This is Ngunnawal Country. We always respect their Elders, male and female. We always respect Ngunnawal Country.

The Canberra Institute of Technology (CIT) acknowledges the cultural host Nation of the ACT, the Ngunnawal People, as Traditional and continuing Custodians of the ACT and Region and recognises other First Nations People or families with connection to the lands and waters of the ACT and region.

We recognise the special relationship and connection to Country they have with this area since time immemorial. CIT acknowledges the continuing cultures of First Nations Peoples and the significant contribution they make to this city and region.

CIT is committed to listening and learning from the cultures, histories, knowledges, and values of First Nations Peoples. This commitment aims to improve the experience and outcomes of our education and training services in a way that is culturally safe and ensures equitable outcomes for all First Nations Peoples, their families, and communities.

CIT acknowledges all First Nations Peoples who come to this region to study, work, and live and the rich contribution they make to CIT and the region.

ABOUT CIT

WHY CIT?

Join the largest vocational education and training (VET) provider in the ACT and grow your skills today to shape the future career you'll love. At CIT, you'll discover hands-on training and real-world experiences, not just theory, to get industry skills that lead to employment.

SHAPING FUTURES FOR OVER 97 YEARS

Since 1928, we have enriched the Canberra community to shape its workforce. As the only public provider of VET in the nation's capital city, we have a strong legacy. Every day, Canberrans experience the skills of CIT graduates, whether it's the barista making our morning coffee, the cyber security professionals protecting our data, the technicians servicing our electric vehicles, the nurses providing compassionate care to our loved ones, or the horticulturists maintaining the beautiful parks and gardens around Canberra.

BECOME JOB-READY AND SECURE EMPLOYMENT

CIT graduates are renowned by industry for being job-ready. Our hands-on training methods, industry partnerships and placements ensure our graduates possess the skills and confidence they need to enter the workforce straight away. In 2024, almost 93% of our graduates were employed or in further study, nearly 7% above the national average.

RECEIVE NATIONALLY RECOGNISED QUALIFICATIONS

We offer nationally recognised qualifications, allowing you to take your qualifications anywhere across Australia when you complete your course.

LEARN FROM AN AWARD-WINNING INSTITUTE AND TEACHERS

We take pride in being the ACT's Large Registered Training Organisation (RTO) of the Year for more than ten years. Our highly skilled teachers possess current industry knowledge, experience, and connections. Many of our educators have received industry awards and accolades.

ACCESS WORLD-CLASS FACILITIES ACROSS FIVE CAMPUSES

Our state-of-the-art facilities provide training in real-world environments, preparing you for a seamless transition into the workforce.

TRAIN WITH CANBERRA'S BEST

We are home to the 2024 Australian Aboriginal and Torres Strait Islander Student of the Year, the 2024 ACT VET Training Teacher of the Year, the 2024 ACT Australian School-based Apprentice of the Year and the 2024 ACT Apprentice of the Year.

JOIN A DIVERSE AND INCLUSIVE COMMUNITY

With over 18,000 course enrolments in 2024, including international students from 58 countries, our vibrant, welcoming, and inclusive campus culture will enable you to develop friendships with students from Australia and around the world.

STUDENT EXPERIENCE THAT SUPPORTS SUCCESS

With a strong focus on personalised support and connection, we'll help you to thrive academically, socially and professionally.

> **"I found CIT to be very accessible. The teachers and all the people have made it very easy to settle in."**

OUR CAMPUSES

We have five campuses across Canberra, each situated in beautiful leafy surroundings and conveniently located on major public transport routes. Our campuses are designed to foster a supportive learning environment, where students, teachers and industry work collaboratively alongside each other.

CIT FYSHWICK

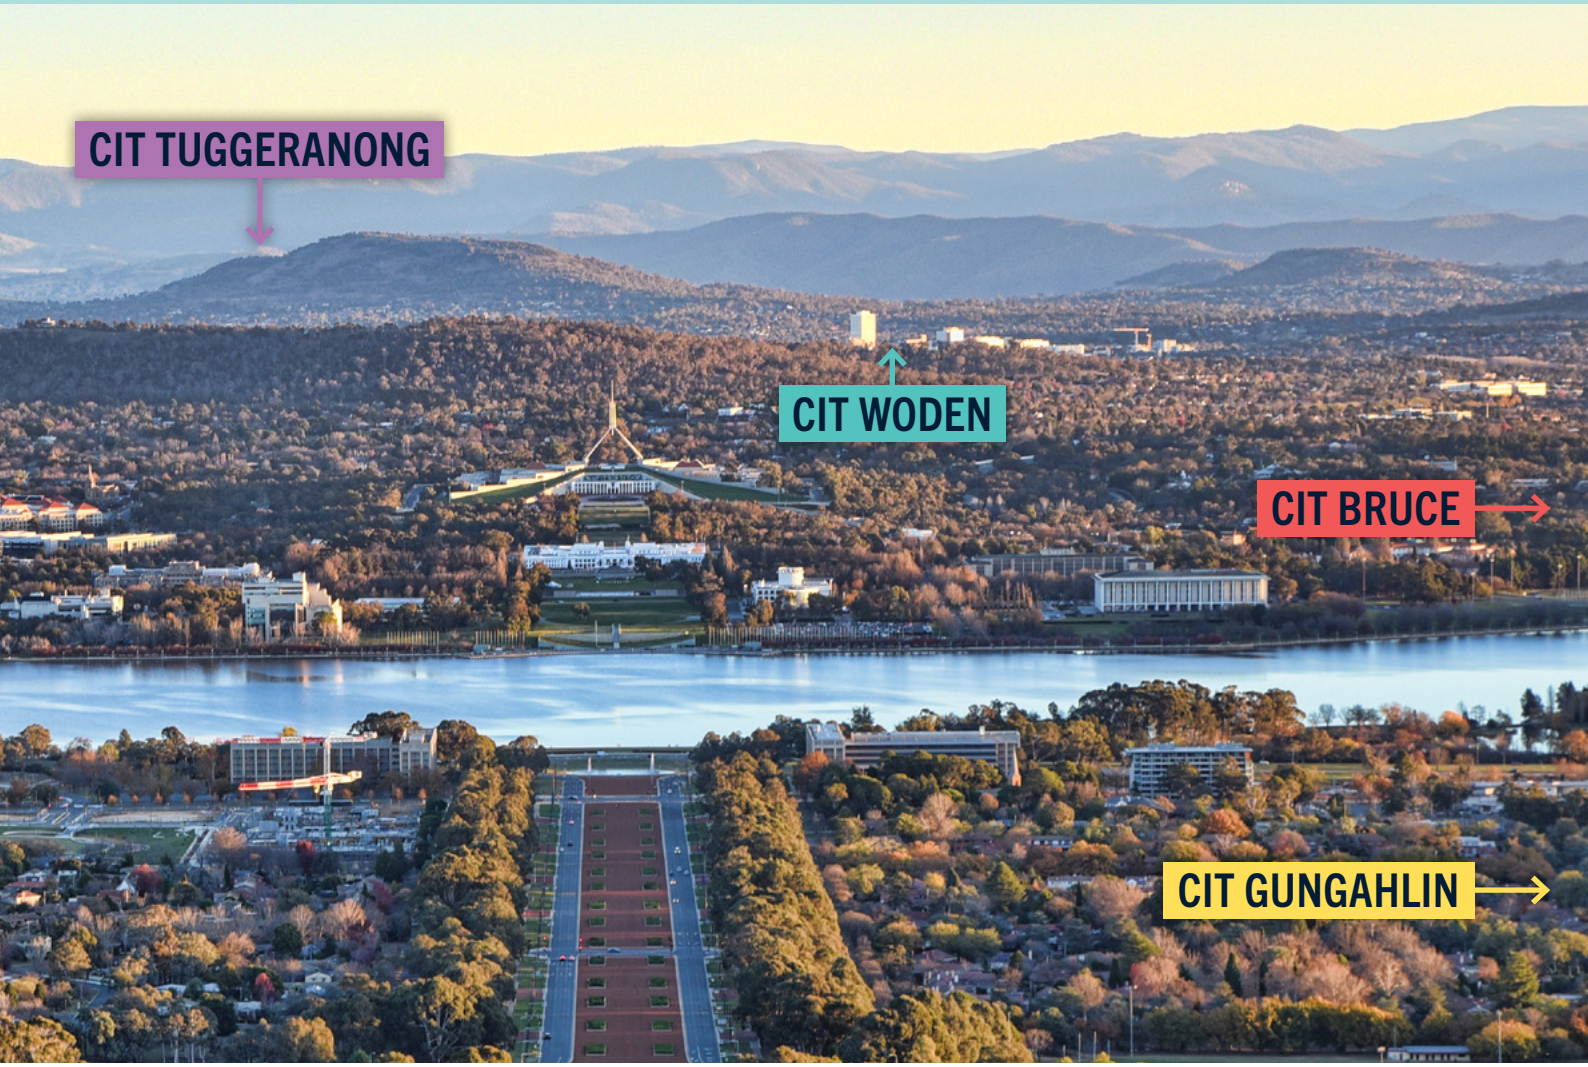

In the industrial hub of Canberra, offering easy access to the industries that play a vital role in our on-campus training. Here you will find state-of-the-art trade training facilities to support studies in electric vehicle (EV) technology, electrotechnology, plumbing, automotive and metals.

→ **81 Mildura Street, Fyshwick**

CIT TUGGERANONG

Conveniently situated in the heart of the Tuggeranong town centre, close to local schools, shopping, entertainment, sporting venues and public transport facilities. CIT Tuggeranong offers students access to contemporary computer laboratories, library facilities, a mock court for practical learning experiences, flexible learning spaces and a variety of support services.

→ **205 Anketell Street, Tuggeranong**

CIT WODEN

Situated within the Woden Town Centre and in proximity to the growing Woden business district, offering access to local shopping, the new light rail ready transport interchange and revitalised green public spaces.

→ **36 Bradley Street, Phillip**

CIT BRUCE

Set amidst peaceful native bushland in the northern suburbs of Canberra, near the University of Canberra and the nation's premier sporting centre, the Australian Institute of Sport (AIS), is CIT's award-winning Sustainability Hub. Major shopping centres, public transport hubs, entertainment venues and cafes are just a stone's throw away.

→ **35 Vowels Crescent, Bruce**

CIT GUNGAHLIN

Centrally situated in Canberra's rapidly expanding northern suburbs, this CIT campus is co-located with Gungahlin College and the Gungahlin Public Library. With the local shopping precinct and public transport hubs nearby, students have easy access to a range of amenities and services. This campus offers flexible learning spaces and a range of student support services.

→ **25 Gozzard Street, Gungahlin**

HANDS-ON TRAINING FACILITIES AND INDUSTRY PARTNERSHIPS

FROM CIT TO HATTED CANBERRA RESTAURANTS

Nearly two decades ago, Malcolm Hanslow walked into CIT as a young student with no cooking experience. Having moved out of home at a young age, he found himself in unfamiliar territory – but CIT provided him with two essential ingredients for his career: a solid foundation in cooking fundamentals and a network of like-minded friends that remains invaluable to this day.

Now a celebrated chef and owner of acclaimed hatted restaurants in Canberra, Malcolm returned to CIT as a distinguished guest and mentor, sharing his expertise with the next generation of chefs. In a special masterclass, he offered insights into the industry, as well as essential skills and techniques honed over years of experience.

> **“One thing I really valued from coming to CIT was I made a lot of really cool industry connections I still have today.”**
>
> Mal Hanslow, Chef and Co-owner, Pilot and Such and Such

STUDYING WITH CIT

HOW TO APPLY

1 CHOOSE YOUR COURSE

Explore our range of qualifications, from short courses to advanced diplomas, and apprenticeships and traineeships.

2 PREPARE TO STUDY

Before you start at CIT, check you have everything you need to complete your enrolment, including a Unique Student Identifier (USI). Our website provides an overview of all the information you may require before you apply for a course at CIT.

3 APPLY FOR YOUR COURSE

You can apply online in four easy steps:

1. Go to the course page for the course you want to apply for, select **APPLY NOW** and choose your application type.
2. Login to CIT Self Service. If you're a first-time student, create a Login ID and PIN.
3. Check and confirm the details and follow the prompts to complete your application.
4. Use the application checklist to review your application. When you're ready, submit your application.

If you are on an eligible temporary visa, you will need to contact CIT Student Services to be admitted to the course you are interested in. To apply for an apprenticeship or traineeship, see page 17. International students will need to contact CIT International directly.

4 ENROL INTO YOUR SUBJECTS

Most CIT courses automatically accept students once an application has been completed. You then need to enrol in your selected subjects. You can enrol online or attend an enrolment session.

PATHWAYS

PATHWAYS TO CIT

We offer pathways into CIT through:

- ACT Senior Secondary Certificate (post-school option)
- Senior Secondary E Courses
- Foundation skills courses
- English language courses

PATHWAYS TO UNIVERSITY

Canberra is Australia's education capital, home to highly-ranked universities and educational institutions.

We have credit transfer arrangements with numerous universities, enabling you to receive one to two years of credit towards certain degrees.

Because we offer nationally recognised qualifications accredited by the Australian Skills Quality Authority (ASQA), our students can apply for Recognition of Prior Learning (RPL) to most universities within Australia and receive credit towards a degree, even where formal credit transfer arrangements are not in place.

> **Being at CIT made me confident in many ways. Studying made me talk more and be confident about having conversations with people around CIT.**
>
> Melanie, ACT Senior Secondary Certificate student

A PATHWAY FROM CIT TO UNIVERSITY CAN HELP TO...

MEET ENTRY REQUIREMENTS

No ATAR? No problem. While most CIT courses have minimum requirements for previous education, age and/or experience, you don't need an ATAR to study at CIT.

SAVE TIME

Some CIT qualifications can be used as credit towards a university degree, potentially reducing the total time needed to complete your degree by as much as one to two years.

REDUCE COSTS

Our tuition fees are generally lower than university tuition fees for comparable subjects, allowing you to reduce the total cost of your studies.

EARN WHILE YOU LEARN

The foundational industry skills and experience you gain at CIT can provide you with the opportunity to work in the industry while studying at university so you can earn while you learn.

TRANSITION SMOOTHLY

By using your CIT qualification as a pathway to a degree, you can be better prepared for university studies with existing knowledge and experience in the field.

GAIN REAL-WORLD INSIGHT

Our courses are generally shorter than a degree. By starting your studies at CIT, you can test out a subject area to see if you like it before you commit the time and cost to a full degree.

PATHWAY EXAMPLES

Diploma of Nursing HLT54121

↓

Bachelor of Nursing

↓

Develop practical nursing skills with a Diploma of Nursing at CIT. On completion of your diploma, you can enter the workforce and/or progress to a Bachelor of Nursing at university.

Diploma of Information Technology ICT50220

↓

Bachelor of Cyber Security

↓

Develop hands-on technical skills in cyber security at CIT. On completion, you can enter the workforce as a technician and/or apply for credit to advance your learning to a Bachelor of Cyber Security at university.

Advanced Diploma of Accounting FNS60222

↓

Bachelor of Accounting

↓

Gain work-ready accounting skills with an Advanced Diploma at CIT. Upon completion, you can embark on a successful career in the private or public sector and/or apply for credit towards a Bachelor of Accounting at university.

A PATHWAY TO SOFTWARE INNOVATION

Joshua Astron's pathway into IT started with a childhood love of Lego. But it was a Certificate IV in Programming at CIT that gave him his first real-world experience in the field. After completing his Certificate, Joshua took the next step to university, using his CIT qualification to gain credit towards a Bachelor of Software Engineering at the University of Canberra. Now working at a Canberra-based company, Joshua is helping to create custom enterprise software solutions and credits both CIT and UC for preparing him.

"CIT gave me the skill and tools to break down a problem on a more technical level, and UC gave me the tools to work from a planning and theoretical level. In a lot of ways, it was like the perfect marriage."

Joshua, CIT and UC graduate

APPRENTICESHIPS AND TRAINEESHIPS

Earn while you learn and gain practical skills on the job as you train in your qualification through an apprenticeship or traineeship.

APPRENTICESHIPS, TRAINEESHIPS AND SCHOOL-BASED APPRENTICESHIPS

An apprentice or trainee is employed in the industry with their employer supporting them to apply and develop technical skills through learning at CIT.

This combination of technical skills with real-world experience is extremely valuable for someone starting out in the workforce. Providing apprentices and trainees with a well-rounded personal development opportunity and industry-specific workforce training to meet their needs.

A school-based apprenticeship is a great way for secondary students aged 15 or over to start an apprenticeship while they are still at school. This option allows you to continue your secondary studies, spend part of your week working with an employer and some of your school time studying at CIT.

STUDY OPTIONS AS AN APPRENTICE OR TRAINEE

- An **apprenticeship** generally covers traditional trades, like carpentry, automotive (including electric vehicles), plumbing, hairdressing and electrical. An apprenticeship generally takes 3–4 years to complete.
- A **traineeship** focuses on other sectors, like health and community care, business, and information technology (including cyber security). A traineeship generally takes 1–2 years to complete.
- A **school-based apprenticeship** can be either an apprentice or a trainee in a variety of sectors, such as culinary, early childhood education and metal fabrication. Most school-based apprentices and trainees will continue their apprenticeship or traineeship when they finish school.

You can identify the CIT courses available to study as an apprenticeship, traineeship or a school-based apprenticeship by the application type AA in this course guide.

FROM A SCHOOL-BASED APPRENTICESHIP TO WORLDSKILLS AUSTRALIA

Kira discovered her passion for carpentry through a school-based apprenticeship in the Women in Construction Pathway Program. She pursued dual qualifications at CIT to gain technical and business skills, aiming for a building licence. Her dedication led her to represent ACT at WorldSkills Australia in 2025.

“Getting to try things firsthand gives you the knowledge and confidence you need to pursue it seriously… that confidence can make all the difference when you face challenges down the line.”

Kira, CIT Carpentry apprentice and Building and Construction student

HOW TO BECOME AN APPRENTICE OR TRAINEE AT CIT

1 FIND YOUR EMPLOYER

Find an employer who's willing to take you on as an apprentice or trainee. If you're not sure where to start, contact an Apprenticeship Connect Australia Provider.

If you are a secondary school student seeking to start a school-based apprenticeship, start by speaking to your school career advisor.

2 SELECT YOUR QUALIFICATION, SELECT CIT AS YOUR RTO/TRAINING PROVIDER AND SIGN INTO YOUR TRAINING CONTRACT

Once an employer has agreed to take you on, you and your employer should contact CIT to discuss your training needs and choose a suitable qualification.

You should meet with an Apprenticeship Connect Australia Provider to sign your Australian Apprenticeship Training Contract within 28 days of starting employment.

3 ENROL IN YOUR QUALIFICATION AND START TRAINING AT CIT

You need an approved Australian Apprenticeship Training Contract before you can enrol at CIT. Once you have this, you can meet with CIT to develop your training plan and enrol in your qualification. Classes generally commence in February and July every year, but this will be confirmed at enrolment.

COURSE FEES

FEES

Each course listed on our website has an indicative cost based on electives, duration and financial assistance. Course fees can include tuition fees as well as resources and other materials costs. Tuition fees vary depending on the course duration and whether they are subsidised by the Australian or state government. Some courses have capped places and only a certain number of people can access the applicable government subsidy. Student fees often change because these subsidies change. This means course fees may vary year-to-year.

FINANCIAL ASSISTANCE

A range of financial support options are available to assist you in your studies, including:

- fee-free qualifications and short courses[1]
- concessions and financial assistance
- scholarships
- payment plans and fee payment options
- VET Student Loans or FEE-HELP (a loan from the Federal Government that must be repaid)
- trade support loans.

You may also be eligible for tax deductions for course fees and associated study expenses.

“If you’re unsure about what you want to do next, consider doing a fee-free course. It’s a great way to explore options without the financial stress and it might help you discover a career path you never expected”

Brandon, Fee-Free TAFE student in Early Childhood Education and Care

Find out more:
cit.edu.au/fees

1 Fee-Free TAFE is a jointly funded initiative of the Commonwealth, state and territory governments. Eligibility criteria apply, approved students will need to pay for any learning resources such as textbooks or other equipment required for the course.

SKILLS RECOGNITION

Skills recognition acknowledges the skills you have learned from your work, life experiences or previous formal study.

RECOGNISING YOUR WORK AND LIFE EXPERIENCE

As you travel through life, you gain skills and knowledge that can be formally recognised against a qualification. You can gather experience if you:

- are currently working
- have worked in the past
- are raising a family
- are participating in social, recreational or educational activities
- are involved in a hobby or are volunteering in your community.

RECOGNISING YOUR PREVIOUS FORMAL STUDY

We recognise subjects or competencies you have successfully obtained through other accredited vocational educational institutions.

BENEFITS OF SKILLS RECOGNITION

Skills recognition means you don't have to study things you already know. It makes study more enticing, more enjoyable, more relevant and less time-consuming.

Fees may apply. If fees are charged, they are usually charged at the same rate as the subject fee.
