IRELAND EMPLOYMENT HUB

Where Talent Meets Opportunity

Connecting Ireland's with International Graduates.

IRELAND EMPLOYMENT HUB

Founded by experienced HR professionals, the IEH team work directly with employers and recruiters to define the most in demand skills and roles they are looking for and provides them with a platform to showcase their opportunities to students. At ELI, we work closely with the Employment Hub team to share live and exclusive opportunities with our students and host Job Fairs and networking events in our schools.

What type of jobs are available?

Many students will find jobs in hospitality in hotels, bars, and restaurants, or in retail working in shops and other tourism services. The first paid position in Ireland will be at minimum wage which increased to €13.50 in 2025, with opportunities to secure better terms with experience or specialist skills. The role offered will often depend on the language ability with those with a higher level of English working in customer service and those with lower levels working in operations or back-office functions. There are opportunities for everyone with the right attitude.

- **Hospitality and Tourism**
- **Retail and Services**
- **Healthcare**
- **Cleaning**
- **Technology and Web Services**
- **Childcare**

The Right Expectations

After receiving your IRP, it will take a minimum of 4 weeks – and up to 8 weeks – to get started in Ireland. Students should be available to work for a minimum of 4 weeks, but employers will often look for longer commitments. Ireland Employment Hub team will create opportunities, but ultimately the emphasis is on the student to showcase their skills, strengths, and ability to any employer, and to secure the job for themselves. Is important that students have the right attitude and right expectations.

Are Jobs Guaranteed?

The short answer is no, we do not guarantee paid work placements. Guaranteeing jobs places the wrong emphasis on the role of the candidate in securing and maintaining a job. We do guarantee to provide opportunities for employment and to provide the platform for students and employers to meet. Any student who is flexible and has the right attitude should find paid employment in Ireland. It might take 2-3 interviews but students with a positive attitude should find paid work within 4 - 8 weeks.

We are committed to providing you with resources and guidance to help you achieve your career goals and make the most of your time in Ireland.
