

UNIVERSITY
OF WOLLONGONG
AUSTRALIA

Postgraduate Coursework 2026

Acknowledgement of Country

The University of Wollongong (UOW) is committed to Reconciliation and to inspiring a better future through education and research partnerships.

We acknowledge that Country for Aboriginal peoples is an interconnected set of ancient and sophisticated relationships.

The University of Wollongong spreads across many interrelated Aboriginal Countries that are bound by this sacred landscape, and intimate relationship with that landscape since creation.

From Sydney to the Southern Highlands, to the South Coast.

From fresh water to bitter water to salt.

From city to urban to rural.

The University of Wollongong acknowledges the Custodianship of the Aboriginal peoples of this place and space that has kept alive the relationships between all living things.

The University acknowledges the devastating impact of colonisation on our campuses' footprint and commit ourselves to truth-telling, healing and education.

Why UOW?

Choosing to study a postgraduate course is a big decision. At the University of Wollongong, it's one that comes with all the support you need to earn a recognised qualification that will help you accelerate your current career or start a new one.

Learn from industry experts

You'll be learning from people who have vast industry experience and are working on cutting-edge research in your field. UOW's reputation is founded on world-class research and teaching.

Build your network

Connect with like-minded people in your course, as well as more than 35,000 students from over 160 countries. UOW's presence in Malaysia, Singapore, Hong Kong, China, Dubai and India means that you can connect with employers around the world who are familiar with UOW's reputation and the quality of our graduates.

Specialise or diversify

By studying a UOW postgraduate course you will gain highly valued, specialised skills that will see you become a leader in your industry, or you can diversify your skills to broaden your career opportunities.

Flexible study

UOW's postgraduate offerings include short courses and degrees with flexible delivery, allowing you to fit study around work and life.

Make it official

Fast track your career progression by expanding your knowledge beyond your workplace experience and formalising your qualifications. Postgraduate study at UOW will ensure you're up-to-date with best practice and leading industry knowledge.

Affordable course fees

In 2026, UOW is making postgraduate study more accessible. Eligible domestic students will benefit from up to 75% off course fees through either a Commonwealth supported place (CSP) or a UOW subsidised fee reduction, supporting students to upskill and advance their careers.

5 stars

UOW received five stars for postgraduate student support, learner engagement and skills development for a range of study areas.

I think the course content will be very useful for my career going forward. It has taught me the foundations of social work and given me the courage to apply this knowledge to the real world. The teachers are very supportive and flexible, truly passionate about what they do, and eager to share their knowledge.

The professional placements have really opened the door for me to discover new opportunities for employment that I haven't previously considered."

Harrison Fleming
Master of Social Work (Qualifying)

The next step in your career **starts here**

As economic, technological and social forces transform the way we work, gaining up-to-date skills and knowledge can open up new opportunities. UOW offers a range of online, flexible and on-campus courses to help you take the next step in your career.

Save up to **75%** on postgraduate course fees

Postgraduate study at UOW is now more accessible. Eligible domestic students will benefit from up to 75% off course fees through either a Commonwealth supported place (CSP) or a UOW subsidised fee reduction, helping them gain new skills and progress their careers.

Commonwealth supported places

A Commonwealth supported place (CSP) is a university place where, for eligible domestic students, tuition fees are made up of two parts:

- A contribution by the Australian Government (for some courses, up to three-quarters of the tuition fee is funded by the Australian Government)
- A contribution by the student (which, depending on eligibility, may be deferred, and repaid later via a HECS-HELP loan, or paid upfront).

Your eligibility is automatically considered when we assess your application.

If you are an Australian citizen, a New Zealand citizen, a permanent resident, or a holder of a permanent humanitarian visa, you're more than halfway to meeting the eligibility criteria for a CSP.

Visit studyassist.gov.au/help-loans/hecs-help to learn more.

UOW subsidised fee reduction

To make postgraduate study more accessible, where a Commonwealth supported place is not available, UOW is offering eligible domestic students who start their studies in 2026 a subsidised fee reduction.

HELP loan

The Higher Education Loan Program (HELP) is a loan to defer the cost of study until you earn above a certain income. HECS-HELP is the loan scheme for Commonwealth supported degrees, while FEE-HELP is for fee-paying students including those receiving a UOW subsidised fees reduction. A HELP loan is available to Australian citizens, New Zealand citizens that are a Special Category Visa holder (who meet the residency requirements), and permanent humanitarian visa holders to defer all or part of their course fees.

Subsidised postgraduate fees
Find indicative course fees.

uow.info/subsidised-fees

Domestic coursework scholarships

There are a number of coursework scholarships available. Refer to the website for details.

uow.info/postgrad-scholarships

Courses

UOW offers a range of postgraduate courses to suit your future career and your commitments.

Graduate certificates

A graduate certificate is a great option for people looking to advance their career in a shorter time frame. These can be completed in six months full-time, or part-time equivalent and are made up of four subjects.

Upon successful completion of a graduate certificate, you may be eligible for credit for up to four subjects* when you enrol in a graduate diploma and/or master's degree.

Graduate diplomas

A graduate diploma is a one-year full-time, or part-time equivalent course. Students who have already completed the graduate certificate will receive credit for up to four subjects completed.*

Master's degrees

A master's degree from UOW gives you a competitive edge over other employees, with master's graduates earning on average 36 per cent more than their undergraduate colleagues.¹ A master's degree is a one to two years full-time or part-time equivalent course.

Flexible delivery

Most courses are available full-time or part-time so that you can fit study around your work or life commitments.

Students who are working full-time often study part-time, choosing to complete one to two subjects per semester, taking three years to complete a master's degree.

Check course information on our website or speak to us to find out more.

*Credit awarded varies depending on the subjects taken as part of the graduate certificate and the masters selected.
¹ QILT Graduate Outcomes Survey 2023

Pathway options

Our flexible degrees mean that you have the option to start small with a graduate certificate and continue into a graduate diploma or master's degree. We know life doesn't always go to plan. That's why students enrolled in a master's degree can apply to exit early, still earning a graduate certificate or graduate diploma, depending on the number of subjects completed. Our supportive staff will work with you to get the best result for your circumstances.

This diagram is representative only. Some courses require more or less subjects than described in this diagram. A graduate diploma option is not available in all study areas. Please refer to the Course Handbook on our website.

“

A master's degree provides me with the advanced knowledge and skills I need to make a meaningful contribution to policy and practice. I selected UOW because of its excellent reputation, dedication to solving actual problems in Australia and worldwide, and its encouraging learning environment – yet it still surprised me with its collaborative and supportive nature. Students and staff work together in a non-competitive manner and there's a strong sense of community within the program."

Maryam Al Dali
Master of Public Health

Support for postgraduate students

Decision support

Have your questions answered before you apply. Complete an enquiry form or book a consultation (see below) with one of our postgraduate course specialists who can provide tailored advice.

Fee support

In 2026, most of UOW's postgraduate coursework degrees will offer Commonwealth supported places (CSPs) or UOW subsidised fee reduction to eligible domestic students, which means you could save up to 75% off your course fees.

Career support

UOW Careers service can help you gain professional experience, provide advice on resumes and applying for roles, engage with new employers, and assist you in finding a new role that utilises your postgraduate qualification.

Study support

UOW offers a range of study support options tailored for your needs. Students can access online support with a Maths and Learning Skills Advisor, Librarian or senior student who may have studied a similar subject.

Book a phone consultation

Our Postgraduate Specialists are available at a time that suits you to answer your questions about postgraduate study, support and more.

Book online at uow.info/PG-Consultation or call **1300 367 869** for more information.

Choose your course

Discover UOW postgraduate courses, delivery modes, locations, and when you can start.

See uow.edu.au/study for in-depth program details.

Find your study destination

As well as offering courses remotely through UOW Online, the University has two campuses in Wollongong, a number of regional campuses, and two metro campuses in Sydney CBD and Liverpool. The symbols below let you know at which campus(es) you can study each course.

Bega Valley	BV	Southern Highlands	HL
Eurobodalla	E	Sydney CBD	S
Innovation Campus (Wollongong)	IC	UOW Online	O
Liverpool	LV	Wollongong	W
Shoalhaven	SV		

Study your way

As a postgraduate student, you can choose from a range of study modes.

On campus: Some classes are offered on a weekly basis throughout the day or evening, while others run in intensive mode over the weekend to minimise time away from other responsibilities.

Online: UOW has two types of online learning – self-paced online study in your own environment and distance learning that does not require you to attend campus, but instead allows you to join pre-scheduled virtual classes.

On campus	📍
Online	💻
Mixed-mode: online with some attendance required on campus	🔄

Start when you like

UOW has intakes throughout the year, which vary across study areas. The symbols below will help you find the perfect time to begin your studies.

Session 1 (Feb)	S1	Quarter 1 (Feb)	Q1
Session 2 (July)	S2	Quarter 2 (April)	Q2
Trimester 1 (Feb)	T1	Quarter 3 (July)	Q3
Trimester 2 (May)	T2	Quarter 4 (Oct)	Q4
Trimester 3 (Aug)	T3	Master of Nursing (Pre-Registration) (Jan)	NUR
Doctor of Medicine (Jan)			GM
Indigenous Trauma & Recovery (June)			ITRP

I chose postgraduate study to further my career and open greater job opportunities to progress to a higher leadership role in the future. I am currently in a junior leadership role and I'm always looking to improve my skills. This course will better equip me to be a positive and well-rounded leader, and it allows for strong links between the local health districts and agencies.

The online courses work well for me with my lifestyle, and the platforms are straightforward and easy to use. I was surprised that I can manage study while working and having a family life, but also by the enjoyment it has brought me to learn again."

Carina Spencer
Master of Medical and Health Leadership

Business

Sydney Business School, UOW

Business

uow.info/postgraduate-business

Top six per cent of business schools in the world

UOW is recognised among the top six per cent of business schools in the world, with international accreditation from the Association to Advance Collegiate Schools of Business. This is public recognition that UOW's business curriculum meets the highest standards, our students learn from the best business minds, and our graduates have the skills, knowledge and experience that global employers are looking for.

[†] Course duration is the length of the course, based on completing the course full-time (three subjects per trimester), unless otherwise stated. Part-time options are also available, for most courses, where you can choose to study one or two subjects per trimester. For full details, please visit courses.uow.edu.au

~This course is available part-time only. The duration listed is for part-time study.

^ This course is available full-time only.

My research found that UOW carried a strong reputation of delivering quality education, especially for the MBA program. They were also one of the only universities that provided subsidised course fees for this program, which made undertaking additional study financially viable.

The course is delivered by a combination of academics and industry experts and is really grounded in practical application. It's given me additional knowledge and experience, and confidence in my recommendations and execution of business practices."

Steffi Rose

ACCREDITATION: ① Accredited by the Australian Occupational Health & Safety Educators Accreditation Board (AOHSEAB) and the Institution of Occupational Safety & Health (IOSH) of the UK. ② Accredited by the Australian Institute of Occupational Hygienists (AIOH) and the British Occupational Hygiene Society (BOHS). ③ Fully accredited by the Australian Association of Social Workers (AASW). It is an entry qualification into the social work profession and has been determined to meet the Australian Social Work Education and Accreditation Standards (ASWEAS). Graduates of this course are eligible for membership of the AASW, which is required by many employers.

I wanted to take my career beyond clinical practice and step into the bigger picture of public health, and UOW stood out because of its strong focus on real-world impact. A Master of Public Health is not just about textbooks or theories; it's where health meets strategy, research and policy to improve lives at a population level, not just one patient at a time.

This degree is a game-changer. Every subject I've done has some direct link to real-world practice. The teaching staff bring professional insights, which makes every lecture practical and relatable. From health promotion to policy, I'm already seeing how these skills can open doors in NGOs, government health departments, or international organisations."

How to apply

Postgraduate coursework

Applying to study for a postgraduate course at UOW is quick, easy and secure with the UOW Apply Online portal. You can apply online for all postgraduate courses, excluding medicine. There is no application fee for applying to UOW.

Entry into most UOW postgraduate coursework programs requires a bachelor degree or equivalent. If you do not have a bachelor degree but have extensive and relevant work experience, you may be eligible for direct entry into one of our postgraduate programs, such as a graduate certificate.

1

Find the course you would like to apply for in this guide, or at uow.info/pg

2

Check you meet the entry requirements for your chosen course online on Course Finder.
uow.edu.au/study/courses

3

There are special entry requirements for a small number of postgraduate courses including the Master of Teaching, Master of Business Administration and Master of Professional Psychology.

For a full list of all courses with special entry requirements, please refer to the website for details.
uow.info/pg-special

4

Submit your application through the UOW Apply Online portal.
uow.info/pg-apply

5

You can save your application at any time and return to complete it later.

Book a course consultation

Our Postgraduate Specialists are available at a time that suits you to answer your questions about postgraduate study.

During your phone consultation, you'll receive tailored advice about courses, fees, Commonwealth supported places (CSPs), study timetables and delivery, what's involved with postgraduate study, how to apply and more.

Book online at uow.info/PG-Consultation or call 1300 367 869 for more information.

UOW has a lot of support options that help when things get crazy. That flexibility has made a huge difference. Online classes were surprisingly smooth to navigate. They're practical and accessible, especially when life gets busy and you've got laundry running in the background.

This qualification is opening doors to more holistic and diverse roles. Everything I'm learning feels relevant and applicable. It's giving me the tools and confidence to step into roles where I can really contribute and grow. I expected a lot of theory, but the placement structure really brings everything to life. It's hands-on and gives you a real sense of what the work and community is like."

Jason Tanaka
Master of Social Work (Qualifying)
