WHY STUDY AT THE UNIVERSITY OF OKLAHOMA?

At the University of Oklahoma (OU), students participate in cutting-edge research that fuel tomorrow's advancements in defense, aerospace, climate and engineering. With STEM-certified programs in environmental studies, engineering and energy, OU experiences will fuel your future career and reshape our environment.

Located in the Southwest, students have a welcoming community and easy access to regional cities. Oklahoma City's airport is just 30 minutes from campus, while Dallas is less than three hours away.

OU programs have industry impact

Our programs deliver industry-relevant skills across fields like mechanical engineering, petroleum engineering and geoengineering. Beyond leading research, our department drives innovation in the energy industry at the local and global level.

UNDERGRADUATE
programs ranked by U.S. News & World Report 2025

#6 in Petroleum

#24 in International Business

#35 in Entrepreneurship

#98 in Best Undergraduate Engineering Programs

#64 in Aerospace/ Aeronautical/Astronautical Engineering (tie)

#73 in Civil Engineering (tie)

THE VALUE OF AN OU DEGREE

- With 74% of graduates accepting jobs within six months of graduation, recent OU bachelor's degree recipients reported an average starting salary close to $60,000 and enjoy a cost of living lower than most US cities (*Information obtained by OU Career Center from 84.2% reporting 2023–2024 graduates*).
- 96% of Mewbourne College of Earth and Energy graduates were employed six months after graduation (*University of Oklahoma Undergraduate Student Outcomes and Data 2022-2023*).
- According to the *U.S. Bureau of Labor Statistics*, the median annual wage for environmental engineers was $104,170 in May 2024. For petroleum engineers, it was $141,280 in May 2024.
- According to *Forbes*' 2025 cost of living calculator, the cost of living in Norman, Oklahoma is 53% lower than Los Angeles, California.

13 out of 17 graduate programs are STEM-designated degrees.

- Aerospace Engineering (MS)
- Civil Engineering (MS)
- Computer Science (MS)
- Construction Management (MS)
- Data Science and Analytics (MS)
- Economics (MA)
- Electrical and Computer Engineering (MS)
- Environmental Engineering (MS)
- Master of Environmental Science
- Industrial and Systems Engineering (MS)
- Management of Information and Technology (MS)
- Mechanical Engineering (MS)
- Planning, Design and Construction (MS)

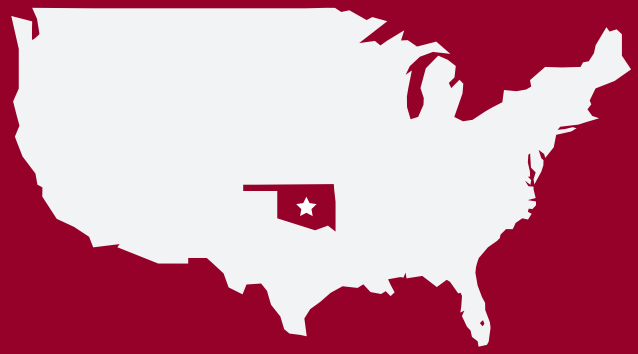

57 out of 170 undergraduate programs are STEM-designated degrees.

- Aerospace Engineering
- Applied Artificial Intelligence
- Architectural Engineering
- Astronomy
- Astrophysics
- Biochemistry
- Biology
- Biomedical Engineering
- Chemical Biosciences
- Chemical Engineering
- Chemical Engineering: Pre-Medical
- Chemical Engineering: Bioengineering
- Chemical Engineering: Sustainability
- Chemistry
- Chemistry and Biochemistry
- Civil Engineering
- Computer Engineering
- Computer Science
- Economics (BA)
- Electrical Engineering
- Engineering Physics
- Environmental Design
- Environmental Engineering
- Environmental Geology
- Environmental Science
- Environmental Studies (BA)
- Environmental Sustainability (BS in Environmental Sustainability)
- Geoenergy Engineering
- Geographic Information Science (BA in Geographic Information Science)
- Geographic Information Science (BS in Geographic Information Science)
- Geography (BS in Geography)
- Geology
- Geophysics
- Industrial and Systems Engineering
- Industrial and Systems Engineering: Analytics
- Industrial and Systems Engineering: Pre-Medicine
- Information Science and Technology
- Mathematics (BA)
- Mathematics (BS)
- Mechanical Engineering
- Mechanical Engineering: Pre-Medical
- Meteorology
- Microbiology (Bachelor in Microbiology)
- Microbiology (BS)
- Paleontology
- Petroleum Engineering
- Petroleum Geology
- Physics (Bachelor in Physics)
- Physics (BS)
- Software Development and Integration
