Undergraduate Guide 2026

UNIVERSITY of BRADFORD

BRADFORD: UK CITY OF CULTURE 2025

2025 will be remembered as a landmark year for Bradford. A year of creativity and art, of innovation and celebration. As a student joining us in 2026, you'll experience the legacy of this milestone moment, and the positive effects it's had on our vibrant community.

BRADFORD 2025
UK City of Culture

"Being UK City of Culture has transformed the future of the University and the City of Bradford. We are anticipating increased employment, new business, enhanced community cohesion and liberated talent. Our students are experiencing the reimagining of our wonderfully diverse, creative and culturally rich city, and will enjoy the benefits for years to come."

Professor Shirley Congdon,
Vice-Chancellor,
University of Bradford

"It is absolutely right for Bradford to be City of Culture. It's a real moment and I am thrilled to be Chancellor of this incredible university whilst it happens. You improve the cultural aspect of the city, and it transforms everything. Bradford has a rich heritage of culture – past, present and future – and we need to shine a light on it. This is Bradford's time."

Anita Rani,
Chancellor,
University of Bradford

GET READY FOR LAUNCH

We're not just a university.

We're a launchpad for new beginnings.

For the curious and the doers. For the big-picture-thinkers, and the hungry-for-morers.

Nobody does it like us. For the fourth year running, we've been ranked 1st in England for impact on social mobility* – changing the life of every student who sets foot through our door.

We're a place that fuels new opportunities, day in and day out.

So what are you waiting for?

Get stuck in.

LET'S HIT PLAY

It's time to dive headfirst into the opportunities that await you. The next few pages will guide you through the application process at Bradford and prepare you for what's ahead.

GET STUCK IN
University of Bradford

FIRST STEPS

What course do you want to study? And which university is right for you? It's time to start your research.

Ask yourself these questions:

- what subjects am I good at – and what kind of courses would I enjoy?
- which courses will lead me into the career I want?
- if I'm unsure about my career path, which courses will give me plenty of options as a graduate?
- should I move away to university?
- should I live at home?
- what can this university offer me?
- will I have the support I need?
- will I feel at home at this university?
- will I have the right qualifications for entry?
- how do I apply?
- what happens after I apply?
- what's my back-up plan?

Get the answers you need

The next few pages will help you find the answers. To help with your decision-making, you could also:

- look at university websites
- attend open days
- visit UCAS exhibitions and UK University Search Fairs
- read what students say on sites like The Student Room

Get the thoughts of people you know, such as teachers, parents or carers, and friends.

“I researched different universities and spoke to student ambassadors at an Open Day, which helped solidify Bradford as my final choice.”

Noor, BA (Hons) Working with Children, Young People and Families

EVENTS

Events such as Open Days and webinars help you get a real feel for a university.

Are you starting to explore your options or ready to narrow down your choices? Either way, university open events can give you the information you need to make your big decisions.

Open Days
We hold several Open Days every year.
At an Open Day, you can:

- find out more about the courses that interest you
- explore our campus, accommodation and the city of Bradford
- get advice on your application, student finance and support needs
- chat with academic staff, support teams and current students

Visit our website to find out when our next Open Day is:
↑ bradford.ac.uk/open-days

Experience Days
If you receive an offer from us, you may be invited to an Experience Day on campus.

Experience Days give you a valuable insight into life as a student on your chosen course.

Webinars
We host regular webinars on a range of topics. Check out our upcoming webinars:
↑ bradford.ac.uk/webinars

“Open Days are a great opportunity to really feel the university vibe and see if it’s the right fit for you. It’s an important step in choosing your future.”

Elina, Student Ambassador

UNLOCK YOUR POTENTIAL

Georgia, BSc (Hons) Paramedic Science

A university education can change your life. It opens up new opportunities and career pathways, and broadens your horizons.

We are proud to be one of the most inclusive universities in the UK.

All our students have potential. We believe you should have the chance to benefit from higher education, no matter your background or circumstances.

Your grades aren't the only factor we look at when considering your application.

We take the time to understand our applicants' background and journey to Higher Education. Our decisions are based on your potential to thrive at university and beyond.

The University of Bradford Progression Scheme
Our Admissions Team consider a number of contextual factors when assessing applications. Eligible applicants from the groups below will receive an offer which is the equivalent of one A level grade (8 UCAS points) lower than our standard entry criteria*:

- adult learners (21 or over on the first day of term)
- refugees or asylum seekers
- care experienced or previously looked-after students
- estranged students
- young adult carers
- from an armed forces family
- from a Gypsy, Roma or Traveller community
- from a low participation neighbourhood**

If you meet any of the above eligibility criteria, you can also receive an additional 8 UCAS points by attending an Open Day in combination with a Progression Scheme workshop.

For full details:
bradford.ac.uk/progression-scheme

Adult learners
You're considered to be an adult learner if you're returning to study after a break in education and/or applying with non-traditional qualifications.

Adult learners make up around a third of our undergraduate community. As an adult learner you'll have access to plenty of support. You'll get events to help you transition to student life, study support, and dedicated adult learner advisors to provide free, impartial advice.

* The following programme is excluded from the University of Bradford Progression Scheme: Foundation in Clinical Sciences and Medicine leading to BSc Clinical Sciences. Please note that for BSc (Hons) Clinical Sciences, you will only receive a maximum deduction of 8 UCAS points.

** You can check eligibility for the low participation neighbourhood criteria using the Office for Students postcode look-up. Applicants who have a 'Polar 4 Quintile' result of 1 or 2, based on their postcode, will be eligible for the Progression Scheme

APPLY FOR UNIVERSITY

Ready to start your university application? You can apply for up to five courses, at one or more universities, through UCAS.

Applying is an online process. You'll need your existing qualifications and/or predicted grades, a personal statement, an academic reference and the university's UCAS code. Make sure the email address you apply with is a personal account that you won't lose access to.

You can see the typical entry tariffs for each of our courses in our A-Z section (p64-75) or at bradford.ac.uk/courses/ug

For help with your application, ask your school or college, or visit UCAS.com

You can also get advice from our Enquiries Team by calling 01274 23 3081 or emailing enquiries@bradford.ac.uk

The UCAS code for the University of Bradford: BRADF B56

Equal Consideration deadline: 14 January 2026
Apply between September 2025 and 14 January 2026 to make sure you're considered for your preferred courses.

30 June 2026*
You can still apply to us via UCAS after 14 January and up until 30 June*. However, places on some courses may be limited or no longer available.

Clearing
From early July there is one last chance to apply to university, through Clearing.

Clearing is also an opportunity to secure a place at university if you don't get the grades you need for your existing offer. You can talk directly with universities about getting an offer for an alternative course.

If you're expecting exam results in summer 2026, it's worth making a plan for Clearing just in case. That way you're prepared and ready to move quickly.

For more information visit:
bradford.ac.uk/clearing

* Subject to confirmation by UCAS

PERSONAL STATEMENT

Your personal statement is a big part of your UCAS application. It's a chance to tell us why you're the perfect fit for your chosen course.

Your personal statement can help our Admissions Team make their decision. It gives us a deeper insight into you and your potential, which we can't always get from looking just at your grades. It's our chance to see how enthusiastic you are about your course, and that you understand what studying it will involve.

You can only submit one personal statement, so do not mention any particular university if you're applying to more than one. If you're applying for a few similar courses, talk about your interest in the subject area as a whole.

Personal statement tips
If you are applying to study in 2026, there is a new personal statement format. It's been designed to make the process easier and more structured. Instead of one longer piece of text, there will now be three separate questions to answer:

1. Why do you want to study this course or subject?
2. How have your qualifications and studies helped you to prepare for this course or subject?
3. What else have you done to prepare outside of education, and why are these experiences useful?

These questions will help you focus on:

- demonstrating your motivation for studying your chosen course
- giving an overview of your academic and personal skills, as well as your achievements
- providing details on the research you have done in your subject area and the careers it can lead to
- summarising any work experience or placements you have completed and how your learnings there relate to your subject area
- showing your passion and commitment

Each of your three answers will have a minimum character count of 350 characters and a maximum of 4000.

Make sure you get feedback from tutors, friends and family, and check spelling and grammar carefully. Our Outreach webinars can support you with personal statement writing. To see our upcoming webinars, visit:
bradford.ac.uk/webinars

Search UCAS.com for more guidance on writing your UCAS personal statement.

FEES AND FINANCE

Rashid, BSc (Hons) Business and Management

A degree expands your mind. And your earning potential.

Graduates earn on average a third more by age 31 than non-graduates that could have gone to university.*

It's an investment you will need to plan carefully. You'll need to think about how you're going to pay tuition fees, accommodation costs (if you're moving away from home) and living expenses.

Whatever your financial situation, a degree education is within reach and there's a range of financial support available to you.

2025/2026 fees for UK students:**

- Undergraduate degree: £9,535 per year
- Foundation year: £9,535 for lab-based courses, and £5,760 for classroom-based courses
- Sandwich placement year: 10% of standard degree fee

Financial support
If you live in England, you can apply for a tuition fee loan and a maintenance loan to cover living and learning costs. Students from Scotland, Wales and Northern Ireland have different arrangements.

The Student Loans Company collects repayments slowly through the tax system over your career, but only when you're earning enough to make it affordable to repay. Please consult the gov.uk website for further information on loan repayments.

We offer a range of scholarships and bursaries, many of which are automatically applied.

See our bursaries and scholarships:
↑ bradford.ac.uk/scholarships

NHS Learning Support Fund
Students on nursing, midwifery and other allied health professions courses are also entitled to a grant of at least £5,000, up to a maximum of £8,000 for some students.

Visit the NHS website for more information on the NHS Learning Support Fund:
↑ nhsbsa.nhs.uk/nhs-learning-support-fund-lsf

* Source: universitiesuk.ac.uk (2024)
** 2026/2027 fees may be subject to an annual increase.

AFTER YOU APPLY

Submitted your UCAS application? You've taken a huge step on your journey.

Here's what happens next.

Interviews
A number of our courses require you to attend an interview. These are detailed in the 'A level and specific requirements' column of the A–Z of courses (p64-75).

Your offer
We'll email you once a decision has been made on your application. You'll also be able to see this in your UCAS Hub.

Alternative offers
Occasionally we offer applicants a place on an alternative course. The alternative course usually allows you to explore similar careers and learn related skills, so it's well worth exploring as an option.

Experience Days
We may invite you to an Experience Day after you receive your offer. This will help you learn even more about your course and the University, allowing you to feel confident selecting us as your firm choice.

Some courses combine interviews with the Experience Day. If that's the case for your course, we'll let you know in plenty of time.

Decisions
You can't reply to any offers until you've received decisions from all your choices.

UCAS Hub will show your deadline to reply. Once all the decisions are in, you select an offer as your firm choice. You can also accept another offer as an insurance choice.

Results Day
UCAS Hub updates on the morning of A level Results Day. If you've got the results you need, your offer will change to unconditional and you can celebrate getting your place at the University of Bradford.

If you don't get the results you need, don't panic – get in touch with us and we'll talk you through your options and what courses we have on offer. If you're taking different qualifications, such as an Access course, you may have received your results and know if your place is confirmed already.

“At Bradford, I’ve become part of a supportive, diverse community. Here, you can make your voice heard and really make a change. The skills I’ve learned will carry me through my professional life.”

Nadine, BEng (Hons) Software Engineering

ENROLMENT

Secured your place at Bradford? It's time to start preparing for life as a student.

We'll be with you for every step of your journey. We'll help to make the transition to the University of Bradford simple, and direct you to all the opportunities and resources available.

We'll send you regular email updates on enrolment and any deadlines you'll need to meet.

You'll be able to find all the information you need about starting your studies on the New Students section of our website:
bradford.ac.uk/new-students

During your induction in Welcome Week, you'll get a full introduction to the University, your course and all the services open to you.

ENROLMENT CHECKLIST

Get ready for university with your enrolment checklist. We'll send you emails to guide you through this process.

- [ ] Confirm your student finance arrangements and set up your student bank account
- [ ] Sort out accommodation if you're moving away from home
- [ ] For useful information and details that will help you with enrolment, check your emails and visit: bradford.ac.uk/new-students
- [ ] Find out more about the Step Up to HE transition programme: bradford.ac.uk/step-up
- [ ] Set up a password for your IT account
- [ ] Complete your online enrolment and upload your valid ID with a photo
- [ ] Download your induction timetable: bradford.ac.uk/new-students
- [ ] If you're paying your own tuition fees, you'll be asked to make a payment as part of your online enrolment. For more information visit: bradford.ac.uk/money
- [ ] Plan your journey and apply for a parking permit if you need one. For more information visit: bradford.ac.uk and search 'car parking'
- [ ] Check what's happening in Welcome Week, and think about clubs or societies you might be interested in
- [ ] Bring some valid ID with you so we can complete your ID check during Welcome Week and issue you with a student card

TO BE, AND TO BELONG

Every student is a key player in Team Bradford. Our true campus community sits at the heart of our connected city. There are societies and sport clubs for everyone – and space to breathe. Discover what student life at Bradford is all about.

University of Bradford
BELONGING

CAMPUS

Our campus has a community atmosphere you won't find anywhere else. It's a friendly, welcoming place where you'll fit right in.

Societies and sports teams enrich life outside your studies and there's a busy schedule of events on campus and beyond.

You'll find everything you need within our compact, self-contained grounds. Make yourself at home in our student accommodation. Socialise and unwind with shops, bars, cafes, sports and fitness facilities. Find peace to study in dedicated quiet areas. And relax in the sun with our lush lawns, gardens and green spaces.

If you want to explore a little further, we're a short walk from Bradford city centre.

Campus is home to Student Central – this hub of activity forms the base for the Students' Union and various support services.

Our societies, clubs and sports teams are also based in Student Central, and there's always a busy schedule of events. Whatever you're into, you'll find a welcoming group or activity to join in with. You could even step outside your comfort zone and try something new.

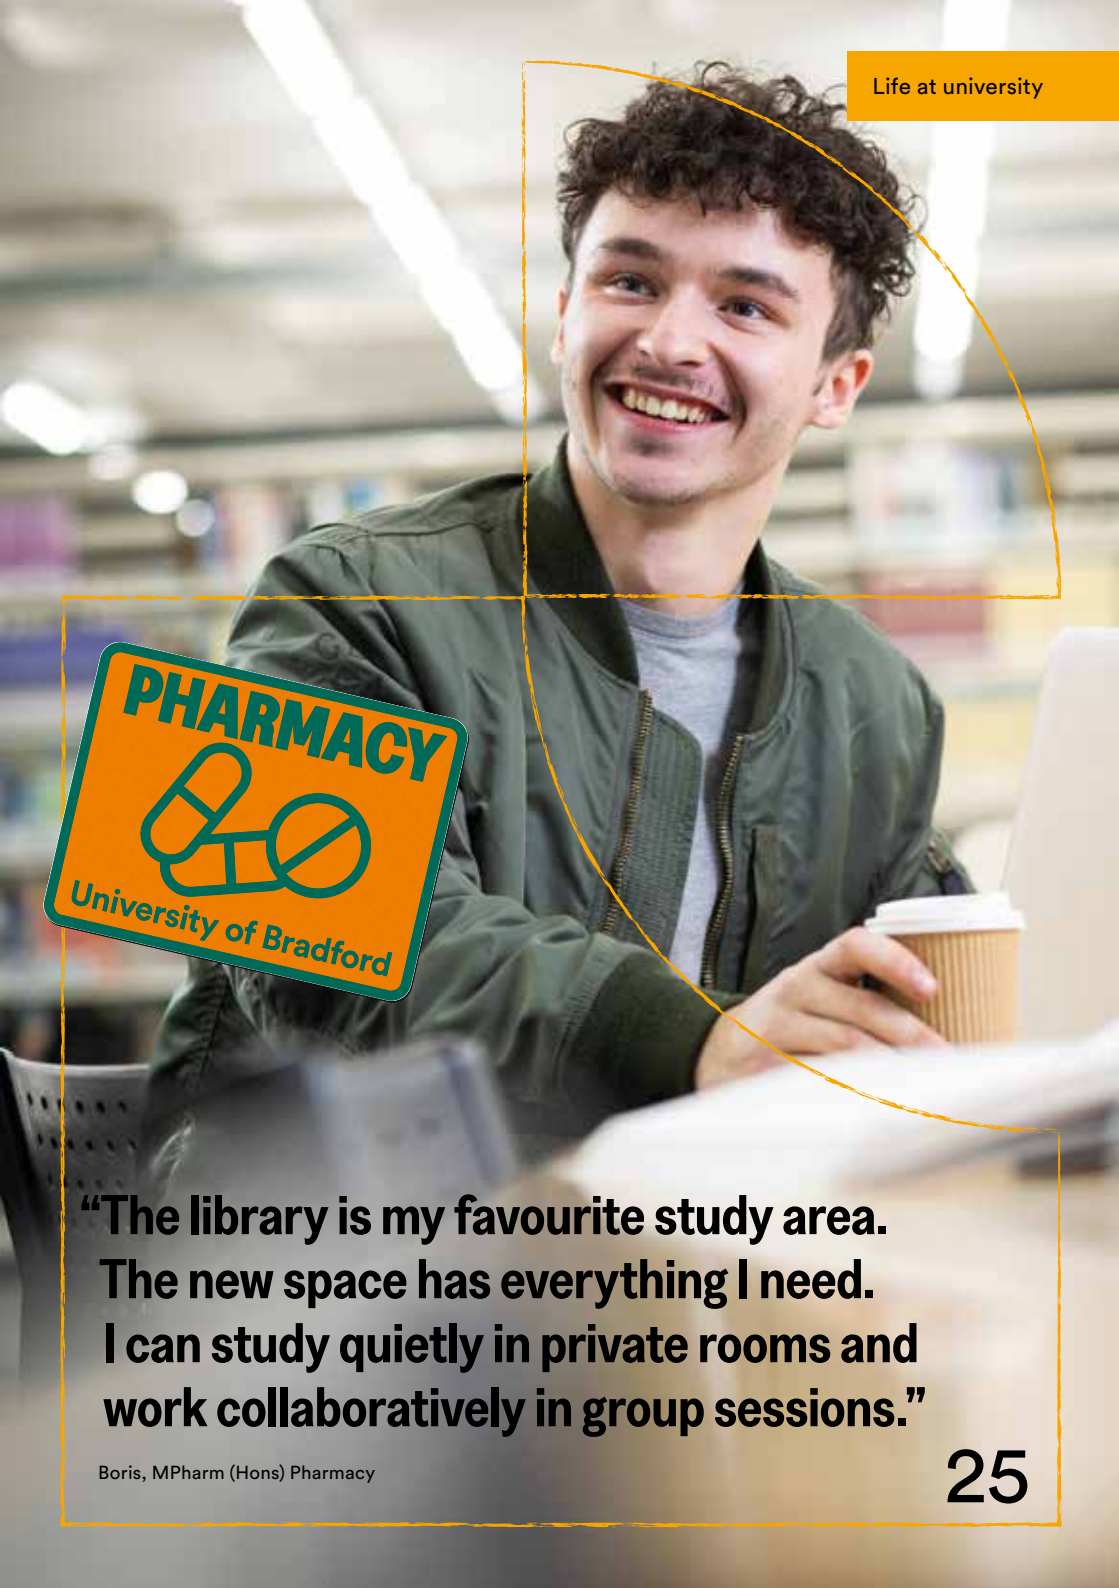

Express yourself
We have our own on-campus theatre and music centre. There's also RamAir, a radio station run by students, for students.

As a student, you can get involved with University decision-making to make sure we're addressing the issues that matter to you.

Team Bradford
Joining Bradford places you in a supportive, welcoming team, whatever your passion.

You and our staff will celebrate your achievements and experiences under this banner, both on campus and within our local community.

“The library is my favourite study area. The new space has everything I need. I can study quietly in private rooms and work collaboratively in group sessions.”

Boris, MPharm (Hons) Pharmacy

“SCO2 in Student Central is my favourite spot when lunchtime rolls around. The vibe there is fantastic, and the food is just incredible!”

Eldean, BSc (Hons) Paramedic Science

CAMPUS LIFE

Excited to see what campus life holds for you? You should be - there's lots to do beyond the lecture halls and labs, including:

Social
- catch up or relax at cafés and meeting places dotted around campus
- unwind at our on-site bars, featuring themed nights and live entertainment

Sport
- work up a sweat at our on-campus gym, Unique Fitness, and use our swimming pool, climbing wall, courts and pitches
- perfect your hooks and jabs at the Bradford Boxing Academy
- join our 20+ sports clubs

Shop
- treat your taste buds at food and drink outlets across campus
- buy essential items in the on-campus shops

Space
- take a break on campus, one of the greenest areas in the city centre – home to hedgehogs, bees, and edible plants
- reduce your environmental footprint with one of the most sustainable campuses in the UK - we're proudly zero landfill, generate our own electricity, and plan to rewild campus

Study
- research and study at the JB Priestley Library
- access extensive online resources when you're studying away from campus
- book study areas and specialist facilities and equipment

STUDENTS' UNION

UBU (University of Bradford Union of Students) is your guide to a vibrant student life at Bradford. You automatically become a member of UBU when you enrol. This means you can start enjoying our services and facilities from day one.

Get involved. Choose from over 20 sports clubs, 70 societies and 100 volunteering opportunities.
No matter your interests, you'll find your people. From football and baking to our own student-run podcast - there's no limit to what you can get involved in. Champion other students on your course as one of our Student Reps, or make your voice heard on a national level as one of our council members. Our dedicated team are on-hand to help you navigate student life.

Find help from our independent advice team.
Whatever you need help with - studies, money, accommodation or welfare - UBU is here for you all year round. You can confidentially discuss any issue with our trained advisers, who will help you completely free of charge. Don't be afraid to approach us with any problem you have.

Develop with our achievement recognition scheme.
Our awards scheme helps you gain the skills you need to stand out in the workforce. Take part in our residential weekends to kickstart your life at university. Build soft skills, networks, and connections to help you achieve your goals. We recognise and celebrate achievements in sports, societies, education and more during our end-of-year awards ceremony.

Explore the country.
From city breaks to the seaside, discover top UK tourist destinations on monthly trips with UBU. Make amazing memories in unforgettable places.

Find us online to see what UBU can do for you:
bradfordunisu.co.uk

“I’m vice-executive of the Psychology and Tai-Chi societies. I love collaborating with friends and society members. It makes me feel like I belong.”

Aneekah, BSc (Hons) Psychology with Counselling

UBU LEADERSHIP TEAM

Our Sabbatical Officers are elected by current students. The team changes each year but the roles remain the same. Meet our current team:

Raizana: Education

I represent our students in academic matters. I lead the Academic Assembly of student and faculty representatives, and support elections and training for both groups. I engage with Senate, Council, the Learning and Teaching Committee and academic subcommittees to ensure student perspectives are represented.

Tilly: Sports & Wellbeing

My role focuses on boosting sports participation, improving resources, and ensuring fair representation for all members. I advocate for student athletes, organise events, support sports clubs with funding and resources, collaborate with external groups, and influence policies to improve facilities and opportunities.

Sanskrity: Student Affairs

I look over the advocacy and governance side of the Students' Union. I oversee the Sabbatical Officers team, chair the trustee board and attend all the meetings with the University. I play a key role in the functioning of the Union by advocating for our students and promoting good governance.

Anas: Community & Activities

I support societies on campus in various ways, such as event planning, organising Freshers' activities, and strengthening their presence within the Students' Union. I also collaborate with the local community, Council, and University teams to coordinate events and provide additional support and resources as needed.

“Rugby has been a huge part of my journey. Being part of a team has been incredible - it’s a fantastic way to make friends.”

Shaun, BEng (Hons) Chemical Engineering

ACCOMMODATION

Moving out to study? Find your new home at the heart of campus.

The Green is our on-campus student village. It's right at the centre of university life, just five minutes from your morning lectures and 10 minutes from the city centre.

Facilities and benefits include:
- inclusive WiFi and bills
- on-site launderette
- communal student lounge
- regular student experience events
- 24/7 security and support
- dedicated on-site property team
- open green spaces
- solar energy, rainwater harvesting, biodiversity pond and grow-your-own-food patches

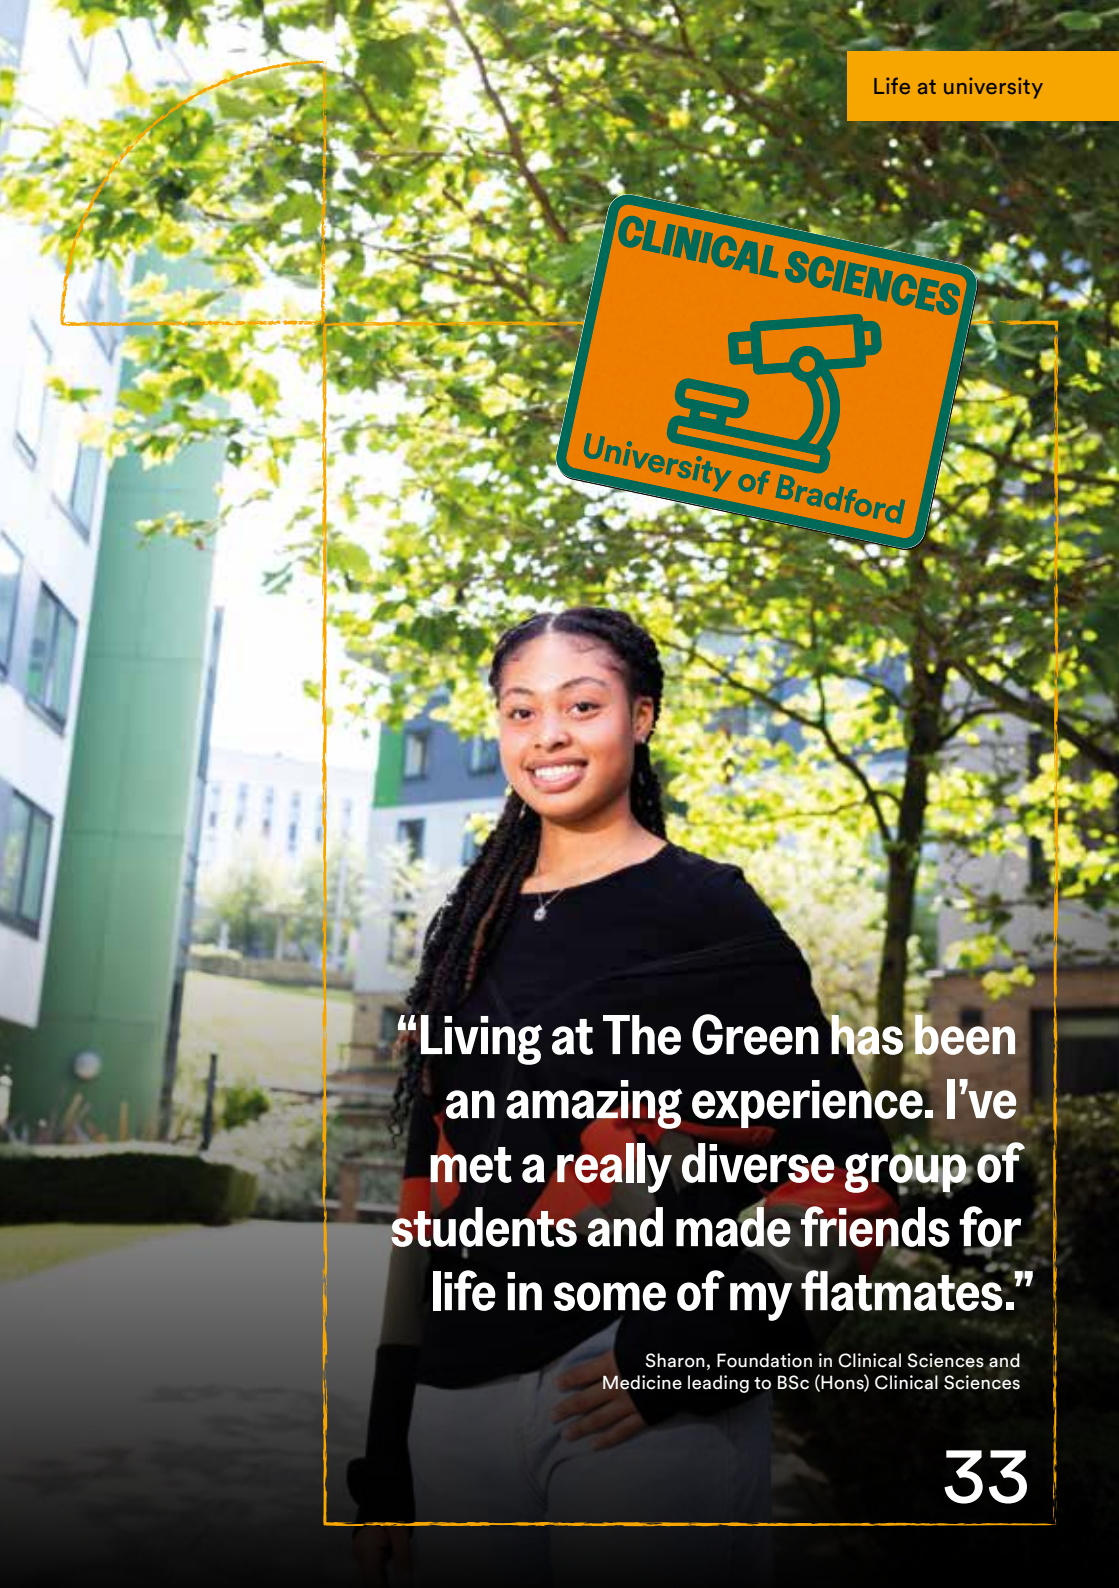

The Green is managed by Homes for Students.

For more information, visit:
↖ wearehomesforstudents.com/student-accommodation/bradford

Private accommodation
There is a wide choice of privately rented accommodation available within walking distance of campus.

For a comprehensive guide to finding quality and safe private accommodation, visit:
↖ unipol.org.uk/bradford/accommodation

Our Student Life Team can also help support you with any accommodation issues.

"Living at The Green has been an amazing experience. I've met a really diverse group of students and made friends for life in some of my flatmates."

Sharon, Foundation in Clinical Sciences and Medicine leading to BSc (Hons) Clinical Sciences

WE'RE HERE TO HELP

Starting university is a huge step. You're not on your own, though. Our support teams are here for you, right from the beginning.

Student Support Services
- MyBradford
- Student Life
- Careers and Employability
- Library
- Student Success
- The Language Centre
- Counselling, Mental Health and Wellbeing
- Disability Service
- Peer Support
- Chaplaincy and Multi-faith
- Visa Support
- Students' Union
- University Nursery

MyBradford
Our frontline team of friendly, supportive staff from the Student Life, Counselling & Mental Health and Disability teams will be your first point of contact.

You can find us at two spots on campus: Richmond Building and Student Central.

We'll provide information, advice and guidance on any issues you run into. We'll also direct you to our other support teams if they can help you.

Step Up to HE
Our Step Up to Higher Education (HE) programme helps you prepare for your studies. You'll develop some essential skills needed at university.

The programme includes online resources and activities, and a live schedule of workshops. These workshops offer you the chance to meet members of staff and other students.

Visit our website:
bradford.ac.uk/step-up

CAREER AND EMPLOYABILITY SERVICES

We're here to help you develop your career plans and employability profile whilst at university and beyond.

All of our services are available on campus and online, including one-to-one appointments and other useful sessions.

Further details of all our services can be found on our website:
bradford.ac.uk/careers

Services include:

Individual support
One-to-one professional guidance and help with career planning, applications, interviews, assessment centres and networking.

Events
Regular careers fairs, employer-led events and workshops.

Job opportunities
A database of local part-time jobs and placements, and local, national and international graduate jobs and internships.

Placements and internships
Opportunities while you're studying and after you graduate, including in-programme placements, and our tailor-made Summer Experience placements and Bradford Graduate Internship Programme.

International opportunities
The chance to study or work abroad.

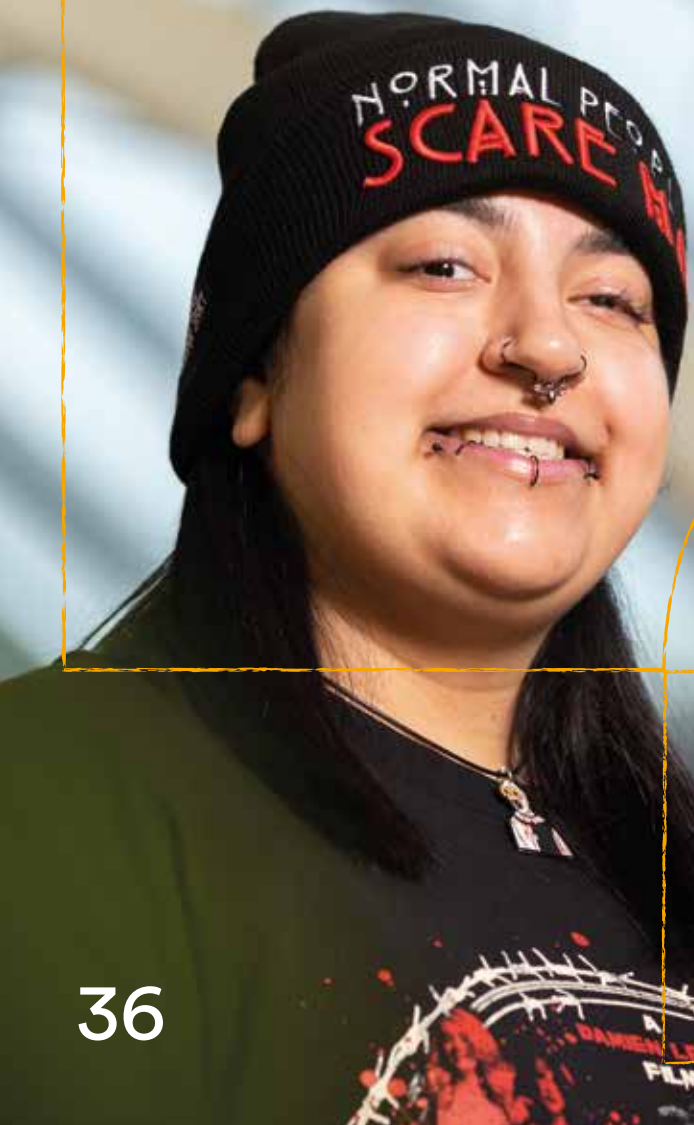

Careers information
Dedicated 24/7 careers information and resources to support your career aspirations and connect you to job opportunities.

Visit our website for more information, and search 'unibradcareers' on social media:
bradford.ac.uk/careers

Graduate support
Individual and targeted support for graduates, and access to all services for up to five years after graduation.

“I’ve received a lot of support for my visual impairment and chronic illness from the Disability Service, especially for exam adjustments. The team is amazing.”

Alicia, BA (Hons) Criminology

University of Bradford
SOCIAL SCIENCES

SUPPORT

Student Life team
We provide a variety of services for students who find themselves in need of additional support whilst at university. This includes initial advice on issues which may be affecting general welfare, including:

- managing money and budgeting
- financial hardship
- accessing food
- homelessness
- relationship issues including domestic abuse, coercive control and forced marriage
- accessing healthcare

Counselling, Mental Health and Wellbeing
We provide confidential support, advice and guidance to all our students.

Our counsellors are there for any issues you may want to talk through. Our mental health advisors can support you in adapting to university life and provide advice and information throughout your studies.

We have a range of self-help resources on our website and offer workshops on subjects such as resilience, procrastination and mindfulness.

Visit our counselling website:
↖ bradford.ac.uk/counselling/

Disability Service
We provide support, advice and guidance to prospective and current disabled students to help remove or overcome barriers to your success. Our services are offered to anyone with specific learning difficulties (SpLDs) such as dyslexia, dyspraxia and/or dyscalculia, as well as ADHD, autism, long-term conditions, sensory impairments, limited mobility, physical impairments and mental health conditions.

We are student-led and can provide support to you if you feel it is required. We'll need evidence to provide some types of support, for example, extra time in exams.

If you feel you need support, you can request a Learner Support Profile that outlines any reasonable adjustments and support requirements that you might have. We offer screening for specific learning difficulties (SpLDs) to all students and support students for further assessment if it is needed.

Disabled Students' Allowances (DSAs)
If you're applying to university and have a learning difference, long-term condition or disability, you should apply for Disabled Students' Allowance (DSA) if eligible. We recommend you apply as soon as possible to ensure support is in place for the start of your course. If you're not eligible then we'll ensure that alternative support is in place.

For full information visit:
↖ gov.uk/disabled-students-allowance-dsa

Students who aren't eligible for DSA can email disabilities@bradford.ac.uk for further advice and guidance.

“From my son’s first day, he absolutely loved the nursery. The facilities are amazing and the staff are so lovely and supportive. They nurture children in whatever their interests are.”

Molly, BSc (Hons) Public Health and Community Wellbeing

SUPPORT

Library
The library is at the heart of your learning. We provide all the books, journal articles and other resources you'll need. In fact, many will be available immediately online. Your subject librarian will help you develop the skills and knowledge to find and use these quality resources effectively in your work.

Our library offers you a range of study spaces. You can choose to study in a group, find a quiet or silent individual study space, use our Calm Space to relax in, and if you are a parent or carer with young children, you can book the library's Family Study Room. Whenever you have a question, we will be happy to help.

Visit the library website:
↖ bradford.ac.uk/library

Report + Support
Students and staff can use Report + Support to report incidents such as:
- bullying
- harassment
- discrimination
- sexual misconduct
- hate
- other behaviour that falls short of what we expect from students and staff at the University

Reports are made online, anonymously or with your details - it's up to you.

Nursery
We provide high-quality early years care and education for children from birth to five years of age.

Just a few minutes' walk from campus, our Ofsted-rated Outstanding, award-winning nursery feeds your child's imagination and curiosity with in-the-moment learning.

We offer a discount to University students, as well as Government-funded hours for children aged two to four.

Visit the nursery website:
↖ bradford.ac.uk/nursery

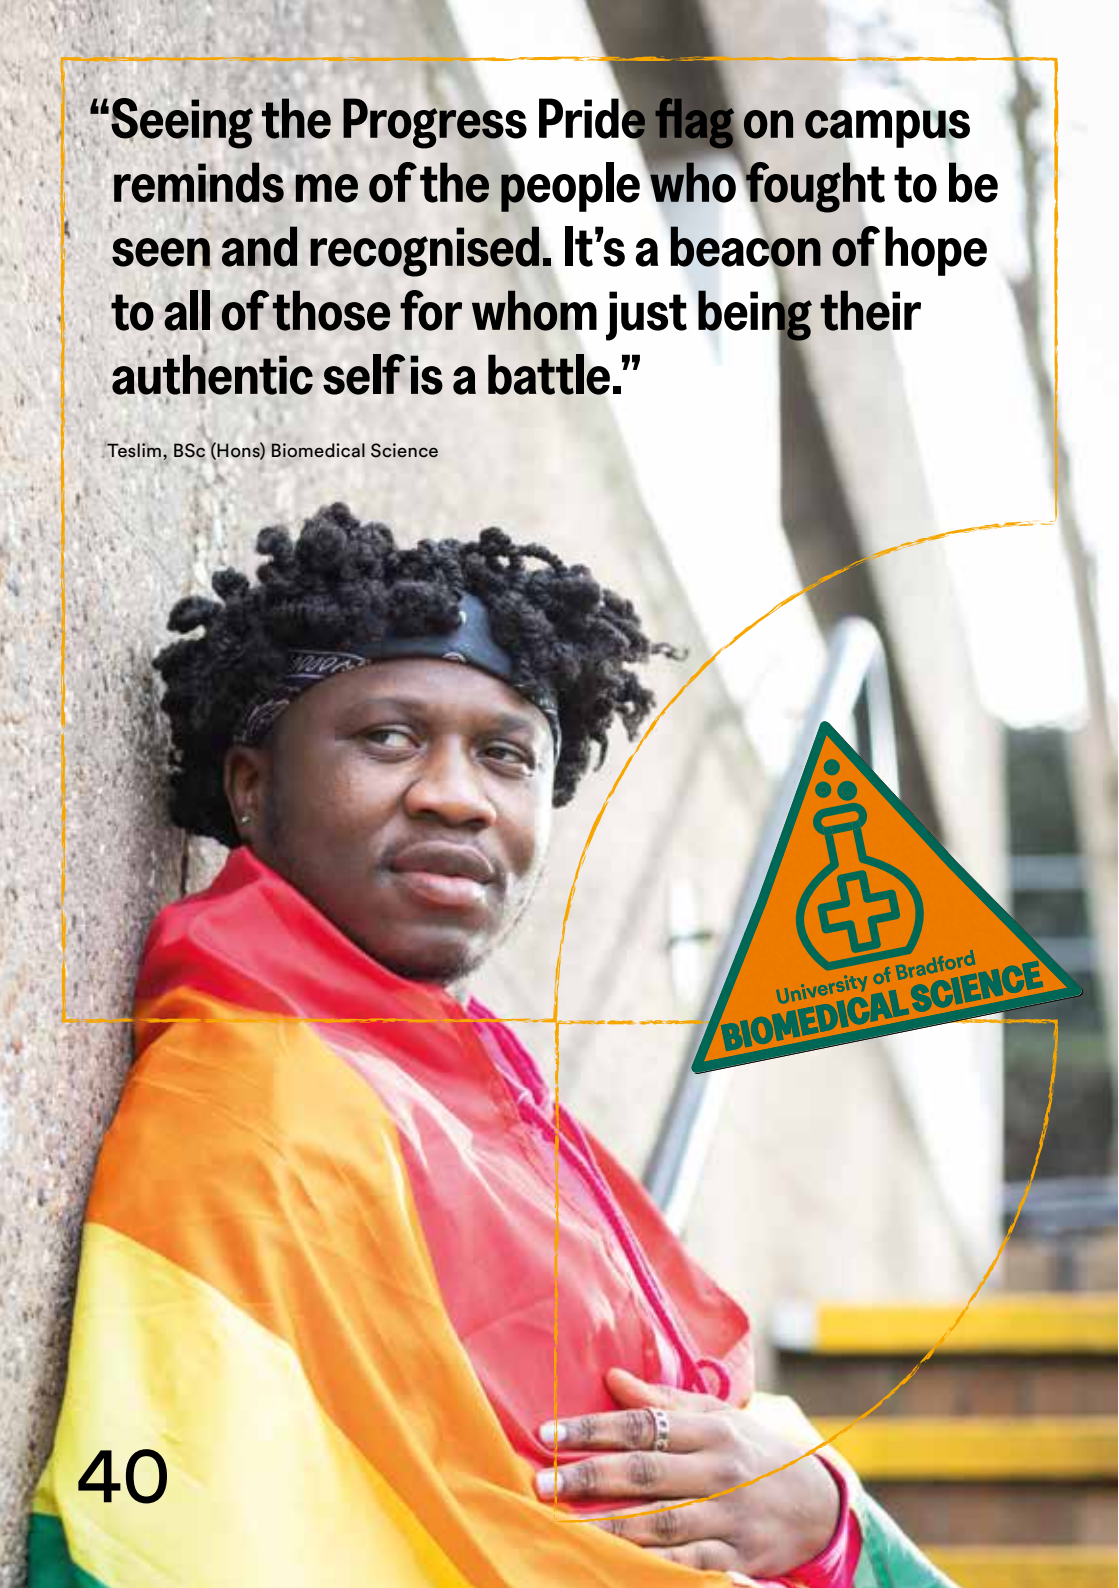

Chaplaincy and multi-faith team
Our team represents various faith groups and provides spiritual support and pastoral care.

Whether you have a faith or not, these are people you can discuss difficulties and share success and joy with.

Campus has a multi-faith space and a fully-equipped prayer room.

Safety and security
Our security team are on hand 24/7 to ensure campus remains a safe and relaxed environment.

The team patrol all areas of the University, on foot and by vehicle, throughout the day and night.

“Seeing the Progress Pride flag on campus reminds me of the people who fought to be seen and recognised. It’s a beacon of hope to all of those for whom just being their authentic self is a battle.”

Teslim, BSc (Hons) Biomedical Science

University of Bradford
BIOMEDICAL SCIENCE

AN INCLUSIVE COMMUNITY

We celebrate the similarities and differences in our many communities, and work hard to remove the barriers to your success.

We improve the life chances of every student who studies at Bradford. And we're not just saying that - we've been ranked number one in England for impact on social mobility* every year since 2021.

We're dedicated to helping our students succeed, whatever their background, identity, beliefs or challenges.

Our students come from a range of backgrounds, including:
- local students
- adult learners returning to education
- students from across the UK
- students of over 110 different nationalities

Tailored support is available to those of you arriving from challenging backgrounds.

We offer personal and academic support to ensure you're able to succeed and progress at university, and beyond.

University of Sanctuary
We were one of the UK's first Universities of Sanctuary. This recognises our work to create a welcoming and inclusive culture for refugees and asylum seekers. Our Sanctuary Scholarships help refugees or people seeking asylum who cannot access student finance to pay student fees and participate in Higher Education.

A diverse city
Bradford is a diverse and multicultural city. It's welcomed people from around the world throughout its history. Over 150** languages are spoken here, and diverse cultural influences are part of the fabric of the city.

The University of Bradford is at the heart of this community. We're proud to reflect and help shape the social and economic future of our city. If you're passionate about championing equality and inclusion, Bradford is a great place to be.

WELCOME TO BRADFORD

Find your home in the UK's City of Culture for 2025.

We sit at the cutting edge of history. In a city that's long been a place of creativity, innovation, activism, fierce independence and rich diversity.

Discover a safe, welcoming environment for you to make your mark and forge new paths.

Oweida, BSc (Hons) Business and Management

“Bradford is a food lover’s paradise. Whether you’re craving a classic British dish, or flavours from across the globe, the city’s vibrant food scene has something delicious for everyone.”

Aisha, BEng (Hons) Mechanical Engineering

BRADFORD LIFE

There's lots to do and discover within walking distance of the University campus, including:

Culture
- a diverse festival calendar, including the outstanding Bradford Literature Festival
- the first UNESCO City of Film, home to the National Science and Media Museum
- venues like St George's Hall and the Alhambra Theatre
- Bradford Live venue, due to open soon in the historic former Odeon building

Retail
- The Broadway - a major shopping and leisure destination
- Sunbridge Wells - restaurants, bars and shops beneath the streets
- markets, boutiques and indie outlets across the district

Social
- a vibrant food culture and restaurant scene
- a new social and cultural hub, Darley Street Market, will open in 2025
- craft beer and street food at North Parade
- a passionate sports community

Space
- City Park - spectacular public space with the largest urban water feature in the UK
- Little Germany - regenerated historic merchant quarter
- landscape - 36 public parks in the district

ON OUR DOORSTEP

Bradford is surrounded by beautiful countryside, and historic towns and villages. And some of the UK's most exciting cities are just a short trip away.

Here are some great places to explore, all of which are an hour or less away by train or road:

- Hebden Bridge – a quaint, creative and free-spirited town
- Manchester – a vibrant and exciting city
- Huddersfield – great for shopping and eating out
- Saltaire – a historic town with an independent shopping scene
- Haworth – a scenic village, famous for being home to the Brontë sisters
- Leeds – perfect for a shopping day or a night out

Bradford is also a great base for exploring the whole of the UK due to its excellent road and public transport links, including two railway stations, a bus station and a nearby airport.

You'll never be short of something to do. And wherever you go, you'll experience the warm welcome Yorkshire folk are rightly famous for.

"Bradford's got great transport links to loads of different places. I've been to the Yorkshire Dales, Leeds and places closer to home like Salts Mill."

Josh, BSc (Hons) Physiotherapy

DO IT. FOR REAL.

At the University of Bradford, you don't just learn the theory. You get to experience hands-on learning with world-class facilities and industry placements. This is education that's made for the real world.

Where you're equipped with practical skills to ensure a seamless transition into the workplace. Where some of the world's biggest employers form part of our extensive partner network. And where you're empowered to go out and make a difference.

“Passion oozes out of everyone involved with my course. There are quirky facts and interesting conversations around every corner.”

Jone, BSc (Hons) Forensic and Medical Sciences

“In my third year, I was given a dissertation involving independent research and study. It was daunting at first, but I’m proud of what I’ve accomplished.”

Oscair, MEng (Hons) Civil and Structural Engineering

ENGINEERING
University of Bradford

LEARNING AND TEACHING

We're committed to a flexible, inclusive learning culture. This will help you achieve your goals and make a positive difference to the world.

We deliver our courses through a mix of face-to-face on-campus sessions, and online activities . Each course has a different blend, designed to best suit the subject and maximise your achievement.

Our digital learning tools will also help with your studies. Access live, interactive online sessions through Canvas, our state-of the-art virtual learning environment (VLE). Canvas also has specialist platforms, materials, digital portfolios and resources to help enhance your learning.

This blended approach to learning will reinforce your in-person experiences. Use our digital resources to help work through and reflect on your learning at a time and pace that suits you.

An inclusive university
We have a proud history of supporting students from diverse backgrounds.

We listen to you, our students. And as we build an understanding of your lived experiences, we can further shape our pioneering education programmes and transform the lives of our students and communities.

Together, we create a culture that nurtures talent, inspires success and cares for everyone.

Learning is research-led and digitally enhanced. It gives you the academic, technical, professional and personal skills you'll need throughout your life.

LESS TALK. MORE DO.

University isn't just lectures, labs and seminars. It's a chance for you to gain crucial work experience and tackle real-world challenges.

Our courses are designed to engage and inspire. To get you out into the world putting the things you learn into practice. You'll also find opportunities away from your course, including the chance to work with our marketing team on paid creative projects.

Whatever you get involved in, these experiences will help to shape the future you.

Gain skills
Benefit from:
- placements and internships with our network of partners
- masterclasses and teaching from experienced practitioners
- hands-on practical projects using industry-standard equipment and techniques
- a sandwich year course. These are real, paid jobs within the sector where you want to pursue a career
- paid and volunteering opportunities with the Students' Union, University events teams and local organisations

Make your mark
There are world-leading experts in every area of the University, pushing the boundaries of their subject and improving the lives of people around the world.

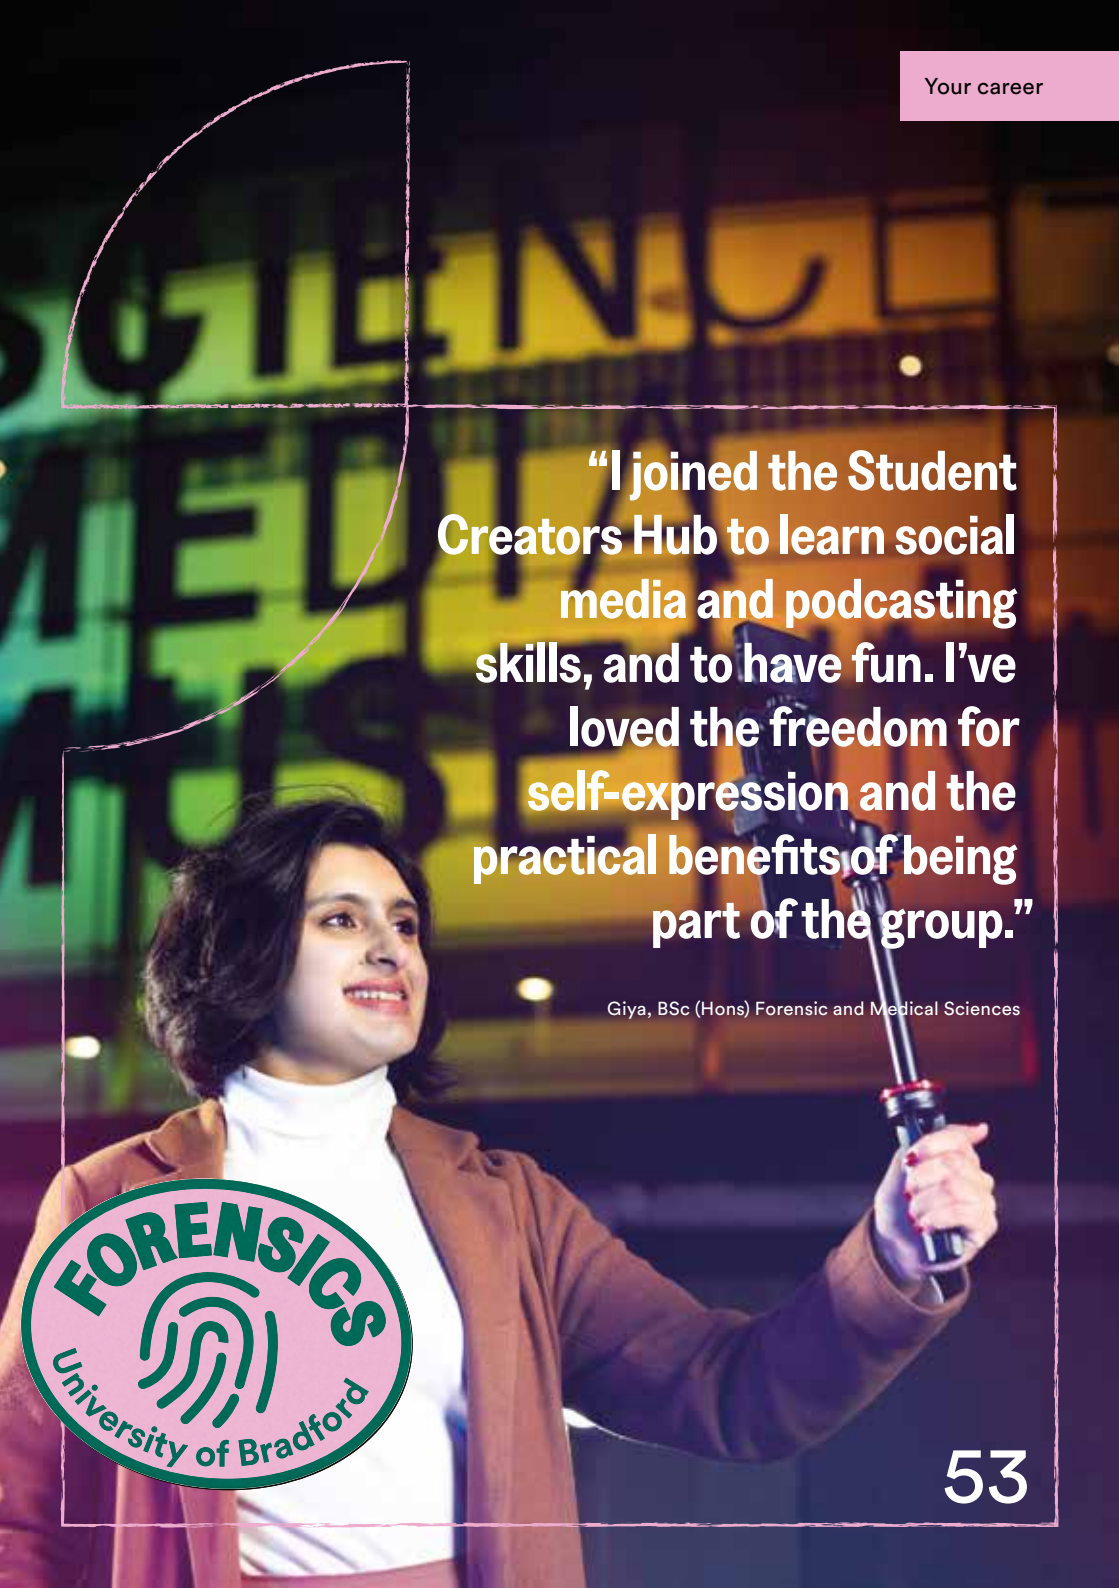

You'll work with these researchers and practitioners on a day-to-day basis, and you may even get involved in their work.

Our research and teaching is responsive to the ever-changing business, social, scientific and environmental landscape.

Get creative
You'll have the opportunity to inspire future students by sharing your stories and experiences.

Our Student Creators Hub, managed by the University marketing team, would love to work with you to create authentic written, visual and video content to share across our platforms. You can join now and share your applicant journey, or look out for us at Freshers' Fayre during Welcome Week.

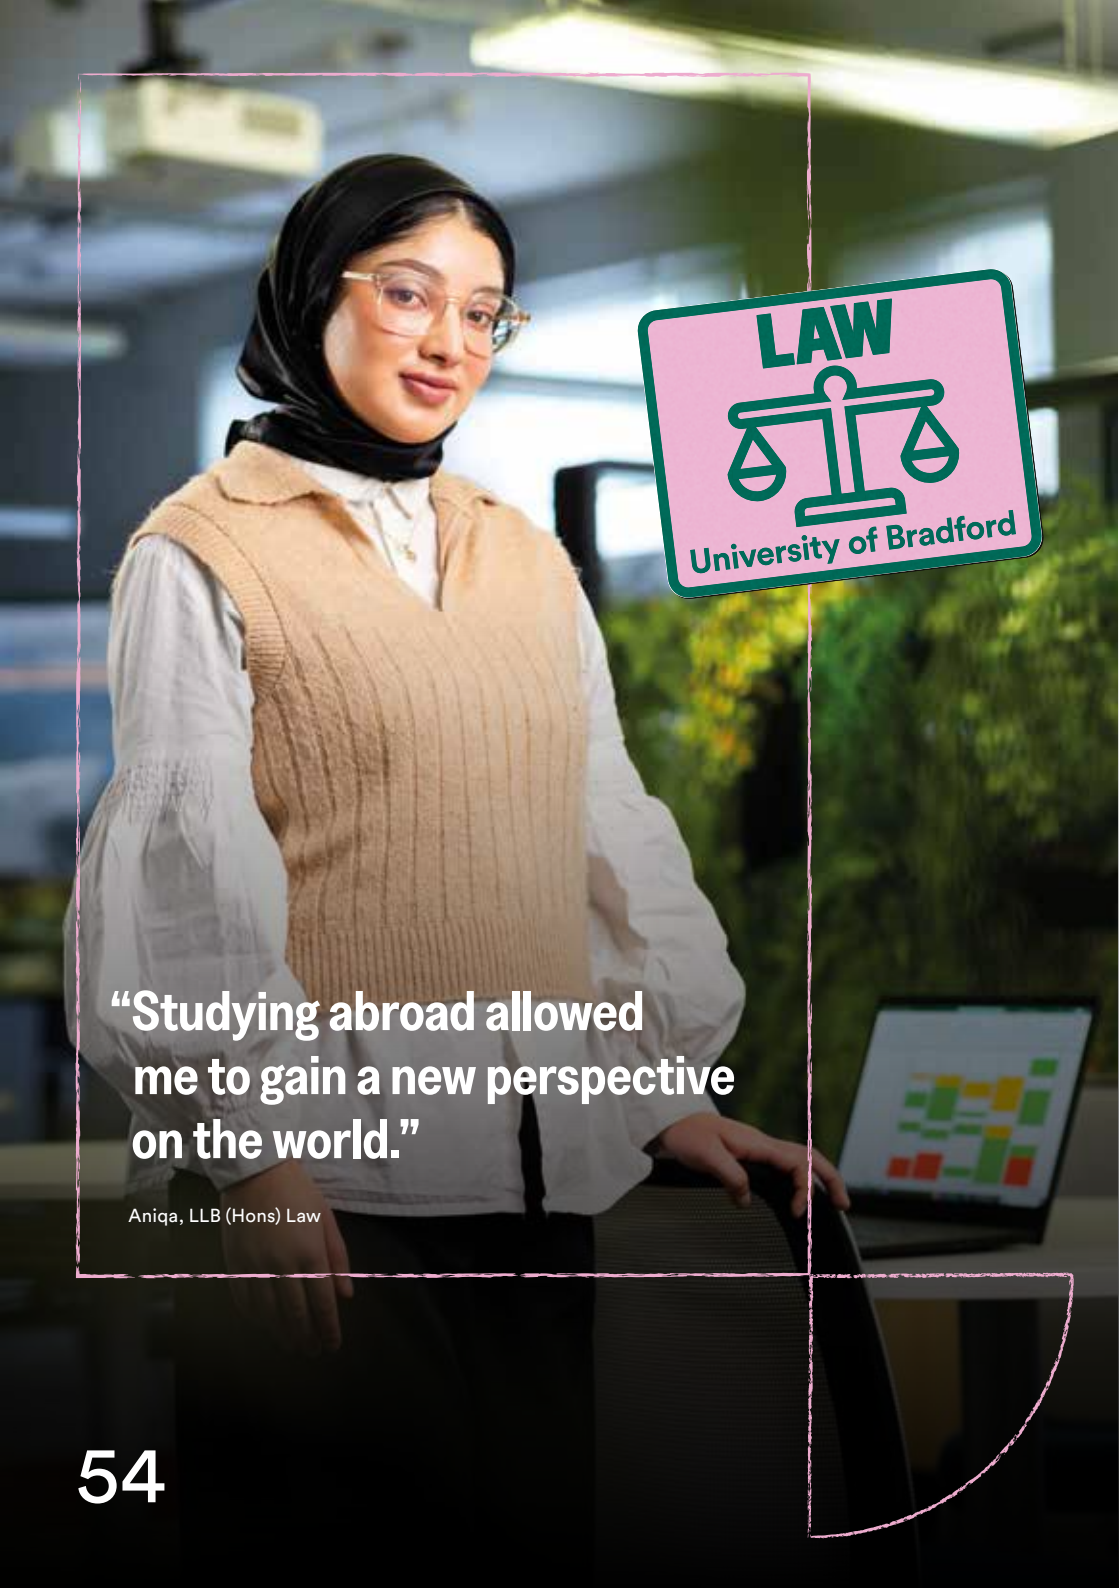

Student Creators Hub:
bradford.ac.uk/creatorshub

“I joined the Student Creators Hub to learn social media and podcasting skills, and to have fun. I’ve loved the freedom for self-expression and the practical benefits of being part of the group.”

Giya, BSc (Hons) Forensic and Medical Sciences

FORENSICS
University of Bradford

LAW
University of Bradford
“Studying abroad allowed me to gain a new perspective on the world.”
Aniqa, LLB (Hons) Law

GO INTERNATIONAL

You could work or study abroad as part of your course. Our dedicated team can help you explore opportunities and available funding.

We have one of the most comprehensive exchange schemes in the UK, offering opportunities from one week to one year.

Turing Scheme
Funded opportunities through the UK Government's new scheme for education and training around the world.

Short international programmes
Worldwide summer schools and elective placements.

Overseas placements
Worldwide work placements and internships.

Study placements
Study at one of 460 universities around the world.

This is a life-changing opportunity to spread your wings and see the world. You'll never forget these experiences.

Aniqa spent a full year studying abroad in South Korea:

"Studying abroad allowed me to gain a new perspective on the world by being directly exposed to a new culture and ways of life.

I have built adaptable skills, become more independent and more comfortable taking risks. I have learnt lifelong skills, gained experience and stepped out of my comfort zone."

Bashar, BEng (Hons) Chemical Engineering
with Integrated Foundation Year

PROFESSIONAL ACCREDITATION

A Bradford degree will open doors and kick-start your career.

Our courses meet strict quality standards. They're delivered by expert academics, practitioners and technicians.

Get hands-on experience with industry-standard equipment, and head out into the field or workplace with the majority of our courses.

Many of our courses have professional, statutory or regulatory body accreditation or approval. This means they meet profession-specific criteria.

For some professions, passing an accredited course is a requirement for entry.

Graduating from some of our accredited courses also counts towards professional qualifications. You'll be able to apply to become a member of the accrediting organisation when you graduate. It's another way we'll help you get your career off to the best possible start.

All of our accreditations can be seen in the A-Z course list, on pages 64-75.

EMPLOYABILITY

Stand out from the crowd.

The Bradford Employability Award
We can help you showcase your experiences and achievements beyond the classroom.

The Bradford Employability Award includes extra-curricular activities like voluntary work and student representative roles. They're recorded and included in a Higher Education Achievement Report (HEAR). You can use this report to show employers the full picture of your time at Bradford once you graduate.

Entrepreneurship
Bradford is a youthful, entrepreneurial city that's home to many exciting start-ups. Our economy is worth over £11.6bn, the tenth* largest in England.

If you're a budding or active entrepreneur, the University has a range of activities to help you start and build your business ideas in Bradford and beyond.

These include:

- The Entrepreneurship Festival, to introduce all students to the idea of being an entrepreneur and starting your own business
- Accelerated Student Entrepreneurship Programmes, to support students to come up with and develop viable business ideas (HEAR accredited)
- Start-up and Innovator Entrepreneur and Visa Programmes, which help both UK and international graduates to remain in Bradford and establish or develop a start-up
- one-to-one information, advice and mentoring support
- Graduate Entrepreneur Programmes, supporting graduates in developing sustainable businesses
- information, advice and mentoring support through our Entrepreneurs' Lounge (dedicated space for student, alumni and local entrepreneurs on campus)
- The Bradford-Renduchintala Enterprise Ecosystem (BREE), a new initiative to help entrepreneurs take business ideas from concept to market

The University of Bradford was recently ranked the 13th top UK university for producing CEOs and business founders**.

89% of our graduates were employed or in further study 15 months after completing their studies***.

“Hands-on placement experience is invaluable. Dealing with diverse patient cases hones my skills, deepens my understanding, and heightens my empathy.”

Ryan, BSc (Hons) Nursing (Adult)

GRADUATION

What does it mean to graduate?

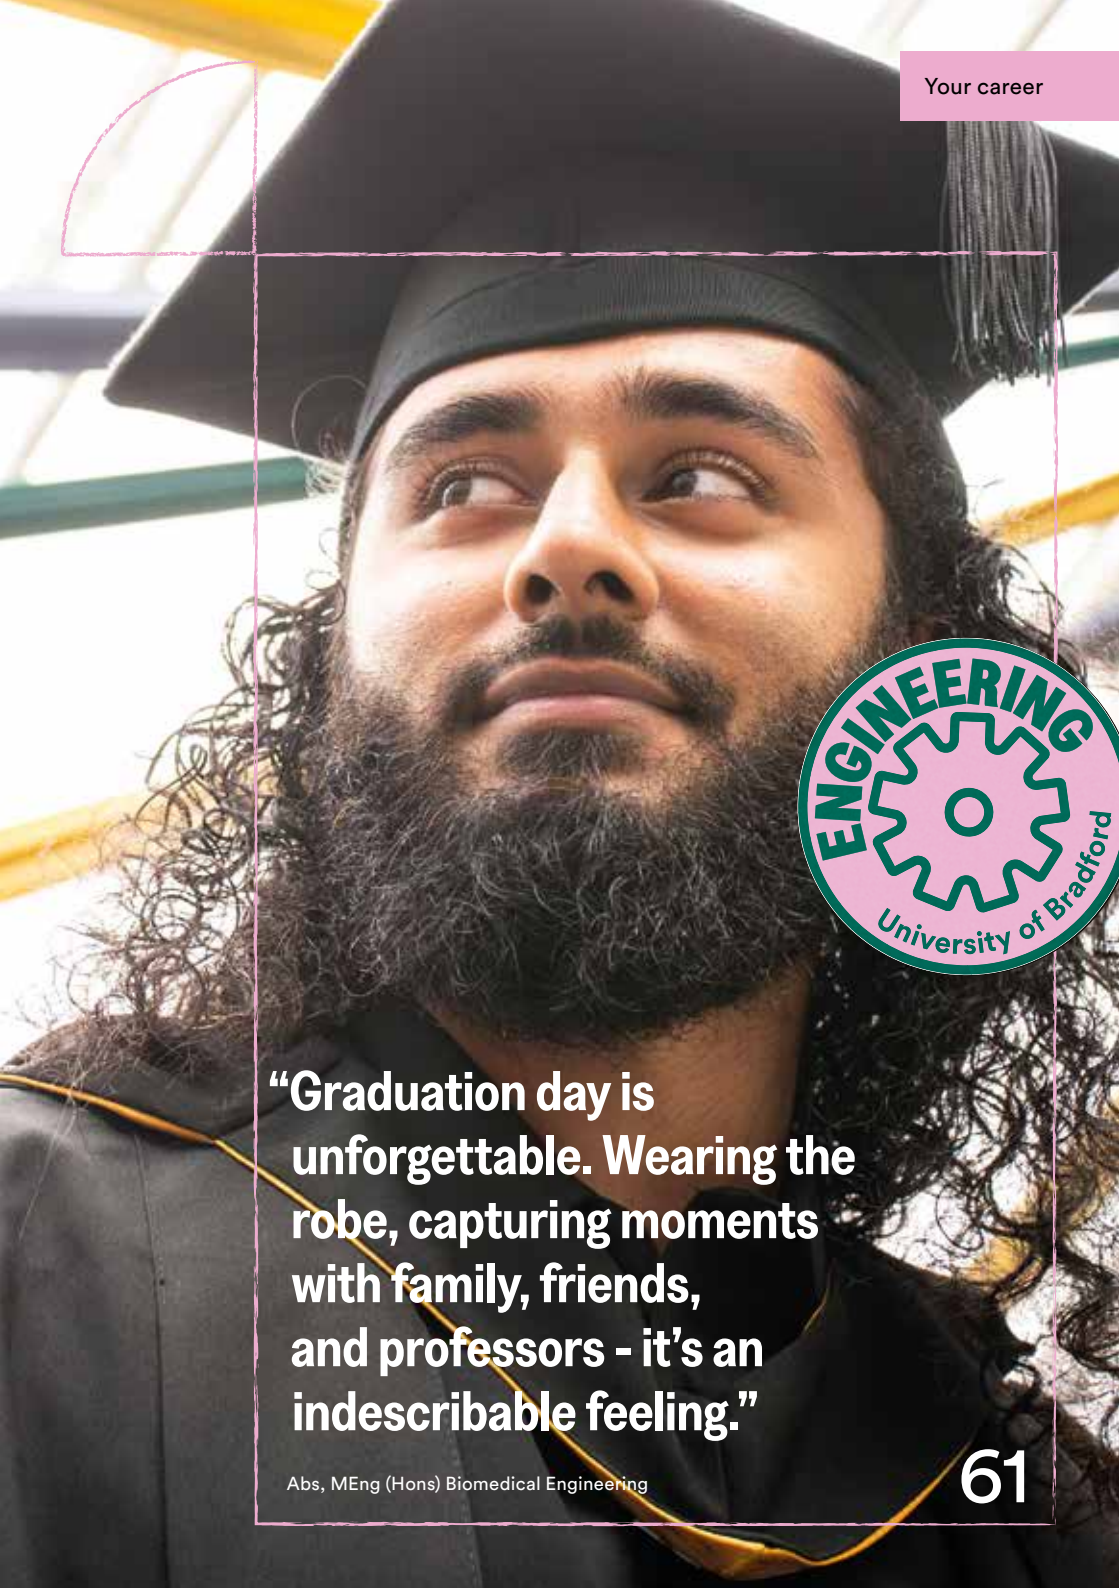

It means you've achieved what you came to university to do. It's a time to celebrate. To reflect. To recognise your achievements with loved ones, coursemates, and those who've helped guide your university journey.

Graduation is a milestone in your life. It means you're ready to take the next step in your exciting personal journey.

When you graduate from the University of Bradford, you'll join an alumni community of over 150,000 graduates around the world.

You'll also have our support for life, including:

- access to Career and Employability Services for five years
- an alumni discount on postgraduate study at Bradford
- an international network of alumni groups
- free lifetime membership of the Students' Union
- ongoing access to library services
- exclusive invites to alumni events
- volunteering opportunities which keep you involved with the University

“Graduation day is unforgettable. Wearing the robe, capturing moments with family, friends, and professors - it’s an indescribable feeling.”

Abs, MEng (Hons) Biomedical Engineering

YOUR POSSIBILITIES? ENDLESS

Maybe you've known about your passion subject since day one. Or maybe you're still considering your options.

Either way, we offer over 70 courses, all led by academic experts and taught in industry-standard facilities. We know you'll find a subject that excites you.

“I was captivated by the immersive lab practicals and the dynamic, engaging modules. They’ve reinforced my independence and confidence, and prepared me for my future endeavours.”

Abbas, BSc (Hons) Clinical Sciences

“I didn’t realise at first the multitude of career opportunities a degree like mine could offer. I’m looking forward to seeing where the opportunities take me.”
Niha, BSc (Hons) Psychology and Criminology
PSYCHOLOGY
University of Bradford

“I love that, as a Biomedical Science student, there are various career paths and options after graduation, so my choices aren’t limited.”

Tala, BSc (Hons) Biomedical Science

THE SMALL PRINT

This guide has been drafted in advance of the academic year to which it applies.

Every effort has been made to ensure that the information contained in this guide is fair and accurate at the time of publication. It is issued as general guidance for prospective students, rather than as a definitive source of information on the University of Bradford.

We try our best not to make changes to our academic programmes. However, in exceptional circumstances, some changes may be applied for the benefit of our students or to comply with external requirements. It is therefore very important to check our website or contact us for any updates before you apply.

Once you have applied, any change which impacts the terms and conditions of your offer, or a significant part of your programme, will be communicated to you.

We can arrange for this material to be transcribed into an accessible format such as Braille, large print, e-text (compatible with screen reading software) or digital audio.

Credits and thank-yous

Design by Hybrid.
Typesetting by Matt Lupton.
Photography by Adam Tanner, Ed Kirk, Vicky Matthers and Kiran Mehta.

Thanks to all the students and staff who have contributed to this project, and to Waterstones, Salts Mill, Pepe's and The Light Cinema for providing photography locations.

The statistics quoted in the publication are derived from:

The Higher Education Statistics Agency (HESA) 2021/22 Graduate Outcomes Survey, published June 2024. The Guardian University League Tables 2025. The Complete University Guide League Tables 2025. The Higher Education Policy Institute's English Social Mobility Index 2024. Compare The Market graduate index, published August 2022. Universities UK Longitudinal Education Outcomes data, published 2024. Bradford City Council. Hitachi Capital Invoice Finance study, published July 2021. The Institute for Fiscal Studies.

The University of Bradford – Confronting Inequality: Celebrating Diversity™

The University of Bradford is committed to promoting equality, diversity and an inclusive and supportive environment for students, staff and others closely associated with the University, in conformity with the provisions of its Charter.

Alcohol Impact Policy

We are committed to providing students with a safe and responsible social life, which is demonstrated by our involvement with the NUS Alcohol Impact programme and our increasing range of alcohol-free social activities.

PSYCHOLOGY
University of Bradford
“I have changed in many positive ways since starting my studies at Bradford. I’ve connected with people academically and through extracurricular activities. I feel welcomed, connected and at home.”
Fatima, BSc (Hons) Psychology
