STUDENT PATHWAY

CEC is an Online Testing School
We ask all new students to take our online placement test before travelling to Ireland. This allows our academic team to place you in the correct level and take you to class immediately on your first day. A member of the academic team monitors all tests and is available if you need help or have any questions.

Students' First Day
We ask students to arrive at our Adult Centre by 8:30 am on their first day for a welcome presentation with the CEC team where students receive important information about the school and their timetable. Students who have taken the online test are taken directly to class to meet their teachers. CEC's classes follow the Council of Europe Common European Framework for Languages (CEFR) and we offer classes from A2 to C2.

Progress
Our qualified and experienced teachers use a variety of published and authentic materials to help students progress as quickly as possible. Teachers and academic management meet regularly to discuss each student's progress. Each week the teachers hold a short meeting with each student, giving feedback and advice on how to improve. There is also a brief progress test each Friday. When a student is ready to move up to the next level, they will join their new class on Monday.

Methodology
The method of teaching used at CEC is the communicative approach. Our aim is to enable students to communicate more effectively in English both with native speakers and speakers of English from other countries. CEC's courses include work on grammar, vocabulary, pronunciation, and the skills of listening, speaking, reading and writing. Special emphasis is given to communicating effectively and accurately, and error correction plays an important role in classes. All of our course levels are mapped to the Common European Framework of Reference for Languages and have clear learning outcomes. These learning outcomes are what the students can do with the language. Students can see the learning outcomes for each week on the scheme of work in their classrooms and can discuss these with their teachers.

Afternoons
Students can use the Common Room in the afternoons to borrow a wide range of materials including both educational and recreational books, and supplementary materials to give additional practice to the language covered in their course. They can avail of our free Internet access to keep in touch with their friends and family or relax with other students. Students can choose from several elective courses in the afternoon.

CEC Online
All Adult & Young Adult students have access to CEC Online, our integrated E-Learning platform. CEC Online is accessed through www.corkenglishcollege.com and offers students thousands of additional learning exercises as well as the ability to view & register for our weekly activity & social programme.

Course Certificate
On completion of the course, students will receive a CEC Course certificate. An academic report is also sent to the student's CEC Online account.

Did you know?

The most popular study programmes related to English for Military Purposes are the NATO STANAG (Edition 3) SLP 3 and SLP 4 Certificate courses. Duration of the course is normally 4 - 7 weeks; however, CEC Military English courses can be tailored to meet the precise requirements of particular sponsors. The maximum class size is 10 Officers/SNCOs.

Courses include excursions to professional and cultural places of interest and include presentations on specialized subjects. To date, the CEC military cadre has enjoyed considerable success, and courses run year-round. A high proportion of students attain passes at SLP 3 and SLP 4 levels, which allows them to subsequently establish themselves in international roles with ease and confidence. Selected courses are conducted for VIPs and personnel of high rank only.

Sponsored Students

Sponsors should contact CEC with a Statement of Requirement, which must detail the number of course participants, their respective English language skills levels and the precise training objectives. CEC will then respond with a detailed, comprehensive, and tailored Training Proposal.

ADULT PROGRAMME 2027

AVIATION ENGLISH - AEP

Course Aim

To improve and consolidate communication, grammar skills, standard phraseology, routine language, and listening and speaking skills necessary to achieve minimum ICAO level 4.

Course Description

This course is designed to strengthen the key skills needed in aviation communication: listening, spoken interaction, spoken production, and pronunciation. Lessons focus on improving overall communication ability, reviewing essential grammar, and practising plain English alongside the standard phraseology used in routine aviation situations.

Students will build confidence in both routine and non-routine communications, while developing their grammar, vocabulary, and pronunciation. Specialised Aviation English modules place particular emphasis on applying plain English in aviation contexts and practising ICAO-standard phraseology in real-world scenarios.

The course is ideal for learners who need to strengthen or refresh their knowledge of aviation language in order to reach minimum ICAO Level 4 (ICAO Course 291).
