Your learning experience

Build your subject expertise and develop skills that will take you further.

More than ever, the world needs experts. So, learn from experts at Warwick and become one yourself. Challenging and inspiring teaching will help you to develop your academic curiosity and encourage agile thinking. These are skills you'll carry into a successful career, or that can propel your existing career to new heights.

- » Flexible and specialist teaching, learning and study facilities
- » Personal tutor or supervisor for academic support and guidance
- » Work collaboratively with us to shape your teaching and learning experience
- » Learn a language
- » Study abroad opportunities and international partnerships
- » Access to more than one million printed works at our University Library

"The teaching at Warwick has been nothing short of exceptional."

Tom
PhD Chemistry student

Innovative learning

Warwick is a hub of creative and pioneering thinking, bringing world-class research into teaching. We are therefore constantly reviewing and refreshing our teaching methods to enhance your learning. This may involve discussion, learning from visiting lecturers, or even role play of real-world scenarios.

TEF
2023
Gold

Rated Gold for Student Experience, Student Outcomes, and Overall

(Teaching Excellence Framework 2023)

Explore different perspectives

Many of our courses are breaking down the divides between subjects and use multiple perspectives to address the key issues facing our society, such as modern healthcare, big data, and cyber security.

With an international campus of students from nearly 150 different countries, your way of thinking and perspectives will be challenged and transformed.

World-class facilities

You'll have access to excellent teaching, learning, and research facilities across the University. You will also be able to utilise dedicated postgraduate spaces where you can network with fellow students, attend regular events and workshops, and study collaboratively or independently.

We are investing

£700m

in our campus to facilitate **bold, world-leading and collaborative** education and research

Learn more about our Connect programme

Our research

At Warwick, our Research Spotlights are addressing some of the most pressing challenges of our time.

They showcase our research excellence, shape our strategic focus, and bring together experts from academia and industry to drive meaningful, lasting impact.

Explore how our work is illuminating the path to a better future across six key thematic areas.

92%
of our research

Business, Manufacturing & Innovation

Creating organisations of the future through innovation and technology.

Behaviour

Challenging our understanding of human behaviour, shaping better institutions.

Sustainability

Focusing on sustaining life for the future of our planet.

Health

Tackling the most pressing health challenges of our time.

Digital, Data Science & AI

Shaping a digital landscape where everyone can benefit from technologies.

Society & Culture

Leveraging world-class research to help solve pressing social and cultural challenges.

Your career

Your career path is unique to you. Our careers team offer personalised support to help you develop your skills, plan your career path, and get experience at any point during your time at Warwick, and for two years after graduation.

Careers support includes:

- » Webinars and virtual workshops, including contributions from graduate recruiters
- » Help with job applications and interviews
- » More than 7,000 vacancies advertised each year from employers looking to connect with our students
- » Careers fairs, enabling you to meet with employers in person, ask questions, and understand more about their graduate and internship opportunities
- » Bespoke support from Senior Careers Consultants linked to specific academic departments
- » The Warwick Award, to help you build and develop your employability skills
- » Part-time work available on campus
- » Volunteering opportunities through Warwick Volunteers
- » Support with starting an enterprise through Warwick Innovations

* Our graduates have gone on to work for employers including those listed on this page. Derived from the Graduate Outcomes survey, carried out approximately 15 months after completion. Contains HESA data: Copyright Higher Education Statistics Agency Limited 2025. HESA cannot accept responsibility for any inferences or conclusions derived by third parties from its data. 1,740 (30% of the 2021/22) postgraduates participated in the survey and were available to work. 971 provided salary details.

Supporting you

We know how important it is to feel safe and supported while at university.

We provide a welcoming environment for all students, and our wellbeing and specialist teams are on hand to help with all aspects of postgraduate life.

"My supervisors have been invaluable."

Ephie
Business and Management
PhD student

Explore more ways we can help you

Wellbeing and support

The Wellbeing Team offer an access point to all Wellbeing Support Services. Following a short consultation, they will refer you to the most appropriate people for support. In addition, the team offers advice and support appointments on a wide range of issues. These could be:

- » **Practical:** Such as difficulties with accommodation
- » **Emotional:** Such as family difficulties, homesickness, support through a disciplinary process
- » **Wellbeing related:** Such as how to better manage your own wellbeing, and concerns over the wellbeing of others
- » **Community safety related:** Concerns about security, harassment or crime

Welcome to Warwick

Welcome to Warwick provides information, events, and tips about starting at Warwick, including sessions about academic opportunities, help with getting to know the local area, and social opportunities to meet other postgraduate students.

Doctoral College

Our Doctoral College offers advice and guidance to support postgraduate research students. It runs community-building and networking events, provides support with developing professional skills, and helps you manage the practicalities of a research degree.

Personal tutor/supervisor

Once you enrol, you'll be assigned a personal tutor (Taught courses) or supervisor (Research courses) who you can talk to about your progress throughout your course, and who can help you with any academic concerns or other queries you may have.

Specialist teams

- » Chaplaincy
- » Community Safety

250+
student-run societies

"Warwick has everything you need."

Dany
Teaching English to Speakers of Other Languages (TESOL) MA student

60+
sports clubs

Sports clubs

There are plenty of sports clubs to join, so whether you're looking for fun, competition or relaxation, there will be something that matches your goals.

Societies

Joining societies provides endless opportunities to make lifelong friends, explore your passions, try something new, and enhance your employability skills. Offered through the Students' Union, they cover categories such as:

- » Academic subjects
- » Activities and games
- » Campaigning (welfare, charity and action)
- » Cultural, religious, and belief
- » Film, media, music, and performance
- » Food and drink

See all our societies and sports clubs

Our location

University is a great time to explore new places and meet new people.

While there's plenty to experience on campus, there's much more to see and do in the local area and beyond.

Our University is in the heart of the UK. We're close to two major city centres – Coventry and Birmingham, and our excellent transport links place us just over an hour away from London by train, and close to Birmingham International Airport.

Although our campus is situated in Coventry, parts of it reach into the Warwickshire countryside, so you get the best of both city and green spaces to explore.

Coventry
10 mins by bus to Coventry city centre

Birmingham
25 mins by train to city centre
9 mins by train to airport both direct from Coventry

London
1 hour 5 mins by train, direct from Coventry

Local area

- » Nearby Warwickshire towns include Leamington Spa, Warwick, Kenilworth, and Stratford-upon-Avon
- » Easy access to shopping, nightlife, sporting events, music, arts and culture
- » Regular bus services from campus and direct cycleway to Kenilworth

Accommodation

When it comes to housing preferences, we know that one size doesn't fit all. That's why we have a variety of options to ensure that you'll feel at home.

Campus accommodation

Living on campus is the best way to experience Warwick.

No deposit or guarantor required

- » Simple online process with our instant booking platform

Be part of a community

- » Free events on campus from the Residential Community Team (RCT)
- » Live with other students from around the world

Safety and support

- » 24/7 security support on campus from the Community Safety Team
- » Peer-to-peer support from the RCT

Bills included

- » Wi-Fi, utility bills, and contents insurance included in your rent

Save on travel costs and time

- » More time to focus on your studies and enjoy life as a student at Warwick

Our campus accommodation includes some separate postgraduate areas in our residences, as well as a limited number of options suitable for couples and students planning to live with their family. All campus accommodation is furnished and includes a maintenance service as well as cleaning of communal areas.

Discover our residences now:

warwick.ac.uk/residences

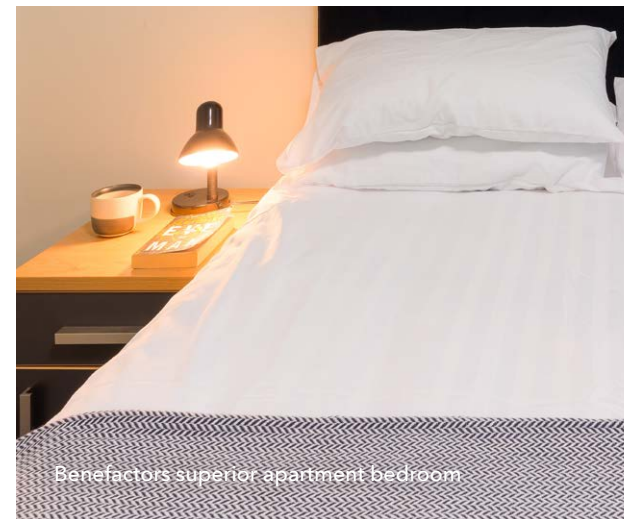

Postgraduate accommodation bookings open in spring and are offered on a first-come first-served basis to students with an Unconditional Firm offer of study.

Lakeside kitchen

Westwood En-suite cinema room

Benefactors superior apartment bedroom

Private accommodation

Alternatively, you can rent a property off campus in the local area. We recommend using Warwick Studentpad to look for local properties once you have an Unconditional Firm offer of study. You can also search for accommodation through a private landlord or letting agency, but we advise contacting the Students' Union Advice Centre for guidance on renting, where to look, budgeting, and avoiding accommodation scams.

Talk to us

Whether you're looking to stay on campus or in private accommodation, our friendly Accommodation team is here to help.

Cryfield Village

How to apply

Our step-by-step guide on how to apply for a postgraduate course at Warwick.

1 Explore available courses and opportunities at Warwick

Explore the courses and/or areas of research our departments offer. You may also like to meet or chat with us, online or in person, to find out more.

View our postgraduate courses: warwick.ac.uk/pg/courses

2 Check the entry requirements

Did you know we offer pre-session English courses that may help you to meet our English language requirements?

warwick.ac.uk/preessional

3 Check the application deadline(s)

Check the course webpage for any specific deadlines.

Otherwise, for most courses that start in September/October 2026:

- » Applications open in Autumn 2025
- » Deadline for students who require a visa to study in the UK – 2 August 2026

For Research courses that start at other times of year we recommend applying at least:

- » 3 months before the course start date if you require a visa to study in the UK
- » 6 weeks before the course start date if you do not require a visa to study in the UK

4 Check the course fees and explore funding options

You'll need to think about the course fees as well as living costs.

There are lots of funding routes available, including loans, scholarships and bursaries, as well as considering part-time work opportunities to support you in your studies. Find out more on page 22.

5 TAUGHT Write your personal statement

This should be 1-2 pages long in English and in your own words. Find more top tips in our guide to writing your personal statement.

warwick.ac.uk/personalstatement

RESEARCH Contact your department, potential supervisor(s) and/or write your research proposal (if required)

For research degrees you must locate a suitable supervisor for your area of research, and we recommend contacting them before you submit your application.

Specific requirements for this step can differ by department.

Find details for each department: warwick.ac.uk/findaphdsupervisor

6 Prepare any additional information and supporting documents

We typically ask for:

- » Transcripts from your university-level study (current or completed)
- » Degree certificate (if study has been completed)
- » English language proficiency (if applicable and available)
- » Personal statement (taught courses only) or Research proposal (research courses only, if applicable)
- » CV/resume (if applicable)
- » Academic referee contact details

You may find it helpful to save these in one place before you start your application.

7 Start your online application

Add any additional information and supporting documents as required.

8 Pay the application assessment fee (if prompted)

Not applicable for Postgraduate Awards and PhD courses.

9 Submit your online application

10 What's next?

We'll process your application and you'll be invited to set up your account on our Applicant Portal, so you can track your application status.

We consider every application carefully but aim to get back to you with a decision as soon as possible.

Find out more information

Full details on all aspects of applying to Warwick can be found on our web pages, including:

- » Accepted English language tests
- » Guidance on supplying academic references
- » Guidance on writing personal statements and research proposals
- » Visa information

If you have any questions, you can join a live chat or make an enquiry online.

Fees and funding

Course fees

The fees you'll pay depend on several factors, including which course you'll be studying and whether you are a Home or Overseas student.

Find your course fees for 2026/27 entry

Living expenses

Beyond the academic fees that you pay for your programme of study, the other main cost will be your living expenses.

These include:

- » Accommodation
- » Food and toiletries
- » Books and materials
- » Other general expenditure (including clothing, laundry, insurance, trips/holidays, entertainment, travel, and more)

Students undertaking postgraduate research courses should budget for additional costs to cover research-related field trips, visits to off-campus libraries, and attendance at conferences.

Scholarships and financial support

Funding routes for postgraduate students include:

- » Postgraduate loans from the UK Government (Home students)
- » University scholarships
- » Fee awards
- » Department bursaries and scholarships

You can apply for scholarships through the University, UKRI Centres for Doctoral Training, academic departments or schools, industry, charitable foundations and governments.

Get up-to-date information on fees, funding routes (including UK and Overseas scholarships), and living costs on our website.

Search for a scholarship

Course Durations

The time over which a course can be studied varies by course. As an indication:

- » Taught Master's courses, e.g. MA or MSc qualifications, are typically offered 1 year if full-time or 2 years if part-time.
- » Research Master's courses, e.g. MRes qualifications, are also typically studied for 1 year if full-time or 2 years if part-time.
- » Research degrees, e.g. PhDs, are typically offered/studied for 3-4 years full-time, and up to 7 years part-time depending on the make-up of the course.

Full details of the duration for each course can be found on our course webpages.

Short Courses and Alternative Qualifications

The following course list covers our main taught Master's and research degree programmes.

We also offer several shorter courses and/or alternative qualifications including Postgraduate Awards, Postgraduate Certificates, Postgraduate Diplomas and Degree Apprenticeships.

If you are interested in one of these alternative routes, please visit the website for details:

*The entry requirements listed are indicative. Those applying for 2026 entry should go to **warwick.ac.uk/pg** to check the latest offer levels and durations. This includes important information about our courses, and web links to terms and conditions that you should read and consider before applying.

^Please check **warwick.ac.uk/pg/apply/english** for full details of the English language component test scores required for your course.

English language requirements

English language test bands

Language band	Required standards
Band A courses	Overall IELTS (Academic, UKVI or Online) score of 6.5 and minimum component scores not below 6.0
Band B courses	Overall IELTS (Academic, UKVI or Online) score of 7.0 and minimum component scores of two at 6.0/6.5 and the rest at 7.0 or above
Band C courses	Overall IELTS (Academic, UKVI or Online) score of 7.5 and minimum component scores of two at 6.5/7.0 and the rest at 7.5 or above
Band D courses	Overall IELTS (Academic, UKVI or Online) score of 8.0 and minimum component scores of two at 7.0/7.5 and the rest at 8.0 or above

The University also accepts a number of other approved English language tests. If you have not taken an IELTS (Academic, UKVI or Online), please visit warwick.ac.uk/pg/apply/english to see which other tests are approved.

We also offer pre-sessional English courses that will help you to meet our English language requirements. Please visit warwick.ac.uk/pg/preessional for more information.

Essential information

This prospectus was accurate at the time of production and publication in August 2025.

It is, however, published over 12 months before enrolment on the courses to which it applies. Given the long interval between publication and enrolment, some of the information may change. It is therefore very important that you check our website for any updates before you apply for one of our courses by searching for your course at warwick.ac.uk/pg

Where there is a difference between the contents of this prospectus and our website, the contents of the website takes precedence and represents the basis on which we intend to deliver our services to you.

You are advised to read the information at warwick.ac.uk/pg/important-information-before-applying

This sets out when, for example, we might make changes to your chosen course, to the fees payable or to student regulations. It is therefore important that you read and take note of it.

Our Admissions Policy can be found at warwick.ac.uk/pg/apply/admissionspolicy

If your application is successful, terms and conditions will be provided with your offer. Information about wider student rights and responsibilities can be found at warwick.ac.uk/services/aro/studentrights

If you have any questions about applying to Warwick, chat to us via warwick.ac.uk/pg/meet-us

Meet us

We understand how important it is to visit and explore your future university before you apply.

That's why we have put together a range of online and in-person options to help you discover more about your course, visit campus, and get a sense of postgraduate life at Warwick.
