UNIVERSITY
OF WOLLONGONG
AUSTRALIA

Undergraduate Course Guide 2026

The University of Wollongong (UOW) is committed to Reconciliation and to inspiring a better future through education and research partnerships.

Acknowledgement of Country

We acknowledge that Country for Aboriginal peoples is an interconnected set of ancient and sophisticated relationships.

The University of Wollongong spreads across many interrelated Aboriginal Countries that are bound by this sacred landscape, and intimate relationship with that landscape since creation.

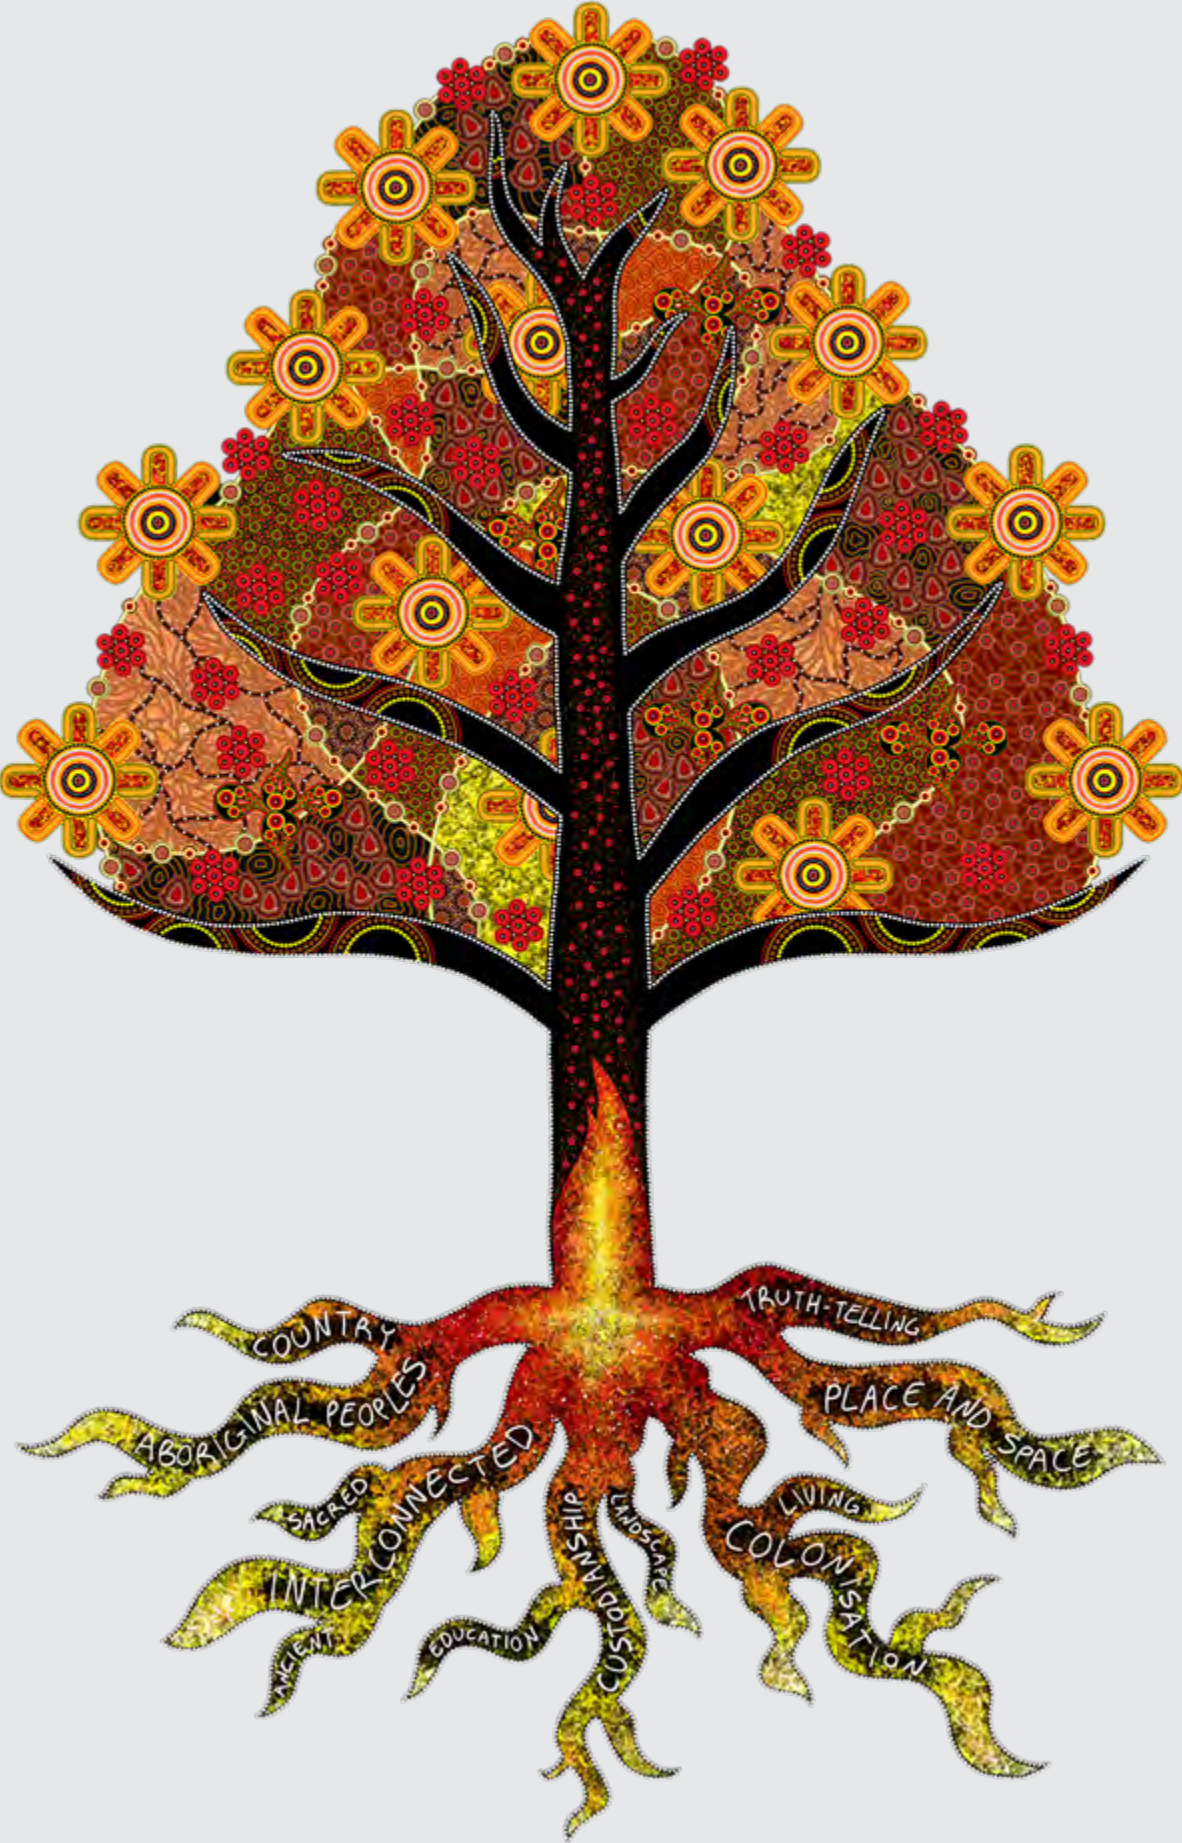

From Sydney to the Southern Highlands, to the South Coast.

From fresh water to bitter water to salt.

From city to urban to rural.

The University of Wollongong acknowledges the Custodianship of the Aboriginal peoples of this place and space that has kept alive the relationships between all living things.

The University acknowledges the devastating impact of colonisation on our campuses' footprint and commit ourselves to truth-telling, healing and education.

Celebrating 50 years of UOW

In 2025, UOW celebrates 50 years as an independent institution.

Originally established to provide tertiary education to support the region’s steel industry, UOW has become an internationally recognised institution, ranked among the top 1% of universities in the world.

As we reflect on the success of our past, we look forward to our future. A future where we unlock opportunities and provide the support to turn your passions into a career.

uow.edu.au/50-years

Glossary

Some general definitions to help you as you read this guide.

Adjustment factors – Additional points that can be added to your ATAR to determine your selection rank. These may be based on factors such as educational disadvantage, location, or performance in specific Year 12 subjects related to your course.

ATAR (Australian Tertiary Admissions Rank) – A rank that indicates your position among your Year 12 peers, ranging from 0 to 99.95. It is a rank - not a score out of 100; for example, an ATAR of 80 does not mean you achieved 80 out of 100, it means you are in the top 20% of your year group.

Bachelor’s degree – A university qualification that typically takes three to four years of full-time study. It is the first level of university study before postgraduate qualifications like master’s or doctoral degrees.

Campus – The physical grounds of a university. UOW has eight campuses in Australia and four overseas.

Census date – The deadline for finalising subject enrolment without financial or academic penalties. UOW’s census dates are 31 March for the first session and 31 August for the second session.

Commonwealth supported place (CSP) – A university place where the Australian Government covers part of your course fees. All UOW undergraduate degrees will include CSPs in 2026.

Credit for prior learning (CPL) – Recognition that allows you to count previous university, TAFE studies, or relevant work experience towards your degree, reducing the time and cost required to complete it. Year 12 studies are not eligible to be considered for CPL.

Credit Points – Points allocated to each subject you complete as part of your degree.

CRICOS code – A registration number assigned to a course by the Commonwealth Register of Institutions and Courses for Overseas Students.

Defer – The option to delay starting your course. At UOW, you can defer for one session (six months depending on course structure) or one year (12 months).

Direct application – Applying directly to UOW instead of through the Universities Admissions Centre (UAC). Year 12 students apply via UOW Early Admission or UAC.

Domestic student – An Australian citizen or permanent resident.

Double degree – A course that allows you to study two areas concurrently and graduate with two degrees.

Early Admission – UOW’s program that allows Year 12 students to receive an early university offer based on their skills, experiences, and Year 11 results, rather than their ATAR. UOW Early Admission applications for 2026 entry open on Monday 16 June 2025 and close on Friday 8 August 2025. More information is in this guide.

Faculty – A university division focused on a specific area of study. UOW has four faculties:

- Faculty of the Arts, Social Sciences and Humanities
- Faculty of Business and Law
- Faculty of Engineering and Information Sciences
- Faculty of Science, Medicine and Health

Full-time student – A student enrolled in at least 75% of a full-time course load, typically 24 credit points (four subjects) per session.

Future students – Individuals considering applying to UOW who have not yet enrolled.

HECS-HELP – An Australian Government loan scheme that assists eligible students who are enrolled in Commonwealth supported places (CSPs) with tuition fees.

Honours – An additional year of study that builds on a bachelor’s degree, allowing students to specialise in a particular area. Some honours programs are integrated into a bachelor’s degree, while others require a separate application.

International student – A student who is not an Australian citizen or an Australian permanent resident.

Lecture – A teaching session for a large group of students, ranging from 10 to 500 attendees.

Major – A primary area of specialisation within a degree. A major consists of a structured set of subjects making up at least one-third of the total course requirements.

Minor – A secondary area of specialisation, requiring fewer subjects than a major.

Offer round(s) – The scheduled dates when the Universities Admissions Centre (UAC) issues course offers throughout the year.

Part-time student – A student enrolled in fewer than 18 credit points (typically two subjects) per session. Studying part-time takes longer to complete a degree than studying full-time.

Postgraduate study – Advanced university study beyond a bachelor’s degree, including master’s degrees, postgraduate diplomas, and graduate certificates.

Prerequisite – A requirement that must be met before enrolling in a particular subject or course, such as completion of a specific Year 12 subject.

Selection Rank (SR) – Your selection rank is your ATAR plus any adjustment factors for which you are eligible. Adjustment factors may be awarded for subject performance, your high school, or equity factors.

Session – The academic period when classes take place. In 2026, UOW’s main sessions will start in February (our ‘Autumn’ Session) and July (‘Spring’ Session).

Tutorial – A small-group teaching session that encourages discussion and participation.

UAC (Universities Admissions Centre) – The organisation through which Year 12 students apply for university courses, including UOW.

Undergraduate – A student enrolled in their first level of university study who has not yet completed a degree.

Uncover your passions and use them to make an impact with a world-class degree at UOW.

This guide will help align your interests with a degree that's right for you.

Over 300

Degrees on offer.

35,000+

Students enrolled at UOW in 2024.

Choose your campus

We established our first campus in Wollongong 50 years ago and have since grown our teaching locations into a network of national and global campuses.

You can choose to study at multiple locations across NSW. This is just one of many ways you can tailor your UOW degree.

Welcome to Wollongong

Wollongong is a student city where nature and culture collide.

Residents enjoy their pick of sandy beaches and lively cafes, all set to the backdrop of the Illawarra escarpment.

It's safe, friendly, and diverse, offering the allure of big-city living with small-town charm. Attracting people from around the globe who soak up the relaxed lifestyle, Wollongong is truly a unique place to live, study, and visit.

3rd largest city in NSW

280,000+ people call the Wollongong region home.

2021 Australian Census

35+ nature walks

Maintained by New South Wales (NSW) National Parks in the Wollongong region.

17 beaches

Patrolled by lifeguards from September to April – with North Wollongong Beach patrolled all year round.

Wollongong campus

Nestled among the native Australian bush, UOW's Wollongong campus is one of the most picturesque universities in Australia.

It features a wide selection of coffee shops, food outlets, a bar, supermarket, hairdresser, medical centre, chemist, bank, health clinic, physio, olympic-size swimming pool and one of the biggest movie screens in the region. The campus is serviced by a free local shuttle bus connecting you to the Wollongong CBD or beach in under 10 minutes.

uow.edu.au/about/locations/wollongong

Life at Wollongong campus

There is more to student life than lectures and classes. UOW students enjoy a vibrant campus experience.

Clubs and societies

With 100+ student-run clubs and societies at UOW, there is a club perfect for you, and it's a great way to meet liked-minded people. Can't find one you like? Get together with at least 10 other students and start your own.

clubs.uow.edu.au/clubs-and-societies

Gigs and events

Every day on campus is different. Enjoy daily activities – from table tennis to trivia. Catch internationally renowned musicians, local bands, artists, and comedians at UniBar, the place to go for a great night out.

Student support

As a UOW student, you have access to free services, resources and assistance designed to enhance your university experience and your capacity to achieve your study and career objectives.

uow.edu.au/student/support-services

Sport

There are more than 60 student sporting teams at UOW from football to underwater hockey. Whether you're looking to play at a competitive level, join a social comp, or fill some time before your next class, there is something for everyone.

uniactive.uow.edu.au/uow-sport

Health and wellbeing

Find the right study/life balance with UOW health and wellbeing services. Enjoy our 50-metre heated swimming pool, sports ovals, and state-of-the-art gyms. We also offer stress-relieving workshops and weekly activities like yoga and Pilates.

uow.edu.au/student/life

Accommodation

UOW has several accommodation options on campus and in Wollongong, so you can find the perfect home away from home.

uow.edu.au/study/accommodation

UOW accommodation

Many graduates say student accommodation was one of the best parts of their university experience. UOW accommodation offers a welcoming community of students from diverse cultural backgrounds. Our residents enjoy being part of an active community, and many make friends for life.

Homestay

The UOW College Homestay Program connects students with local families living in Wollongong. It's perfect for those looking for family-oriented accommodation to help settle into a new city.

uow.info/homestay

Private accommodation

UOW provides all the information you need about private and shared accommodation. Our dedicated accommodation web page also contains information on temporary accommodation you can use while looking for a place to live.

Metro campuses

We have two metro campuses conveniently located in Liverpool and Sutherland, so you can **study where it suits you**.

LV Liverpool

UOW Liverpool is a growing campus located in the heart of South Western Sydney. In 2026, the campus will relocate from Moore St to the Liverpool Civic Place precinct. The vibrant metropolitan campus offers everything you need to make the most of your degree, boasting modern facilities and tailored student support. It's conveniently located within walking distance of public transport and Liverpool's shopping district, making it an ideal campus for local students wanting to study close to home.

S Sutherland

UOW Sutherland allows you to earn an internationally recognised degree in the Sutherland Shire. The modern, friendly campus offers a personalised learning experience, support services and a close-knit community atmosphere. Located right next door to TAFE, the campus is accessible by public transport, car, and bike.

Regional campuses

A world-class degree is on your doorstep when you study at our regional campuses. Experience the same career-focused learning, along with smaller class sizes and personalised guidance from our dedicated staff – all paving the way for your success.

E Eurobodalla

UOW Eurobodalla, situated at Hanging Rock, has been developing skilled local graduates for over 20 years. The campus provides a student-focused environment with cutting-edge facilities, smaller class sizes and direct access to supportive staff and services so students have the resources they need to thrive.

BV Bega Valley

Located in the heart of Bega, UOW Bega Valley has a reputation for its high academic standards. The campus combines a student-centred atmosphere, integrated access to other UOW campuses and world-class teaching facilities, including a state-of-the-art Nursing Simulation Lab.

SV Shoalhaven

UOW Shoalhaven provides students with a supportive, student-centred environment, with a blend of face-to-face teaching and interactive digital access to lectures and tutorials. Benefit from seamless access to UOW's comprehensive support services and modern technology to enrich your learning experience.

HL Southern Highlands

Located in Moss Vale, UOW Southern Highlands is situated on the grounds of Moss Vale TAFE and boasts modern facilities, including a newly installed clinical skills laboratory to support the Doctor of Medicine program. Set yourself up for success through smaller class sizes, a supportive environment and access to dedicated staff and services.

Aboriginal and Torres Strait Islander students

We are committed to creating a supportive community for our staff and students to further develop their skills, knowledge, and capacity to engage with reflexive and culturally responsive learnings. We aim to prepare students for success as leaders, change agents and global citizens, and understand that recognition and respect requires action.

Woilyungah Indigenous Centre (WIC)

WIC is committed to increasing the participation and engagement of Aboriginal and Torres Strait Islander people at UOW. It provides programs, services and facilities that encourage and support Indigenous Australians from entry to university through to successful completion.

With a focus on fostering a community environment, you'll have the freedom to embrace your Indigenous culture and an opportunity to achieve academic excellence. WIC is here to help you meet other students, guide you through university life and support your professional development with rewarding and empowering opportunities.

The Indigenous Admissions Program (IAP)

The Indigenous Admission Program (IAP) is an assessment process that offers an alternative pathway for Aboriginal and Torres Strait Islander people over the age of 17 to seek entry into UOW's undergraduate or College programs. WIC welcomes applicants who:

1. Haven't completed secondary school
2. Are not receiving an ATAR – SR, or
3. Don't have the required ATAR – SR for their preferred course.

Once you have started your studies at UOW, WIC will continue to help you meet your education goals through access to support services, technology and a place to study, as well as programs such as the Indigenous Tailored Academic Program.

IAP is held at different times throughout the year. To find out when the next program is scheduled, contact the WIC team on 02 4221 3776 or wic-enquiries@uow.edu.au or visit uow.info/wic

Scholarships

There are a range of scholarship opportunities available for Aboriginal and Torres Strait Islander students. Talk to the team at WIC about eligibility and criteria.

uow.edu.au/study/scholarships/domestic

For students who aspire towards higher education or vocational course options, UOW College also offers The Aunty Linda Cruse Scholarship, which provides fully funded scholarships for pathway courses at UOW.

uow.college/auntylindascholarship

uow.info/wic

Tools for success

UOW is big enough to matter but small enough to care. You'll receive all the support and resources you need to find your purpose and chase your dream career.

Achieve your goals

UOW provides various support services, resources and assistance to enhance your university experience and help you achieve your study and career goals. Peer Assisted Study Sessions (PASS) are led by senior students who have recently completed the subject and provide weekly discipline-focused group study sessions. Peer Learning Coaches can support you with setting goals, organisation and strategies to keep on track and succeed with your studies. Coaching sessions can be held face-to-face or online on an individual basis or in a group session.

Launch your career

The UOW Careers & Employability Team provides resources, programs, events, and services to help students establish career goals and identify pathways and strategies to achieve these goals.

Access all areas

We want to ensure that students with a disability realise their full academic potential. UOW's Student Accessibility & Inclusion Team is here to help by providing additional support.

You're welcome here

The UOW Pride Network is a visible network of empathetic people who are allies of lesbian, gay, bisexual, transgender and intersex students and staff.

Mind, body & soul

UOW Support and Wellbeing is here to help you maintain a healthy study/life balance and keep you on track with workshops, events and more. Free counselling is also available to all students.

Upskill

Visit our Academic Skills Centre, both online and in person, to meet with our Learning and Math Skills Advisors who can help you develop your skills and succeed in your studies.

The x-factor

Our UOWx program connects you with more than 150 different types of paid and volunteer roles, including leading a student team, mentoring students or volunteering for a cause.

Find a space that suits you

Students can access library resources and study spaces on campus, including computer labs, quiet areas, student lounges, recreation rooms and male and female prayer rooms.

Building a better future

UOW embeds sustainability into all its degrees, preparing graduates to tackle tomorrow’s challenges. We’re committed to achieving the United Nation’s Sustainable Development Goals by 2030 – because real change starts with knowledge.

Our researchers are global leaders in environmental science, sustainable development, marine resources, and bushfire risk management, just to name a few. We engage other universities, industry partners, and organisations to work towards united sustainability goals.

THE Impact Rankings 2024

Undergraduate Course Guide 2026

University of Wollongong

Applying to UOW

School leavers

Applying to university can be a lot, so we've broken down the process into five simple steps.

1

Choose your course

Browse our study areas online or talk to one of our course experts to narrow down your selection.

uow.edu.au/study

2

Check admission criteria

Review the admission criteria to ensure you qualify for your chosen course.

uow.edu.au/study/high-school/apply

3

Apply for your course

Apply to UOW through the Universities Admissions Centre (UAC) or, to be eligible for a pre-ATAR offer, apply via Early Admission.

uac.edu.au

uow.edu.au/early-admission

4

Complete your enrolment

Welcome to UOW! Accept your offer and complete your enrolment online.

5

Missed out on an offer?

UOW provides alternate entry to university if your marks didn't get you there. Head to page 26 for more info.

International qualifications

UOW welcomes students applying with qualifications from overseas. Australian and New Zealand citizens or permanent residents of Australia with overseas qualifications should contact the UOW Future Students Team to discuss eligibility for admission before applying.

uow.edu.au/study/contact

Early Admission

Early Admission is our early offer program for Year 12 students. We get to know you, look at the results you've achieved so far and can reward your hard work with a place at UOW before you even sit your final exams.

1. Eligibility

You're eligible to apply if you are completing your final year at an Australian high school and are eligible for the award of the Higher School Certificate or interstate equivalent, or the International Baccalaureate (IB) Diploma.

If you have any questions, email futurestudents@uow.edu.au or call 1300 367 869.

2. Find a course

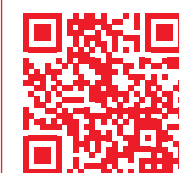

You can apply for Early Admission for up to two UOW courses. Visit uow.info/study to search for the degree/s you want to study. You can find the admissions information for each degree, including the subjects we think you'll need to have studied to perform well in that course.

3. Apply

UOW Early Admission applications are only accepted online. Late applications will not be accepted, so make sure you apply between **Monday 16 June – Friday 8 August 2025**.

4. Assessment and offers

We will look at your application responses and academic performance – particularly in subjects relevant to the UOW degrees you have chosen. Based on this assessment, Early Admission offers will be made in early September.

uow.edu.au/early-admission

Adjustment factors

We know you're more than just your marks. Many students are eligible for adjustment factors to help boost their application into uni. HSC students can have up to 11 adjustment points added to their selection rank (SR) when applying through UAC.

UOW adjustment factors include:

Catchment

Students who attend school in UOW's catchment area or regional NSW are eligible for three adjustment points. These are automatically added when you apply through UAC.

Subject

If you do well in an HSC subject relevant to a UOW degree you'd like to study, you can earn up to three adjustment points. Students who do well in relevant subjects are usually well prepared for a related degree at uni. These points will be automatically added when you apply through UAC – you won't need to apply for them.

Equity

High school students who have experienced long-term educational disadvantages can receive up to five adjustment points. These circumstances include disrupted schooling, financial hardship, illness, disability, refugee status and socio-economic disadvantage.

Veterans

UOW acknowledges the sacrifices made by veterans and their families and offers three adjustment points to dependants of veterans in recognition of the potential educational disruption.

uow.edu.au/study/high-school/apply

Non-school leavers

It's never too late to learn. Whether you're finishing a gap year, studying at TAFE or returning to education, UOW offers a variety of resources and support services to help you transition into university life.

Pathways into UOW that don't rely on an ATAR

- UOW College
- TAFE Qualifications
- Indigenous Admissions Program (IAP)
- Skills for Tertiary Admissions Test (STAT)
- TAFE Tertiary Preparation Certificate
- Limited Australian Tertiary Admission Rank

Apply direct to UOW

Non-school leaver applicants can apply directly to UOW for most degrees if they:

- Are an Australian or New Zealand citizen, an Australian permanent resident, or holder of a permanent Australian humanitarian or Pacific Engagement visa.
- Are not currently completing the HSC or IB

uow.edu.au/study/apply

Have more questions?

Our Future Student team is here to help.

For more personalised advice, use the QR code to book in a consult with one of our friendly expert advisers.

UOW College

UOW College provides pathway programs and career-ready qualifications for those who do not meet the entry requirements for the UOW course they are interested in studying.

These programs are designed to develop essential academic and study skills required for university-level study.
Diploma and University Entrance Program courses offered through UOW College are packaged with a corresponding UOW bachelor course. This means that, if you successfully complete your UOW College course and meet the UOW progression requirements, you will be guaranteed a place into your UOW bachelor course with up to one year of credit.

 - CHC43015 Certificate IV in Ageing Support
 - CHC33021 Certificate III in Individual Support
 - SIS40221 Certificate IV in Fitness
 - SIS30321 Certificate III in Fitness

Fees

Your education is the best investment you will ever make.

Commonwealth supported places

A Commonwealth supported place (CSP) is a place at a university where the Australian government will contribute up to 75% of your tuition fees. This is a subsidy, unlike a loan, and you don't have to pay it back. UOW undergraduate degrees are offered with CSP to students who meet one of the following:

- an Australian citizen who will study at least one unit of your course while living in Australia; OR
- a New Zealand citizen who will study the entire course while living in Australia
- an Australian permanent visa holder who will study the entire course while living in Australia; OR
- an eligible former permanent humanitarian visa holder who will study the entire course while living in Australia; OR
- a Pacific engagement visa (PEV) holder who will study the entire course while living in Australia.

As a student, you are responsible for paying a student contribution amount, which varies from year to year.

uow.info/csp

Student Services and Amenities Fees (SSAF)

All Australian universities, including UOW, have a Student Services and Amenities Fee (SSAF) which is used to enhance the services and amenities available across UOW. The current maximum annual Student Services and Amenities Fee is \$365*.

*This fee is subject to an annual increase.

Financial Assistance

HECS-HELP Loan

HECS-HELP is a loan scheme that assists students who are eligible for a CSP to pay the student contribution amount. To get a HECS-HELP loan, you must be studying in a CSP and be one of the following:

- an Australian citizen who must study at least some of your course in Australia; OR
- a New Zealand Special Category Visa (SCV) holder who meets the long-term residency requirements and who studies the entire course while living in Australia; OR
- a permanent humanitarian visa holder, or an eligible former permanent humanitarian visa holder; who studies the entire course while living in Australia

For more information about HECS-HELP visit studyassist.gov.au or contact UOW at futurestudents@uow.edu.au or 1300 367 869.

ABSTUDY

ABSTUDY provides financial assistance for Aboriginal and Torres Strait Islander students.

For more information contact Centrelink on 1800 132 317 or the UOW Woolyungah Indigenous Centre (WIC) on 02 4221 3776 or visit servicesaustralia.gov.au/abstudy

Youth Allowance

Youth Allowance is the Commonwealth government student assistance scheme that provides financial aid to tertiary students aged 18 to 24 who are studying full-time. If you are over 25, you can apply for Austudy. The main benefit is a living allowance (which is subject to an income test).

For more information, contact Centrelink on 13 24 90 or visit servicesaustralia.gov.au/austudy

2025 Commonwealth Prac Payment

The Australian Government's Commonwealth Prac Payment (CPP) is an initiative designed to assist students with expenses related to mandatory placements in nursing, midwifery, social work, and teaching courses. The CPP offers financial assistance to eligible students, enabling them to concentrate on acquiring practical skills without the added stress of placement-related costs.

For more information, visit education.gov.au/higher-education/commonwealth-prac-payment

Scholarships

Do you need financial help? Have you done well academically? Whatever your situation, a scholarship can help you succeed at university.

UOW Scholarships

UOW scholarships offer students financial support so they can concentrate on their studies without additional pressures. They also provide exciting opportunities, including mentoring programs, work-integrated learning and travel experiences. Annually, over 200 scholarships are awarded to students across a variety of categories, and you may be able to hold multiple scholarships at the same time.

uow.info/scholarships

Equity Scholarships

Equity Scholarships support a wide variety of students and are one way that we demonstrate our commitment to recognition, excellence, equity and diversity. These scholarships are awarded to undergraduate students experiencing financial hardship and other educational disadvantages.

uow.info/equityscholarships

This scholarship has opened a lot of doors for me. In many ways, it's changed my life. It's given me so many opportunities to meet a lot of like-minded individuals.

How to find your course

Here’s a quick overview of how to understand the terminology used in this guide.

ATAR – selection rank and International Baccalaureate

ATAR – selection rank (ATAR-SR) or International Baccalaureate (IB) are required for entry into the majority of UOW degrees. Some degrees show the minimum rank required for consideration, others also base admissions on interview, audition or submission of a portfolio.

Bachelor’s degrees

UOW bachelor’s degrees offer you the opportunity to focus on and combine interests. These degrees are often flexible, with a wide range of majors. Many bachelor’s degrees offer double majors and elective subjects, allowing you to build your degree around your passions.

Honours

Being granted Honours distinguishes a graduate as a high-achiever. Honours degrees are recognised as a qualification above and beyond a degree. An Honours project is a substantial personal study program, often in the form of an individual research project, which usually takes a year to complete.

At UOW, Honours is either integrated into a degree or taken as an additional one-year program after completing a bachelor’s degree. See examples below:

Integrated Honours		
4 years		
Bachelor of Engineering (Honours)		
Bachelor	+	Honours
3 years		1 year
Bachelor of Arts		Bachelor of Arts (Honours)

Dean’s Scholar (DS), Scholars (S) and Advanced Degrees (ADV)

These degrees give high-achieving students opportunities to excel. Dean’s Scholar, Scholars and Advanced Degrees vary, with each offering either some or all of the following opportunities: an academic mentor, exemption from some first-year subjects, ability to fast-track the degree, access to academic workshops, seminars and networking events, and opportunities to participate in research enrichment activities.

Integrated Master's

This advanced four-year study option combines an undergraduate degree and a postgraduate degree to allow you to advance and broaden your knowledge, giving you a competitive advantage in the job market. The degrees are completed consecutively so that after successful completion of the bachelor’s degree, you will receive a transfer of course credits that will allow you to complete your master’s degree in a shorter time and for less cost.

Accreditation

Scan the QR code for each study area or visit our course finder to see course accreditation information.

Study areas

We want to help you find your passion and equip you with the skills to launch a career that inspires you.

Explore our wide range of study areas to find your dream degree. Scan the QR code on each page for detailed course information including accreditation, entry requirements and more.

* A distance study option is available to students completing the two-year accelerated Bachelor of Education – The Early Years. For more information, visit [uow.info/ae](#)
For students wanting to be secondary teachers in disciplines besides Maths, Science and PDHPE, the UOW pathway is an undergraduate degree followed by the Master of Teaching (Secondary). UOW offers this pathway in teaching areas such as English, History, Legal Studies and Visual Arts. For more information visit [uow.edu.au/master-teaching](#)

Professional experience

All UOW undergraduate education courses involve placement in schools and early childhood services as part of the professional experience component. Professional teaching experiences are integrated into the degrees and usually occur in Illawarra, Shoalhaven, South West Sydney, Southern Highlands and Southern Sydney schools. There are also opportunities for students to apply for 'out-of-area' professional experiences (e.g. in rural NSW). Professional experience is mandatory for our undergraduate education courses and the Master of Teaching (Primary/Secondary) degree. UOW expects students undertaking these programs to meet the demands of study, work and professional experience. We require students to arrange their own transportation to and from the professional experience placements.

Working with Children Check

Under the Child Protection (Working with Children) Act 2012, and the Child Protection (Working with Children) Regulation 2013, students enrolled in UOW education degrees, doing professional experience placements in schools or other educational institutions that involve children or young people, are required to undergo a Working With Children Check (WWCC).

[ocg.nsw.gov.au/working-children-check](#)

uow.info/study-humanities

The study of us

Humanities is the study of human society and culture; who we are, how we got here, and how to change our world. This broad, flexible area allows you to personalise your degree. From environmental humanities to indigenous studies or politics, a degree in Humanities offers a meaningful career driving change that matters.

Maths, Physics & Chemistry

Top 200

UOW ranked in the top 200 universities globally for Physical Sciences.

Times Higher Education World University Rankings by Subject 2025

Initiate change with the fundamental building blocks of the universe

A strong understanding of maths, physics and chemistry allows societies to develop models that help predict the behaviour of intricate systems. These models, when applied to initiate new and innovative ideas, aid the progression of human development. Graduates of maths, physics and chemistry degrees acquire knowledge and in-demand analytical skills, helping shape the future.

Careers

- Analytical chemist
- Astrophysicist
- Banking associate
- Biochemist
- Biophysicist

*Hons DS is only offered at Wollongong.

Improving rural and regional health outcomes

UOW's Graduate School of Medicine has campuses at both Wollongong, Southern Highlands and Shoalhaven and produces medical practitioners committed to patient-centred and evidence-based medical practice. Our graduates contribute to enhancing healthcare in all geographic settings, focusing on regional, rural and remote communities. Closing the gap in Indigenous health is a priority, and UOW aims to produce culturally safe medical practitioners.

uow.info/grad-school-medicine

Studying Medicine at UOW

UOW offers the Doctor of Medicine (MD) through its Graduate School of Medicine. Bachelor graduates from UOW or elsewhere can apply to study postgraduate medicine.

Times Higher Education World University Rankings by Subject 2025

Double degrees and majors

Double degrees

Complete two bachelor degrees simultaneously, in less time than if you studied them one after the other.

UOW graduates are already highly-regarded for their general skills and adaptability – having a dual degree will help ensure your knowledge is relevant to even more employers.

Law double degrees are listed in the Law study area on page 54.

uow.info/study-double-degrees

Double majors

There are many double major combinations available for UOW bachelor's degrees. A double major lets you explore different interests, customise your study to suit a particular career specialisation, and makes you more competitive in the job market. In most cases, you will still complete your degree within the normal duration.

Study overseas

The world is waiting for you

Experience more from your degree through an overseas study program and gain an international perspective without adding extra time to your studies. UOW students can complete up to two semesters, a short course or an internship at one of our 180 partner institutions across 45 countries and earn credit towards their degree. Grants and funding are available to assist with any extra costs.

uow.edu.au/student/study-overseas

Our global reach

UOW has campuses in the United Arab Emirates, Hong Kong (SAR), Malaysia and India, and a presence in China and Singapore. Our global campuses and partnerships allow students to access quality education delivered by UOW outside Australia.

Read how Hannah and her parents, Scott and Vicki (above), handled Hannah's move from Tamworth NSW to Wollongong.
