Teaching and learning

At Warwick, you'll be immersed in a learning community of brilliant minds, varied cultures and ambitions.

Our expert teachers share your curiosity and passion for their subject, bringing their boundary-breaking research into the classroom. They'll learn from and alongside you, challenging you to think critically and differently, in a supportive, inclusive environment.

You'll encounter new perspectives and develop new skills through your subject, the people you meet, and the opportunities on campus and beyond. You'll also be joining a university with purpose - a place where discovery drives meaningful change. From tackling society's most pressing challenges to creating innovative business solutions, Warwick is shaping the future. Here, tomorrow's leaders, thinkers, and creators are born.

Gold

Gold, the highest possible rating across all three categories (student experience, student outcomes, and overall)

(Teaching Excellence Framework 2023)

We are investing

£**700m**

in our campus to facilitate **bold, world-leading and collaborative** education and research

Learn about our
Connect Programme

Our teaching

- World-class academic staff
- Flexible learning facilities
- We work together to shape your teaching and learning experience
- Study modules from outside your department, such as from our Institute for Advanced Teaching and Learning (IATL) or Warwick Business School (WBS) with our Gateway to Business modules
- Build your subject knowledge and develop skills that will take you further
- Carry out your own research
- Learn a language
- Personal tutor for academic support and guidance

Meet our inspiring teachers

Our research

We're one of the world's leading research-intensive universities, internationally renowned for our impactful, provocative work to help make our world a healthier, fairer and safer place.

As part of our dynamic research community, you'll gain the tools to influence policies, spark innovation, and create meaningful change. You'll be empowered to tackle complex challenges, such as revolutionising medical diagnostics, designing future cities and connecting communities through culture and the arts.

Be a part of something bigger, transforming the world through research.

Explore our research

Our research at a glance

- WMG's research helps ensure a 'second life' for Nissan's EV batteries
- Digital scanning brings ancient Venetian artifacts to life
- Answering the question: can money really buy you happiness?
- Groundbreaking technology 'sniffs out' infection
- Creative Cures: How we're using culture to inspire change

Exceptional research opportunities

Whether you're investigating independently or as part of a team, you'll be at the forefront of academic discovery.

- Pursue your own research, with support from some of the world's top academics
- Through our Undergraduate Support Scheme, get funding and skills training to undertake cutting-edge research
- Take part in the International Conference of Undergraduate Research

Bridging research and industry

Warwick's research doesn't just stay in the classroom - it drives real change across the globe, shaping policies, transforming industries and empowering communities. With over 60 pioneering research centres spanning our three faculties, we're a hub of innovation where world-class academics collaborate.

- Our research expertise is heavily invested in by leading UK and international companies, so we can continue to improve and develop our world-class facilities
- Unlock powerful connections in business and industry. Our researchers are tackling local and global injustices and are at the forefront of creating bold, evidence-based solutions

92%

OF OUR RESEARCH

is 'world leading'
or 'internationally excellent'

(Research Excellence Framework 2021)

Global perspectives

Our global reach provides exciting opportunities internationally. Our teaching base in Venice, Italy and close partnership with Monash University in Australia, highlight our commitment to fostering diverse, interdisciplinary collaborations.

- Intercalated year option (extending the length of your degree) available in many departments to work or study overseas
- Study abroad can be built into your course
- University partnerships in more than 40 countries in Europe, North America, South America, Australasia and East Asia

Your career

Studying at Warwick will help you build the knowledge and experience to excel in your future career.

You'll develop in ways beyond the academic challenge, learning new skills that will enhance your employability in the workplace. We'll be here to support you in reflecting on these experiences and articulating them to employers.

Careers support

- Connect with approximately 300 employers from a broad range of sectors at careers fairs, employer presentations and workshops
- Develop employability skills, gain valuable experiences and make the most of all the great opportunities available
- Bespoke support from departmental careers consultants with an in-depth understanding of your subject
- Access to thousands of job vacancies over a wide-range of sectors, targeted specifically at Warwick students
- CV writing, application advice, interview and assessment centre preparation
- Support finding work placements and internships
- Careers support offered for students who are neurodivergent, and events for students who are blind or partially sighted
- Support to start an enterprise

Work experience opportunities

- Opportunities to work or volunteer on campus, in the local community or overseas
- You have the option to apply for a work placement or year out for work experience to undertake work-based learning

After graduation

You'll be joining a community of like-minded learners, so that when you graduate, you'll be:

- An innovative and creative problem-solver
- Analytical, critical and willing to challenge
- Highly valued by society, sought after by global graduate employers
- Entrepreneurial, ambitious and high-achieving

Graduate benefits

Support and opportunities available to our alumni include:

- Employability support two years after graduation, including access to careers appointments and job vacancies
- Career coaching and mentoring via our WarwickGrad platform
- Access to our exclusive professional networks across the globe
- Access to campus facilities including the Sports and Wellness Hub and Library
- 10% alumni discount for selected postgraduate courses

Campus life

Our community

Join our close-knit community of staff and students from all over the world. Our campus provides the perfect environment to forge connections and express your individuality.

Share a campus

- Live and learn alongside students and staff from around 150 countries
- Meet new friends and share experiences
- Take part in our Warwick Presents activities to help you make the most of your University experience, meet new people or just have fun
- Our campus comes to life with One World Warwick, with a month of events and activities celebrating our diverse campus community
- Come together to celebrate cultural festivals and holidays

Campus life

Share your time

- Build connections with our local community with Warwick Volunteers, or outreach work with your department
- Become a Student Ambassador and share your experiences with prospective students

Share your voice

- Warwick Students' Union (SU) – run by students, for students, the SU is central to life on campus, providing representation, support and social activities
- National Student Survey (NSS) – each year, we use feedback from final year students to improve the student experience for everyone

Student societies

Societies play a huge part in community life at Warwick.

Getting involved in societies and clubs provides endless opportunities to make lifelong friends, explore your passions, try something new, as well as enhance your employability skills.

Offered through the Students' Union, explore our diverse range of societies across categories including:

- Academic
- Activities and games
- Campaigning (welfare, charity and action)
- Cultural, religious and belief
- Food and drink
- Film, media, music and performance

Accommodation

Living on campus allows you to get the most from your experience at Warwick, make new friends and try new things.

Campus accommodation features

- A wide variety of self-catered residences, with all our campus facilities only a short distance away
- Enjoy the freedom of independent living, with support available should you need it
- Securing your campus accommodation is an easy process, with a simple online application
- Approx. 7,000 rooms to suit different budgets (ranging from £125 to £250 per week 2025/26), with shared bathroom and en-suite room options
- Residential Community Team (RCT) will help you settle in, make friends and offer support. The team also host free social events throughout the year
- Community Safety Team available 24/7
- If you require specific adaptations to your accommodation, we can help to make sure your room meets your needs
- No application fee, deposit or guarantor required. Utility bills, Wi-Fi and contents insurance included for all our residences owned and managed by us

Explore our residences,
including our 360° tours

Accommodation guarantee

We guarantee university-allocated accommodation for all new full-time first year undergraduates, provided that you've accepted an offer from Warwick as your 'firm' (first) choice.*

Eligible students who meet all our conditions will be guaranteed an offer of university-allocated accommodation, which in the vast majority of cases will include a room in university-owned campus residences or, in the event of high demand, partnership accommodation near to campus.

* This guarantee is applicable for the 2025/26 academic year and may change in future years. Please check our Allocation Principles for up to date information before you apply. You must meet the criteria and apply for accommodation by the deadline noted. Please note, the guarantee does not apply to candidates for either the MBChB (a graduate-entry course) or Degree Apprenticeship courses.

Jack Martin

After your first year

- You can book campus accommodation throughout your studies, with the option to live on campus with a group of friends
- You can also live off campus, with many of our students opting to live in Coventry, Leamington Spa or Kenilworth
- To find accommodation off campus, use Warwick Studentpad to browse properties, chat to students and liaise with landlords
- Our accommodation team and Warwick Students' Union provide housing guidance and support to help you understand all your accommodation options

Arthur Vick

Claycroft

Local area

Studying in the West Midlands puts you in the perfect central location to access lively cities and picturesque countryside, offering you the best of both worlds. Immerse yourself in...

Kenilworth Castle

Rich culture

Our local area is brimming with historical sites – from nearby Coventry Cathedral and Medieval St. Mary’s Guildhall, to Warwick and Kenilworth Castles. Venture a little further out and you’ll find the medieval market town Stratford-upon-Avon, birthplace of William Shakespeare and steeped in hundreds of years of English history.

Looking for live drama, musicals, dance, comedy and concerts? You’re spoilt for choice with Coventry’s Belgrade and Albany Theatres, Leamington Spa’s Royal Spa Centre, and Birmingham’s iconic Hippodrome and Symphony Hall plus The Old Rep, a youth driven theatre situated in the centre of Birmingham – all offering a dynamic cultural calendar of events.

Vibrant nightlife

With two major city centres on your doorstep – Coventry and Birmingham – you’ll enjoy a diverse nocturnal scene. Whether you’re looking for bustling rooftop bars and nightclubs or music venues, such as at HMV Empire or Birmingham’s arenas, Reflex Birmingham and the very popular O2 Academy, there’s something here for everyone.

And, for more intimate settings, the popular student town of Leamington Spa boasts an array of independent bars, restaurants, and pubs.

Food, drink, shopping and entertainment

West Orchards, the Bullring and Grand Central, and Bicester Village are all great shopping options for a mix of high street brands, independent shops, and markets. Vintage clothes and original artwork shops are nestled in Fargo Village, and you’ll also find cinemas and a huge ice-skating rink in Coventry’s centre.

With Digbeth Dining Club events, and various food and drink festivals popping up across the Midlands, particularly in the summer, you can sample delicious street food, and enjoy artisan food and drink.

For fans of top-tier football, Coventry City FC is right on your doorstep, while Birmingham is home to a Premier League team – Aston Villa. The city also plays host to world-class cricket, tennis, and athletics events, offering an exciting sports scene all year long.

Lady Godiva

Fargo Village

Birmingham centre

Beautiful countryside

Our very own campus encompasses Tocil Wood Nature Reserve and a peaceful cycle path leading to the Kenilworth Nature Reserve. In Coventry’s War Memorial Park, you’ll find historic landmarks, sculptures, gardens, and it also hosts the yearly Godiva music festival.

Explore Leamington Spa’s colourful Victorian park, Jephson Gardens, which includes formal gardens, grassy areas, and a glasshouse filled with tropical plants. And with the Leam Boat Centre located next to Jephson Gardens, you can also kayak or paddleboat down the river Leam.

Support

Whatever you need, you'll always find advice within reach, and support will be available throughout your student journey.

Wellbeing and advice

- Wellbeing and Student Support (WSS) provide a range of services to help you develop the personal resources and skills to navigate the challenges and opportunities of student life
- A brief consultation with our Wellbeing and Student Support Team will enable you to access our service and explore best options and next steps, such as a wellbeing appointment or counselling
- The Residential Community Team provide 24/7 support and guidance for those living on campus, and our Community Safety Team protect the safety and security of everyone who lives, works and studies at Warwick, 365 days a year
- We provide advice, information and support to disabled students, including those with a specific learning difficulty or a long-term health condition (including mental health conditions). Our Specialist Advisers will assist in providing information and arranging appropriate support to enable you to learn effectively

Explore wellbeing support

Applying to Warwick

Everything you need to know about applying to Warwick is on our web pages.

There's up-to-date information about:

- How to apply
- Key dates and deadlines
- Writing your Personal Statement
- How we process your application

We're looking forward to receiving your application.

Other UK qualifications

We welcome applications from candidates taking different qualifications, such as:

- Access to HE Diploma
- BTEC
- Scottish Advanced Higher
- Welsh Baccalaureate

This also includes a wide range of overseas qualifications.

You'll find a full list of accepted qualifications under the 'Entry requirements' tab for each course at warwick.ac.uk/ug/courses

Contextual offers

We're committed to supporting students from diverse and under-represented backgrounds. We do this in a variety of ways, including through our contextual admissions policy which is designed to ensure fairness in our admissions processes, by taking into consideration Widening Participation (WP) indicators related to socio-economic and educational disadvantage.

How to apply

How to apply

You can apply for undergraduate courses through Universities and Colleges Admissions Service (UCAS).

Your timeline

- March to June 2025: Plan ahead**
Think carefully about your options, research universities and courses, go to Open Days if you can, and gather ideas for your Personal Statement. Register with UCAS if you haven't already done so.
- September 2025: Start preparing your UCAS application**
Applications can be submitted via UCAS from early September onwards. You can select up to five courses to apply to (there is no order of preference at this stage). Please note there is an application fee via UCAS.
- January 2026: Complete your application**
To guarantee your application fair consideration, you need to submit your application (including academic reference) by 14 January 2026. You will receive a decision on your application no later than 13 May 2026 if you apply by 14 January 2026.
- May to June 2026: Reply to your offers on UCAS**
Once you have received decisions from all the courses you applied to, you must choose one 'firm' (first) choice and one 'insurance' (second) choice offer. UCAS will confirm your individual deadline to reply.
- July to August 2026: Accommodation**
Once you have accepted your place at Warwick, our accommodation team will be in touch about applying to live on campus.
- July 2026: Final deadline for outstanding information**
We must have received all your outstanding results and documentation in July 2026 in order to confirm your place at Warwick.

Application FAQs

How important is the Personal Statement at Warwick?

The most important aspect of our assessment of applications is your academic performance, including both achieved and predicted grades. Personal statements are unlikely to be the single most important factor in deciding whether you receive an offer. However, personal statements may be used alongside other factors as an additional way of ensuring you are well prepared for your chosen course. Visit our website for additional guidance.

Do I need to provide a reference as part of my UCAS application?

All applicants applying to an undergraduate course via UCAS at Warwick will need to submit a reference as part of their UCAS application. The reference is a chance for your school, UCAS centre or referee to make us aware of any significant information relating to your application.

Do you accept international qualifications?

Yes, we accept many common overseas qualifications, such as the Irish Leaving Certificate, Advanced Placement (APs), French Baccalaureate, European Baccalaureate, German Abitur, Indian Standard XII, Hong Kong DSE and Singapore H2. Visit our website to check your qualifications and the entry requirements we accept.

What happens after you've applied?

You can track the progress of your application online using the UCAS Hub. Please note it may take several weeks before you start receiving decisions from your chosen universities.

How to apply

Writing your Personal Statement

Fees and funding

Tuition fees

For 2025 entry*, our fees were as follows:

- Home: £9,535
- Overseas (including EU):
 - Band 1 – £26,290 per year (classroom-based courses, including Humanities and most Social Science courses)
 - Band 2 – £33,520 per year (laboratory-based courses, plus Maths, Statistics, Theatre and Performance Studies, Economics, and courses provided by Warwick Business School, with exceptions)

Tuition fees for 2026 entry have not been set. Please check our website for updates about 2026 fee rates before you apply.

Additional course costs

- There may be extra costs related to your course for things such as stationery, books, materials and field trips. For details see the 'Fees and funding' tab on our course pages online

Fees and funding

* In November 2024 the UK Government announced an increase in the tuition fee cap for Home students for the 2025/26 academic year. The University of Warwick's Executive Board consequently confirmed a change in fees from the previously advertised rate to £9,535.

The University expects to increase fees for future years in line with any inflationary uplift as determined by the UK Government. In the future fees may also change for new and continuing Overseas students. This includes students applying for 2026 entry.

Funding your studies

Eligibility for student finance will depend on certain criteria, such as your nationality, residency status, course, and previous level of study. The information below is based on the package of financial support available to students starting their course in 2025.

Tuition Fee Loan

- Eligible Home students can apply for a Tuition Fee Loan, which is not based on household income, to cover your tuition fees
- If you are an EU student and eligible for student finance, you may be able to get a Tuition Fee Loan to cover your fees
- The Loan is paid directly to the University so, if you choose to take the full Tuition Fee Loan, you won't have to set up any payments

Maintenance Loan for Home students

- You can apply for a Maintenance Loan to help with your living costs, such as accommodation, food, books and bills
- This loan is means-tested, so the amount you receive is partially based on your household income and if you choose to live at home or in accommodation
- For the latest information about student loans, including how you repay them, visit gov.uk/student-finance

Part-time work

- Access thousands of part-time opportunities through our temping agency Unitemps (such as office work, retail jobs or helping at events)
- Choose to apply for a job as one of our Student Ambassadors to share your own experience at events like Open Days

Financial support

There are many different funding routes available, including a number of bursaries and scholarships for full-time undergraduates.

The Warwick Bursary

- Provides additional financial support for qualifying Home students from lower income families
- This bursary is an annual payment to help with the costs of studying, paid directly into your bank account
- There is no application for this bursary as your details will be provided directly from the Student Loans Company

Scholarships for Home and Overseas students

- A number of scholarship opportunities are open to Home and Overseas students

Find more information about our other scholarships and bursaries at warwick.ac.uk/scholarships

Hardship funds

- If you experience financial difficulties during your studies, you may be eligible for Hardship Funding from the University, in the form of an Emergency Loan and/or a non-repayable award

Warwick Foundation Studies

International Foundation Programme (IFP)

- A one-year programme for international students, designed to bridge the gap between high school and undergraduate study
- Develop your subject knowledge, academic English and study skills
- Live and learn on our campus, with access to our world-class facilities
- Make friends and immerse yourself in student life
- All our students are guaranteed to receive a conditional offer for a related undergraduate programme

Pre-University Summer School

- Our ten-night Pre-University Summer School for 16–17-year-olds offers a taste of undergraduate study in a range of subject areas available at Warwick
- Engage and make friends with like-minded peers from around the world
- Gain an insight into life as a Warwick student with this on-campus residential experience

International Foundation Programme

Pre-University Summer School

IFP subject areas typically include:

- Arts and Humanities
- Biological Sciences and Psychology
- Business Management
- Computer Science
- Economics
- Finance
- Law
- Mathematics and Statistics
- Physics and Engineering
- Social Sciences

Returning to study

If you're looking to return to study, our Centre for Lifelong Learning (CLL) provides a range of flexible degree courses, many of which do not require formal qualifications. We consider the experience and knowledge you have gained through both your work and your life as a key part of our entry requirements.

BA (Hons) Counselling and the Psychotherapeutic Relationship

- Study one day a week for four years to become a qualified Counsellor
- Gain experience across a range of client needs and industries through placements

BA (Hons) Child and Family: Mental Health

- Part-time study either online or blended one evening a week to develop your skills and career
- We welcome your application whatever your background or experience

Part-time (Classics, English and Cultural Studies, French Studies, History and Social Studies)

- Flexible part-time programmes; study at your own pace (between four and ten years) in a supportive environment

BA (Hons) degree in Early Childhood

- Four-year part-time degree, where you will be supported in developing your academic skills, confidence and knowledge of the early years sector
- Study one evening per week and six Saturdays across the year alongside work or family commitments

Degree Apprenticeships

A Degree Apprenticeship lets you study for an undergraduate degree whilst working full-time as an employee of your chosen company, without the tuition fees of a traditional degree. All our courses have been carefully developed with industry and professional bodies to meet current and future skills needs.

- Earn a salary while you learn
- Gain valuable work experience
- Develop skills and knowledge
- No tuition fees
- Build your professional network

Essential information

This prospectus was accurate at the time of printing. It is, however, published 18 months before enrolment on the courses to which it applies. Given the long interval between drafting/publication and enrolment, some of the information may change. It is, therefore, very important that you check our website for any updates before you apply for one of our courses by following the web link on the course pages or by searching for your course at warwick.ac.uk/ug

Where there is a difference between the contents of this prospectus and our website, the contents of the website take precedence and represent the basis on which we intend to deliver our services to you. You are advised to read the information at warwick.ac.uk/ugcourseinfornotice

This sets out when, for example, we might make changes to your chosen course, to the fees payable or to student regulations. It is, therefore, important that you read and take note of it.

Any offer of a place to study at the University is subject to terms and conditions. You can read these at warwick.ac.uk/ug/apply/offerholders/aboutoffer

Information about wider student rights and responsibilities can be found at warwick.ac.uk/services/aro/studentrights

Connect with us

See all Warwick has to offer by following us on our social channels. You can also speak to our current students on Unibuddy at warwick.ac.uk/unibuddy

@uniofwarwick

Can't visit the UK? Meet us around the globe, as we attend exhibitions and make visits in over 40 countries each year. For upcoming events, visit warwick.ac.uk/io/meetus

Open Days 2025

Don't just take it from us, see for yourself what Warwick's all about.

Our University Open Days give you the chance to meet staff and students, visit academic departments, tour the campus and get a real feel for life at Warwick.

Saturday 14 June 2025

Saturday 21 June 2025

Saturday 11 October 2025

Saturday 25 October 2025

In addition to a wide range of campus events, we offer virtual campus tours that allow you to explore our beautiful campus from the comfort of your own home.

Explore our Open Days

Our location

Our campus is in the centre of England.

We're close to two major city centres - Coventry and Birmingham, and our excellent transport links place us just over an hour away from London by train, and close to a major international airport (Birmingham).

Although our campus is situated in Coventry, parts of it reach into the Warwickshire countryside, so you get the best of both city and green spaces to explore.

Bus times (from Coventry)

10 Mins Campus

5 Hours Edinburgh

2 Hours Manchester

Train times (from Coventry)

20 Mins Birmingham

50 Mins Oxford

1 Hour London
