments are made through the ATO (which are deducted from your salary after you start earning over a certain amount).

HECS-HELP

HECS-HELP
If you're studying a Bachelor of Nursing, you may be able to apply for a loan from the Australian government. Repayments are made through the ATO (which are deducted from your salary once you start earning over a certain amount).

Read about our scholarships and financial aid holmesglen.edu.au/study-with-us/scholarships-and-financial-aid
We offer free TAFE courses across multiple study areas holmesglen.edu.au/explore-courses/free-tafe

How to Apply

	DIRECT	APPRENTICESHIPS	INTERNATIONAL
1	Apply via the course page on the Holmesglen website holmesglen.edu.au	Find a job as an apprentice or trainee.	Read the International Study Guide via holmesglen.edu.au/international If you have any questions, send an email to international.admissions@holmesglen.edu.au or call +61 3 9564 1703
2	Holmesglen staff will contact you to send you a literacy and numeracy assessment, organise your interview and confirm your pre-training assessments.	Register with an Australian Apprenticeship Support Network (AASN) and nominate Holmesglen as your training provider (your employer will usually do this for you).	It is recommended that you use a Holmesglen approved education agent to assist you with your application. They can help you choose the right course and assist you with your student visa application. To find an agent in your country, visit holmesglen.edu.au/international
3	Receive and accept your Letter of Offer.	Receive your AASN registration number, which is called an 'Epsilon Number'.	Whether you're applying with or without an agent, you'll need to check that you meet all academic and English prerequisites as listed on the international course pages. You'll also need to provide certified copies of your supporting documents. For details on how to apply, visit holmesglen.edu.au/International/How-to-apply/
4	Complete government required information and register.	Holmesglen staff will contact you to arrange your training schedule and finalise your Holmesglen enrolment (once your AASN registration is complete and you have received your 'Epsilon Number').	Make sure that you read and understand the Institute's Terms and Conditions of Enrolment and the Fee Payment and Refund Procedure. Complete all sections of the application form, and remember to include your signature and contact details. If you're applying without an agent, you'll be required to pay a $500 (AUD) application fee.
5	Pay your fees (see page 16 for payment options).	Pay your fees (either upfront or on a payment plan).	Once our admissions officers have all the required information to assess your application, they'll inform you of the outcome. If you're successful, you will receive a Letter of Offer along with a Fee Schedule, outlining the fees payable.
6	Find out if you are eligible for a government-subsidised place and fee concession, show 100 points of ID to receive your student ID card.	Show 100 points of ID to receive your student ID card.	If you have met all the conditions on your Letter of Offer, you can proceed to deposit your first fee instalment, as outlined in your Letter of Offer (Fee Schedule). Submit your payment, along with your Offer Acceptance Form, to receive an Electronic Confirmation of Enrolment (eCoE). You will need an eCoE to apply for a student visa. To learn more about student visa applications and Genuine Student (GS) requirements, visit homeaffairs.gov.au

Indicative course fees are listed on the website. **holmesglen.edu.au/students/fees**

STUDY AREAS:

- Fashion
- Interior decoration and design
- Printing

Arts and design courses help you embrace your creative potential across various industries.

At Holmesglen, you can explore a diverse range of roles in fashion, interior decoration or printing.

Our courses include certificate, diploma and degree qualifications.

CREATIVE EXCELLENCE

Our students are encouraged to display their work for all to see. Our arts and design students are past award winners, including at the Design Matters Awards and Melbourne Fashion Week.

CAREER EXPERIENCE

Our fashion degree students regularly unveil their latest collections at Melbourne Fashion Week.

INDUSTRY FOCUS

Our printing courses have strong industry links and apprenticeships span specialist areas, including prepress graphic design production and print binding, finishing and packaging.

ARTS AND DESIGN

"At Holmesglen, we are focused on understanding the impact of fashion on the environment and our degree allows design intent and innovation to lead the production process."

Kate Medved
Course Director,
Bachelor of Fashion Design

Educators like Kate set the tone for the future of fashion, promoting conscious and sustainable design over fast fashion.

Read more about Kate's philosophy.

FASHION

Certificate II in Apparel, Fashion and Textiles

VET Delivered to Secondary Students

MST20722 **Part time (2 years)** **February** **Chadstone**

Entry requirements: You must be enrolled as a VCE or VCE (Vocational Major) student at a Victorian secondary school.

Career opportunities: Upon graduation, learners may gain employment into entry level positions such as product sourcing and retail/online sales. This course may assist in creating a portfolio for further study.

Certificate II in Apparel, Fashion and Textiles

MST20722 **Full time (6 months), part time (1 year)** **February** **Chadstone**

Entry requirements: Minimum age requirement 17 years and must have completed Year 11.

Career opportunities: Designer, production assistant, machinist, quality control, wholesale, product sourcing and retail/online sales.

Certificate IV in Apparel and Fashion

MST40222 **Full time (1 year), part time (2 years)** **February, July** **Chadstone**

Entry requirements: Minimum age requirement 17 years and must have completed Year 11.

Career opportunities: As a graduate of this course, you may be employed in a variety of entry to mid-level roles using your specialised technical and design skills. You will have the capability to work in the fashion sector within a retail, production or design room at an entry or assistant level.

Bachelor of Fashion Design

BFD23 **Full time (3 years), part time (6 years)** **March, August** **Chadstone**

This is a cutting-edge course for those who aspire to a career in the fast-paced world of fashion. Innovative design is at the forefront of our delivery, underpinned by a comprehensive technical foundation in pattern engineering, garment construction and the application of CAD design tools. Our fashion design course also has a strong focus on environmental and social impacts. Throughout the degree, you will understand the importance of sustainability and circular fashion through capstone projects, work-integrated learning, and ethical and sustainable practice units. You may even showcase your latest collection at Melbourne Fashion Week's annual Student Runway – a major opportunity for the next generation of fashion designers.

Entry requirements: Students must be at least 17 years old at the start of the course and hold a minimum qualification of VCE/HSC or an equivalent for entry. All applicants are required to attend an interview to present a few images of their creative work/s.

Career opportunities: Fashion designer/design assistant, manual pattern maker and grader, CAD pattern maker and grader, production manager, garment technician and fit technologist, small (design) business manager/owner, independent fashion consultant/designer, fashion events producer.

Portfolio Development

SIC10195 **Part time (1 day)** **February** **Chadstone**

Entry requirements: Students must be at least 17 years old. Refer to our website for upcoming dates.

Career opportunities: Prepares learners for entry into creative courses with a portfolio requirement.

Basic Sewing

SIC10196 **Part time (2 days)** **February** **Chadstone**

Entry requirements: Students must be at least 17 years old. Refer to our website for upcoming dates.

Career opportunities: Gain foundational sewing skills that may support your journey into further fashion course study.

INTERIOR DECORATION AND DESIGN

Certificate III in Interior Decoration Retail Services

VET Delivered to Secondary Students

MSF31018 **Part time (2 years)** **February** **Chadstone**

Entry requirements: You must be enrolled as a VCE or VCE (Vocational Major) student at a Victorian secondary school.

Career opportunities: Work in interior decoration retail outlets.

Certificate IV in Interior Decoration

MSF40122 **Full time (1 year), part time (2 years)** **February, July** **Chadstone**

Entry requirements: To be eligible, you must be at least 18 years of age and Holmesglen requires that applicants attend a pre-training review to determine their suitability for the program.

Career opportunities: Interior decoration consultant (interior styling and/or colour consultant), self employment working directly with clients, interior decoration consultant within the retail domestic environment (homewares, lighting, soft furnishings, kitchen and bathroom fit outs), junior interior designer.

PRINTING

Certificate III in Printing (Apprenticeship)

ICP31220 **Part time (4 years)** **Various** **At your workplace, Chadstone**

Entry requirements: To be eligible, students must be at least 17 years of age. As this is an apprenticeship, prior to enrolling or commencing training you will be required to have an Epsilon registration and signed contract with an employer, as well as a signed training plan with Holmesglen.

Career opportunities: Print machinist, printing operator, printing supervisor, screen printer.

Certificate III in Print Binding, Finishing and Packaging (Apprenticeship)

ICP31320 **Part time (3 years)** **Various** **At your workplace, Chadstone**

Entry requirements: To be eligible, students must be at least 16 years of age. As this is an apprenticeship delivery, prior to enrolment or commencement of training you will be required to have an Epsilon registration and signed contract with an employer and a signed training plan with Holmesglen.

Career opportunities: Ink mixer, mail house production worker, paper products machinist, print finisher, sacks and bags maker.

Certificate III in Prepress Graphic Design Production (Apprenticeship)

ICP31420 **Part time (3 years)** **February, July, October** **At your workplace, Chadstone**

Entry requirements: As this is an apprenticeship delivery, prior to enrolment or commencement of training you will be required to have an Epsilon registration and signed contract with an employer and a signed training plan with Holmesglen.

Career opportunities: Digital print manager, digital printer, pre-press supervisor, graphic designer.

Print Awareness

SIC0045 **4 evening sessions** **Various** **Chadstone**

Entry requirements: Students must be at least 16 years of age. Refer to our website for upcoming dates.

Our printing students learn in leading and industry-current training facilities at our Chadstone campus.

Scan the QR code to see where you can explore your printing career.

STUDY AREAS:

- Bricklaying and stonemasonry
- Building and construction management
- Building design and drafting
- Carpentry and joinery
- Civil construction
- Electrical
- Electricity Supply Industry (ESI)
- Engineering and fabrication
- Flooring, plastering and tiling
- Furniture and upholstery
- Glass and glazing
- Industrial skills training
- Painting and decorating
- Plumbing
- Renewable energy
- Work, health and safety

With major infrastructure and building projects underway across Australia, a building and construction job is your path to a successful trade career. Whether you're looking to upskill, reskill or start something new, we have training for all stages.

You'll be impressed by our facilities, including:

- Drummond Street's Victorian Tunnelling Centre, an Australian-first tunnelling training centre, which supports major builds like Metro Tunnel.
- Chadstone's Heating, Ventilation and Air Conditioning (HVAC) Centre, which is an international award winner in learning and development.
- Plus, our huge trade barn and workshop spaces at Chadstone, Moorabbin and North Melbourne.

APPRENTICE CENTRAL

Our award-winning support team can help you through every stage of your apprenticeship to ensure you have a positive training experience. They can help with employment issues, career advice, financial stress or hardship, and more.

START YOUR OWN BUSINESS

A building and construction course is a great way to start your own business. Many graduates have gone on to create their own companies and become leaders in their chosen field.

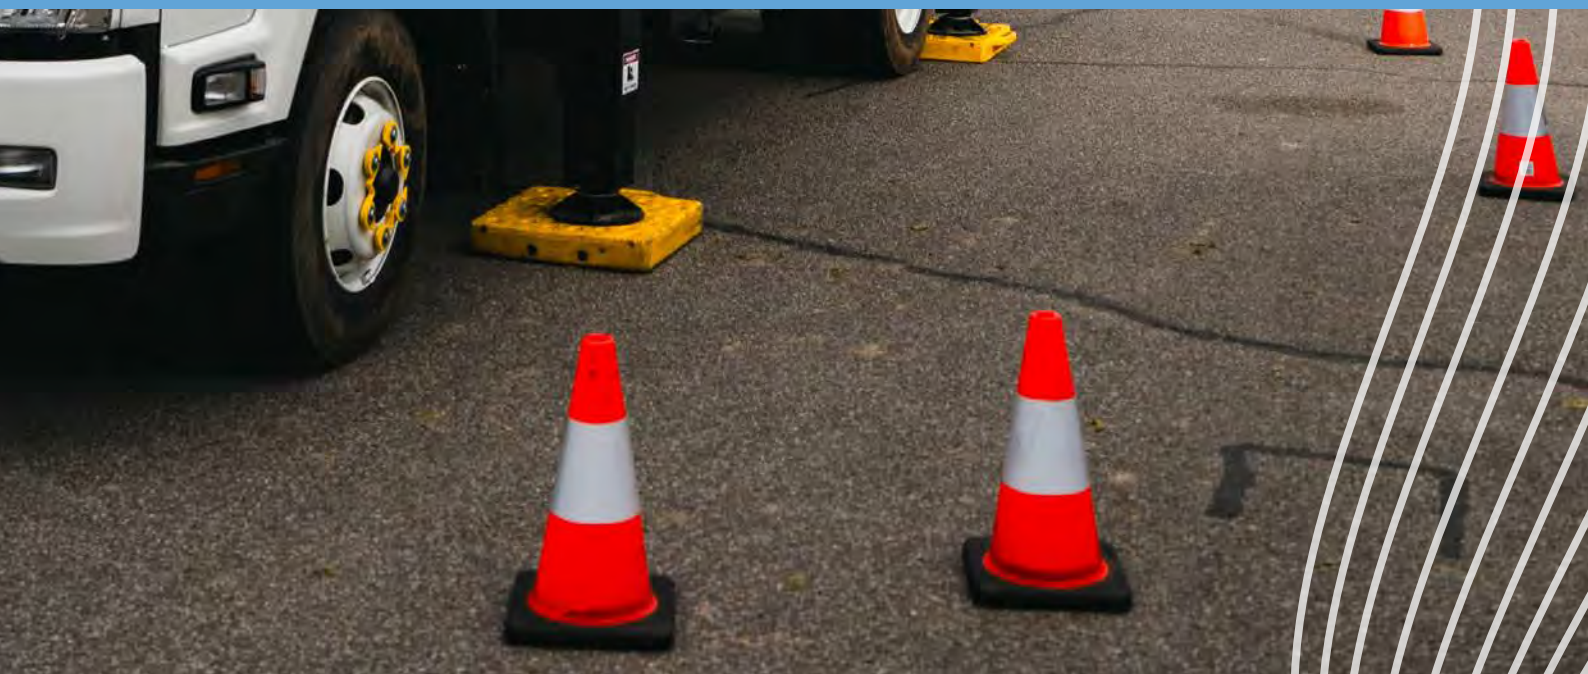

A LEADING WORKFORCE

A significant upgrade of our renewable energy training facilities is making us a leader in accredited solar energy short courses for licensed electricians.

BUILDING AND CONSTRUCTION

Holmesglen Awards celebrate the outstanding achievements of our students

Over 50 building, construction, design and electrotechnology learners were recognised at the 2024 ceremony attended by students and their families, employers and industry partners.

BRICKLAYING AND STONEMASONRY

Certificate III in Bricklaying and Blocklaying (Apprenticeship)

CPC33020 **Part time (3 years)** **Various** **Chadstone**

Entry requirements: Students must be at least 16 years of age. Students must have an employer and a valid apprenticeship contract in place prior to commencement.
Career opportunities: Bricklayer, blocklayer.

Certificate III in Stonemasonry (Apprenticeship)

CPC32320 **Part time (4 years)** **Various** **Chadstone**

Entry requirements: Students must be at least 16 years of age. Students must have an employer and a valid apprenticeship contract in place prior to commencement.
Career opportunities: Stonemason, landscaper.

BUILDING AND CONSTRUCTION MANAGEMENT

Certificate IV in Building and Construction (Building)

CPC40120 **Full time (1 year)** **February, July** **Chadstone**

Entry requirements: It is recommended that you are at least 18 years old and have completed Year 11. A strong interest in the building and construction industry is essential. Prospective students should also understand that successful completion of this course may lead to employment opportunities that require outdoor work, work at heights, or underground work and may involve physical labour.
Career opportunities: Registered builder, construction project supervisor, contract administrator, estimator, site supervisor, project coordinator, residential builder, building surveyor (with additional qualifications), building code compliance officer, renovation specialist, construction business owner/entrepreneur, building materials specialist.

Certificate IV in Building and Construction (Building) - Online

CPC40120 **Part time (1-2 years)** **February, April, July, October** **Online, Chadstone**

Entry requirements: It is recommended that you be at least 18 years old, have completed Year 12, and have a strong interest in the building and construction industry. A minimum of three years' experience in building and construction is required, as outlined below. This course is ideal for those looking to formalise varied building experience, whether as a registered tradesperson, builder, carpenter, or through on-the-job training in a related field. Current construction project managers with outdated qualifications can also benefit from this upskilling opportunity. All participants must have at least three years of recent building and construction experience (within the past five years), with exposure to on-site activities.
Career opportunities: Registered builder, construction project supervisor, contract administrator, estimator, site supervisor, project coordinator, residential builder, building surveyor (with additional qualifications), building code compliance officer, renovation specialist, construction business owner/entrepreneur, building materials specialist.

Diploma of Building and Construction (Building)

CPC50220 **Full time (2 years), part time (4 years)** **February, July** **Chadstone**

Entry requirements: It is recommended that you are at least 18 years old and have completed Year 12.
A strong interest in the building and construction industry is essential. Prior to enrolment or commencement of training you will be required to complete a literacy and numeracy assessment and a pre-training interview. These will assist with determining your suitability to the course, verify your training plan, and identify any learning support needs.
Career opportunities: Registered builder, construction project supervisor, contract administrator, estimator, site supervisor, project coordinator, project manager, construction manager, building consultant, residential builder, commercial builder, building surveyor (with additional qualifications), building code compliance officer, renovation specialist, construction business owner/entrepreneur, building materials specialist, specialist construction roles in quality assurance and safety.

Diploma of Building and Construction (Building) - Online

CPC50220 **Full time (2 years), part time (1.5 - 4 years)** **February, April, July, October** **Online, Chadstone**

Entry requirements: It's recommended that candidates are at least 18 years old and have completed Year 12. Additionally, having a strong interest in the building and construction industry and possessing adequate literacy and numeracy skills is important. Developed skills in Microsoft Word and Excel are an advantage. Prospective learners must meet the following criteria: Engage with an education manager for a Pre-Training Review (PTR) before enrolment to assess suitability for the online course. Have a minimum of 3 years of related building and construction experience within the past 5 years, with exposure to on-site activities. Construction experience may include, but is not limited to: Carpenter, plumber, electrician, estimator (take-offs and bill of quantities specialist), planner/scheduler (construction), contract administrator, project coordinator, engineer, architect/draftsperson, building inspector/surveyor.
Career opportunities: Registered builder, construction project supervisor, contract administrator, estimator, site supervisor, project coordinator, project manager, construction manager, building consultant, residential builder, commercial builder, building surveyor (with additional qualifications), building code compliance officer, renovation specialist, construction business owner/entrepreneur, building materials specialist, specialist construction roles in quality assurance and safety.

BUILDING DESIGN AND DRAFTING

Advanced Diploma of Building Design (Architectural)

22627VIC | **Full time (2 years), part time (average of 4 years)** | **February, July** | **Chadstone**

Entry requirements: It is recommended that you are at least 18 years old and have finished Year 12, or a mature learner, completing Year 11 or its equivalent and having a passion for the architectural building design industry.
Career opportunities: Building designer, CAD/BIM architectural technician, architectural draftsperson, architectural documentor, 3D visualiser.

CARPENTRY AND JOINERY

Certificate II in Construction Pathways

VET delivered to Secondary Students

CPC20220 | **Part time (2 years)** | **February** | **Chadstone**

Entry requirements: Enrolled as a VCE or VCE (Vocational Major) student at a Victorian secondary school.
Career opportunities: Carpentry apprentice, joinery apprentice, bricklaying apprentice, tiling apprentice, painting and decorating apprentice, shopfitting apprentice.

Certificate II in Building and Construction Pre-Apprenticeship (Carpentry)

VET delivered to Secondary Students

22614VIC | **Part time (2 years)** | **February** | **Chadstone**

Entry requirements: Enrolled as a VCE or VCE (Vocational Major) student at a Victorian secondary school.
Career opportunities: Carpentry apprenticeship, building trade apprenticeship. This course is delivered as a partial completion of the 22614VIC Certificate II in Building and Construction Pre Apprenticeship. Students will receive a statement of attainment for results completed.

Certificate II in Construction Pathways

CPC20220 | **Full time (3 months)** | **February, May, September** | **Chadstone**

Entry requirements: To be eligible, students must be at least 16 years of age.
Career opportunities: Carpentry apprenticeship, wall and floor tiling apprenticeship, bricklaying apprenticeship, joinery and shopfitting apprenticeship, painting and decorating apprenticeship.

Certificate II in Construction Pathways (Women in Trades)

CPC20220 | **Part time (1 weeks)** | **Various** | **Chadstone**

Entry requirements: To be eligible, students must be at least 16 years old. Prior to enrolment or commencement of training you will be required to complete a literacy and numeracy assessment and a pre-training interview. These will assist with determining your suitability to the course, verify your training plan, and identify any learning support needs.
Career opportunities: Carpentry apprenticeship, wall and floor tiling apprenticeship, joinery and shopfitting apprenticeship, painting and decorating apprenticeship.

Certificate II in Building and Construction Pre-Apprenticeship (Carpentry)

22614VIC | **Full time (13 weeks)** | **Various** | **Chadstone**

Entry requirements: To be eligible, you must be at least 16 years of age.
Career opportunities: Apprentice carpenter, trades assistant in the building industry, labourer.

Certificate III in Carpentry

CPC30220 | **Full time (1 year)** | **February, July** | **Chadstone**

Entry requirements: To be eligible, students must be at least 22 years old and have worked in the industry for at least 2 years. For students applying with an international VISA they must be 18 years of age to be eligible.
Career opportunities: Carpenter.

Certificate III in Carpentry (Apprenticeship)

CPC30220 | **Part time (4 years)** | **Various** | **Online, Chadstone**

Entry requirements: Applicants must be at least 16 years old. As this is an apprenticeship delivery, all students must have an employer and a valid Apprenticeship Contract in place prior to commencement.
Career opportunities: Carpenter, joiner.

"It's been really great having teachers who have recognised how passionate I am. They went above and beyond and even got me a scholarship and help from student services when I struggled through a tough time."

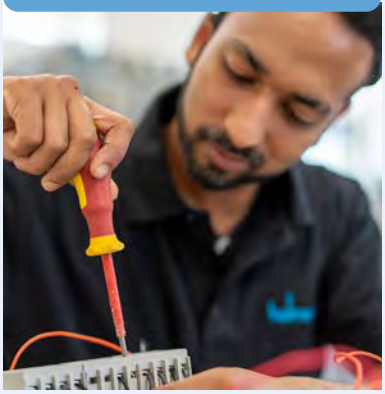

Rebecca Niclasen
Certificate III in Carpentry

Winner of the 2024 Master Builders of Victoria Inspiration Award, Rebecca's commitment to her trade had her working until the end of her pregnancy, proving that parenthood and a career in trades can coexist. Her resilience makes Rebecca an extraordinary apprentice and role model for others in the industry.

Did you know a Free TAFE pre-apprenticeship course can spark your electrical career?

The UEE22020 Certificate II in Electrotechnology (Career Start) is an ideal entry point for people wanting to gain electrical industry knowledge. This includes an understanding of lighting, general power, fire protection and security, robotics, instrumentation, optical data and voice systems, electrical motors and control systems.

A pre-apprenticeship gives learners an insight into the industry they want to work in and builds a foundation of skills for an apprenticeship.

CIVIL CONSTRUCTION

Work Safely at Heights

HSSRII0001 **Full time (1 day)** **Various** **Drummond St Chadstone**

Entry requirements: Minimum 16 years of age. Prepare to work safely in the construction industry (White Card). At least 3 months work experience in civil construction or infrastructure industries.
Career opportunities: Operational roles at work sites within civil construction, coal mining, drilling, extractive industries and metalliferous mining where they are required to perform work at heights.

Civil Construction Excavator Operations

HSSRII0007 **Full time (1 week)** **Various** **Drummond St Chadstone**

Entry requirements: Minimum 16 years of age. Prepare to work safely in the construction industry (White Card). At least 3 months work experience in civil construction or infrastructure industries.
Career opportunities: Participants who complete the unit can seek employment in excavator operation.

Conduct Civil Construction Skid Steer Loader Operations

HSSRII0010 **Full time (1 week)** **Various** **Drummond St Chadstone**

Entry requirements: Construction Induction Card (CPCWHS1001 Prepare to work safely in the construction industry). At least 6 months work experience in civil construction or relevant industry. Plant ticket for roller or other mobile plant. Current employment in relevant industry and referral from employer. Minimum 18 years of age.
Career opportunities: Participants who complete the unit can seek employment in skid steer loader operations.

Conduct Roller Operations

HSSRII0012 **Full time (1 week)** **Various** **Drummond St Chadstone**

Entry requirements: Construction Induction Card (CPCWHS1001 Prepare to work safely in the construction industry). At least 6 months work experience in civil construction or relevant industry. Current employment in relevant industry and referral from employer. Minimum 18 years of age.
Career opportunities: Participants who complete the unit can seek employment in roller operations.

Load and Unload Plant

HSSRII0013 **Full time (2 days)** **Various** **Drummond St Chadstone**

Entry requirements: Minimum 18 years of age. Construction Induction Card (CPCWHS1001 Prepare to work safely in the construction industry). At least 12 months employment experience in civil construction or relevant industry. At least 6 months experience as a mobile plant operator. At least 1 plant ticket. Current employment in relevant industry and referral from employer.
Career opportunities: Participants who complete the unit can perform mobile plant loading and unloading responsibilities within their job role.

Certificate III in Civil Construction (Traffic Management) Traineeship

RII30920 **Part time (1 year)** **February, July** **Drummond St Chadstone**

Entry requirements: Students must be at least 17 years old and employed as a trainee in the civil construction industry or a related business. A trainee contract must be in place, signed by Holmesglen, the trainee, and the employer. Students must also hold a WorkSafe Victoria construction industry induction white card. If needed, Holmesglen offers industry card training at an additional cost.
Career opportunities: Upon successful completion of the program, participants will be qualified to work in traffic management and traffic control roles.

Certificate III in Civil Construction (General) Apprenticeship

RII30920 **Part time (3 years)** **February, April, June, August, October** **Drummond St Chadstone**

Entry requirements: Employed in the civil construction industry or related business. Hold Worksafe Victoria construction industry white card. Holmesglen will provide the industry card training at additional cost if required. An apprenticeship (Epsilon) training contract is in place and signed by Holmesglen, apprentice and employer. Minimum 17 years of age.
Career opportunities: Labourer, plant operator, leading hand, ball chain gang.

Trenching and Shoring Skill Set

CONISS021 **Full time (2 days)** **Various** **Drummond St Chadstone**

Entry requirements: Minimum of 16 years of age. Prepare to work safely in the construction industry (White Card).
Career opportunities: Positions in the NBN installations, water main excavation and civil construction industry, civil construction labourer.

ELECTRICAL

Certificate II in Electrotechnology (Career Start)

VET delivered to Secondary Students

UEE22020 **Part time (2 years)** **February** **Moorabbin**

Entry requirements: You must be enrolled as a VCE or VCE (Vocational Major) student at a Victorian secondary school. In addition, learners must be at least 16 years of age when enrolling in the program. This requirement meets the minimum age requirements for training and working in the Electrotechnology field in Victoria, determined by Energy Safe Victoria (ESV). This course requires at least Year 10 mathematical knowledge, and is not recommended if you find mathematics at this level challenging.
Career opportunities: Apprentice electrician, apprentice electrical fitter, apprentice air conditioning and refrigeration mechanic, renewable energy systems installer, electrical engineering technician, renewable energy sales and support roles.

Certificate II in Electrotechnology (Career Start) Pre-Apprenticeship

UEE22020 **Full time (9 weeks), part time (18 weeks)** **Various**
Moorabbin, North Melbourne

Entry requirements: To be eligible, students must be at least 16 years of age. Holmesglen recommends learners have a minimum of Year 10 level English and Mathematics; Year 11 is highly recommended. This course is not recommended if you find mathematics at this level challenging.
Career opportunities: Apprentice electrician, apprentice electrical fitter, apprentice air conditioning and refrigeration mechanic, renewable energy systems installer, electrical engineering technician, renewable energy sales and support roles.

Certificate III in Appliance Service (Apprenticeship)

UEE32120 **Part time (4 years)** **Various** **Moorabbin**

Entry requirements: As a requirement for this program, Holmesglen requires learners to be engaged in a Appliance Service Apprenticeship. In addition, learners must be at least 18 years of age when enrolling in the program. Note: For specific units of competency within this program, apprentices are required to possess a TL000 - Trainee Refrigeration and Air Conditioning Licence. This license, granted by the ARC, enables apprentices to work on air conditioning and refrigeration equipment, as well as handle refrigerants during classroom-based training and/or assessments, under supervised conditions at their workplace. The supervisor must be the holder of a licence that entitles them to engage in work for which the licensee is being trained.
Career opportunities: Appliance Service Technician.

Certificate III in Electrotechnology Electrician (Apprenticeship) Telecommunications

UEE30820 **Part time (4 years)** **Various** **Moorabbin, North Melbourne**

Entry requirements: To be eligible, students must be at least 16 years of age. Holmesglen requires all applicants to be engaged in an Electrical Apprenticeship. You must be signed up as an Apprentice with your chosen employer and have a Delta number stating Holmesglen is your selected training provider.
Career opportunities: Electrician.

Certificate III in Electrotechnology Electrician (Apprenticeship) Renewable Energy

UEE30820 **Part time (4 years)** **Various** **Moorabbin**

Entry requirements: Holmesglen requires all applicants to be engaged in an Electrical Apprenticeship. You must be signed up as an Apprentice with your chosen employer and have a Delta number stating Holmesglen is your selected training provider. In addition, you must be at least 16 years of age when enrolling in the program. It is recommended that applicants have completed Year 11 or equivalent and have a minimum of Year 10 English and Mathematics.
Career opportunities: Electrician, Grid Connected PV Installer.

Certificate III in Electrical Fitting (Apprenticeship)

UEE33020 **Part time (3 years - 4 years)** **Various** **Moorabbin, North Melbourne**

Entry requirements: Learners must be at least 16 years old to enrol. All learners must be engaged in an Electrical Fitting Apprenticeship. You need to be signed up as an Apprentice with your employer and have Holmesglen as your chosen training provider. This age requirement aligns with Energy Safe Victoria (ESV) guidelines for training and working in the Electrotechnology field in Victoria..
Career opportunities: Licensed electrical fitter.

"I've done both uni and TAFE and I couldn't recommend TAFE more highly. The skills that I learned at Holmesglen have been completely transferable to my own career, which you can't really get at uni. If you want to get more practical, hands-on skills, I highly recommend studying at Holmesglen."

Emma Jepsen
Certificate III in Electrotechnology Electrician

While pursuing a Commerce degree at uni, Emma decided to challenge herself with an Electrical apprenticeship and discovered a career she's really passionate about. She enjoys breaking barriers being a female electrician and actively encourages other females to enter the field.

ELECTRICITY SUPPLY INDUSTRY (ESI)

Certificate III in ESI - Rail Traction (Apprenticeship)

UET30721 | **Full time (4 years)** | **February, March** | **Drummond St Chadstone, workplace**

Entry requirements: Holmesglen requires all learners to be employed with an ESI provider, and registered in an ESI Apprenticeship agreement. Applicants must be at least 16 years old to enrol in the program to meet the minimum age requirements for training and working in the Electrotechnology field in Victoria, determined by the regulators Energy Safe Victoria (ESV).
Career opportunities: Rail traction lineworker.

Certificate III in ESI - Distribution Overhead (Apprenticeship)

UET30621 | **Full time (4 years)** | **February, March** | **Drummond St Chadstone**

Entry requirements: Holmesglen requires all learners entering this course to be employed by a provider in the electrical supply industry, powerline industry sector, and registered as an apprentice working with an ESI provider. Applicants must be at least 16 years old to enrol in the program to meet the minimum age requirements for training and working in the electrotechnology field in Victoria, determined by the regulators Energy Safe Victoria (ESV).
Career opportunities: Electrical linesworker.

Certificate III in ESI - Distribution Underground (Apprenticeship)

UET30821 | **Full time (4 years)** | **February, March** | **Drummond St Chadstone, workplace**

Entry requirements: Holmesglen requires all learners to be employed with an ESI provider, and registered in an ESI apprenticeship agreement. Applicants must be at least 16 years old to enrol in the program to meet the minimum age requirements for training and working in the electrotechnology field in Victoria, determined by the regulators Energy Safe Victoria (ESV).
Career opportunities: Powerline Cable Jointer in the electricity transmission and distribution sector.

ENGINEERING AND FABRICATION

Certificate II in Engineering Studies - Fabrication

VET delivered to Secondary Students

22632VIC | **Part time (2 years)** | **February** | **Moorabbin**

Entry requirements: Enrolled as a VCE or VCE (Vocational Major) student at a Victorian secondary school.
Career opportunities: Heavy earth moving equipment, mining equipment, pressure vessels, pipework, automotive/truck body building, duct work, shipbuilder/boats/submarines, aircraft, structural work.

Certificate II in Engineering Studies (Pre-Apprenticeship)

22632VIC | **Full time (3 months)** | **February, July** | **Moorabbin**

Entry requirements: To be eligible, students must be at least 16 years of age.
Career opportunities: Metal fabrication trades person, boilermaker welder, sheet metal worker, arc welder.

Certificate III in Engineering - Fabrication trade (Apprenticeship)

MEM31922 | **Part time (3 years)** | **February, April, July, October** | **Moorabbin**

Entry requirements: To be eligible, students must be at least 16 years of age. Holmesglen requires all applicants to be registered in an engineering apprenticeship arrangement with an employer in the metal, engineering, manufacturing and associated industries. Applicants must have a training contract with their employer, this contract must be registered with the VRQA and the apprentice must have been issued with an Epsilon number. Holmesglen recommends all applicants have a minimum of Year 10 English and Mathematics.
Career opportunities: Metal fabrication tradesperson, boilermaker welder, sheet metal worker, arc welder.

Certificate IV in Engineering (Fabrication and AutoCAD)

MEM40119 | **Part time (26 months)** | **February, April, July, October** | **Moorabbin**

Entry requirements: To be eligible, you must be at least 16 years of age. While there is no qualification entry requirement, it is assumed you are already a tradesperson with access to structured on- and off-the-job training. It is recommended that applicants have completed Year 11 or equivalent, due to the literacy and numeracy requirements of engineering studies. It is recommended that learners wanting to enrol in this qualification contact the Engineering department to discuss the entry requirements.
Career opportunities: Engineering/manufacturing tradesperson, Special Class Level II employment as a higher engineering tradesperson/advanced metal fabricator within the engineering, fabrication, manufacturing and associated industries.

“Holmesglen provided the perfect [apprenticeship] training ground, combining hands-on experience with theoretical knowledge that prepared me for the demands of my industry.”

Kyle Svikulis
Certificate III in Plumbing

Winner of the prestigious National AMCA Apprentice of the Year award in 2023, Kyle enjoyed his experience at Holmesglen Institute undertaking six streams, learning practical skills through hands-on activities.

Reflecting on his course, Kyle believes the mentoring program at Holmesglen contributed greatly towards his success and being job ready for the industry.

He considers working on the Metro Tunnel project the highlight of his work experience.

- Nursing
- Pathology and laboratory testing

Nursing, community and health sciences offer a variety of exciting opportunities in a fast-growing sector.

Holmesglen is one of the only TAFEs in Australia that offers its own Bachelor of Nursing – delivered from our Moorabbin campus health precinct. Our state-of-the-art simulation facilities and partnership with Holmesglen Private Hospital gives you practical experience and a window into your future career.

Our Bourke Street campus also gives the next generation of nurses the chance to complete their diploma training in the heart of Melbourne.

In addition to nursing, we offer courses in allied health, community services, dental, disability, justice, pathology and lab testing.

INDUSTRY LEADER

We are past winners at the Victorian Training Awards and Australian Training Awards. Plus, our Moorabbin campus houses the award-winning Holmesglen Private Hospital.

PLACEMENTS

We run nursing fellowships and placements with many Victorian healthcare providers. Our partnership with the Royal Children's Hospital has increased employment outcomes for young people with disability.

INNOVATION LEADER

A Veski and Study Melbourne Research Partnerships Program with Canada's Northwestern Polytechnic is developing the next generation of healthcare workers in Australia and overseas.

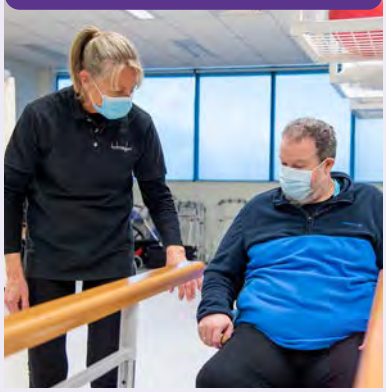

NURSING, COMMUNITY AND HEALTH SCIENCES

Our aged care certificate courses are on the Free TAFE list, giving you greater access to the nationally accredited qualifications needed for entry into the in-demand healthcare workforce.

ONGOING COLLABORATION TO STRENGTHEN THE EARLY CHILDHOOD EDUCATION AND CARE SECTOR

Holmesglen In Focus, is a series of industry events aimed at fostering thought leadership and generating valuable insights, reinforcing our commitment to strengthening connections with our industry partners.

The inaugural event took place in November 2024, featuring a panel discussion led by experts in Early Childhood Education (ECE). The session delved into leadership challenges currently facing the sector, offering practical strategies and solutions. The event attracted nearly 50 early childhood professionals, with over 40% attendees in managerial roles.

Held at Zest Restaurant, the event provided attendees with an opportunity to connect over morning tea and lunch, expertly prepared and served by our talented hospitality learners.

"Holmesglen's ECE programs are recognised for their partnership with the sector and this event serves to endorse and further enhance our relationships. The ECE department will continue to support the development of leadership across the sector, through our face to face, part time and traineeship diploma programs, producing the leaders of tomorrow."

Tom Stafford.
Head of Early Childhood Education

STUDY AREAS:

- Conservation and ecosystem management
- Floristry
- Horticulture

Our horticulture and environment courses prepare you to become a sustainability champion and preserve the natural world around us.

From a florist to landscape designer to Landcare worker, our qualifications offer clear pathways to employment or further study.

AWARDS, COMPETITIONS AND EVENTS

Our students are past award winners at industry competitions and events, including Melbourne International Flower and Garden Show and WildFlowers Australia.

LEARN IN REAL-WORLD ENVIRONMENTS

Conservation and land management students enjoy memorable learning opportunities, including field trips to destinations such as French Island, Grampians National Park, Cape Otway National Park, Lake Eildon and Murray Sunset region.

MAKING A DIFFERENCE

Our conservation and ecosystem management courses are run jointly with public land management agencies, which may include Mornington Peninsula Shire, Kingston City Council, Parks Victoria, and the National Trust of Victoria.

HORTICULTURE AND ENVIRONMENT

"Studying at Holmesglen has been really fun. We get to do excursions often as part of our coursework and a lot of special connections have been made here."

Sara Terry
Certificate III in Conservation and Ecosystem Management

Since joining Holmesglen, Sara has been selected as a Birrurung Ranger, to receive professional development in waterway monitoring and attained General Fire Fighting Accreditation (2024). She has also contributed to development on future Narrap projects and been selected as a panelist for From The Ground Up Film Festival representing Narrap Rangers.

CONSERVATION AND ECOSYSTEM MANAGEMENT

Certificate IV in Conservation and Ecosystem Management

AHC40924 | **Full time (1 year), part time (2 years)** | **February, July** | **Glen Waverley**

Entry requirements: To be eligible, students must be at least 18 years of age. Prospective learners should also have the physical capacity to be able to successfully undertake fieldwork where they may be required to carry light equipment as part of class work and assessments on field trip days. STUDY AREAS:

- Fitness and recreation
- Natural therapies (beauty and nutrition)
- Sport

Holmesglen's sport business and sports media degrees are highly regarded and connected to industry. They give you invaluable work experience at Australia's leading sporting organisations.

Our practical courses include fitness, recreation, nutrition and beauty services.

JOB OUTCOMES

Sports media and sport business learners benefit from our integrated practical placement program. Many have gone on to work at organisations including Fox Footy, Tennis Victoria, Hockey Australia and various AFL clubs.

INNOVATIVE PARTNERSHIPS

Together with St Kilda Football Club, we deliver a sports program that gives sport development students special access to the Saints' inner sanctum.

SPECIALIST INDUSTRY TRAINING

With our SIS50421 Diploma of Outdoor Leadership you'll learn to lead groups in coastal, alpine, desert and mountain environments across south eastern Australia.

SPORT, FITNESS AND WELLBEING

From Melbourne to Las Vegas and Los Angeles, our sport degree learners embarked on an unforgettable journey in 2024, immersing themselves in the heart of American sport culture.

The US study tour has included:

- Exclusive access to NHL organisations, getting a behind-the-scenes look at professional ice hockey operations.
- Exploring iconic NFL stadiums.
- Meeting and connecting with our study abroad partners at the University of Nevada, Las Vegas (UNLV).

Watch more about our study abroad partnership with UNLV and the experience of our learners here.

CREATE YOUR PATHWAY
Many VET Delivered to Secondary Students programs offer clear study pathways into our certificates, diplomas and degrees.

STUDY TYPE
Assessment is competency based, not graded, so you'll really experience what it's like after high school.

VOCATIONAL EDUCATION AND TRAINING (VET) DELIVERED TO SECONDARY STUDENTS

"Most of my life, I hated being in school, Holmesglen felt like family. The learning environment was really good, all the teachers were helpful and it's the only schooling I fully enjoyed."

Sebastian Kastrup
VCE Vocational Major

Sebastian discovered a love for learning at Holmesglen and with extra support from his teachers, he grew in confidence, his ability to focus and public speaking skills. Delivering the Year 12 Graduation farewell speech on behalf of himself and his peers was a winning moment for Sebastian and a testament to his academic and personal growth.
