WHY CHOOSE UCLAN FOR POSTGRADUATE?

QS World Rankings 2020

With an overall four-star rating and five-star rating for employability, teaching, facilities, internationalisation, inclusiveness and social responsibility, UCLan is in the top 1,000 of elite universities around the globe. UCLan is one of the UK's largest universities, with a student and staff community approaching 38,000. Internationally, UCLan has academic partners in all regions of the globe and we are recognised on a world stage for the first class quality of our education.

£200 million Campus Masterplan

We are investing £200 million in our Campus Masterplan to develop new facilities. This includes a brand new £35 million Engineering Innovation Centre (EIC) which opened in 2019, creating a cutting-edge environment to develop a skilled workforce which meets local, national and international needs. The goal is simple - to offer the best environment to support your continued learning.

Support

We understand that students often have other life commitments. That's why we offer flexible full and part-time study options to support you in your learning.

Safety

The safety of our students is really important to us. We have a dedicated 24 hour security team and are part of Preston's safety scheme, an initiative to support students whilst they're enjoying the city.

Postgraduate study and pathways to PhD study

UCLan has a large community of 850 research students, and more than 100 professors and readers working in the University.

Over 900 members of our staff are research or knowledge transfer active; their research is published in the British Journal of Management, The Astronomical Journal, and BMC Medicine, amongst others.

Professional association and accreditations

Our postgraduate taught programmes include certificates, diplomas, master's and more. Association with and accreditations from industry-leading bodies in each sector ensure they remain professionally current and relevant. These bodies include the Association of Chartered Certified Accountants, Chartered Institute of Personnel & Development, Royal College of Nursing, Institute for Construction Management, and Royal Institute of Chartered Surveyors. See each career area for pertinent associations.

THE CAMPUS IN A CITY - PRESTON

Located in the heart of the city of Preston, the campus has a wealth of amenities to support and enhance your postgraduate experience. A short distance from the coastline, the Lake District, Manchester and Liverpool, Preston has fantastic transport links and is one of the most networked cities in the country. It's been voted the best city to live and work in the North West*, as well as being recognised as a growing city* - there are plenty of reasons to choose our Preston Campus as the base for your continuing study.

POSTGRADUATE TAUGHT AND RESEARCH WHICH ONE IS FOR YOU?

At UCLan, we offer both taught and research degrees to enable our students to continue their education in a way that fits with the developing graduate market. Whether you choose a taught or research master's will depend on your career focus, academic interests and the way in which you prefer to study.

Taught Postgraduate study is structured much like your undergraduate degree and will be based around lectures, seminars and tutorials. It's likely that there will be an aspect of research within the taught course and generally you're expected to produce a dissertation.

Postgraduate Research (PGR) study may be of interest to you if you're interested in a profession where research skills are valuable, amongst other areas. Generally, whilst studying you're likely to focus on one or two extended projects, conducting your own independent research whilst being supported by our academics.

POSTGRADUATE TAUGHT DEGREES

Our Postgraduate taught courses are designed to support your learning journey or provide you with the skills you need to take the next step in your career. With hundreds of taught options to choose from, knowledgeable academics and flexible study routes, continuing your education with UCLan is an investment in your future.

Our taught courses are studied over one year full-time, or two to three years part-time. Study will include a mixture of lectures and seminars, as well as tutorials, oral work, project work and research. Assessment will involve a thesis/dissertation and exams.

ARCHITECTURE

Our Architecture courses follow on from undergraduate study and will appeal to those that have previously studied a similar subject or have an interest in historic buildings and towns. With state-of-the-art facilities, including dedicated design and architectural material laboratories, our courses in this area are taught by award-winning architectural designers and experienced practitioners.

Architecture (Part 2) MArch

Prescribed by the Architects Registration Board (ARB) and has full validation by the Royal Institute of British Architects (RIBA) for the Part II Professional Examination.

Building Conservation and Adaptation MSc

Recognised by the Institute of Historic Building Conservation (IHBC) and accredited by the Royal Institute of Chartered Surveyors (RICS).

ART AND DESIGN

Taught by practising artists and designers with many years' experience (notably, Professor Lubaina Himid CBE was awarded the prestigious Turner Prize), our commitment to nurturing creative thinking and original ideas, combined with our industry network set our art and design programmes apart. We have established links with many artistic and commercial partners who have informed course practice, enhancing inherent employability opportunities across our programmes. We were one of the first Apple-accredited centres in the UK, and students benefit from a range of cutting-edge facilities, such as the purpose-built Media Factory and specialised Digital Print Studio.

CRIMINOLOGY AND POLICING

UCLan offers a range of specialist programmes in the field of criminology and policing, which cover areas such as counter terrorism, security and justice. Programmes are informed by applied research in the fields of criminology and global security and are enhanced by links with international agencies (UN, World Bank) and non-governmental organisations (Red Cross, Oxfam), government ministries and multinational businesses. With teaching from former senior police investigators, serving officers and highly qualified academics, our postgraduate courses in this area enable students to develop knowledge and critical understanding of international affairs and global criminological and security issues, and prepare graduates for a career within the area of policing and criminology.

DENTISTRY

Our dentistry courses are designed with a focus on promoting a culture of continuing professional development, with a suite of part-time clinical master's courses, with exit awards available from most courses at Diploma level. Supervised clinical work on patients takes place at our state-of-the-art, on-campus Dental Clinic – we are the only university in the North West to provide this facility, enabling us to offer an extremely valuable clinical experience. Our leading research in dentistry underpins our teaching and aims to provide quality evidence which will inform clinical practice and health policy. We have strong links with health organisations at local, regional and national levels, as well as academic institutions in the UK, Europe and the USA.

HISTORY

Here at UCLan, we continue to make a significant, world-leading contribution to historical research in the UK and have been recognised for our pioneering work. Our programmes have been developed in conjunction with the knowledge and expertise of our acclaimed academic staff, whose research has been rated as world-leading and internationally excellent.

History MRes

HUMAN RESOURCE MANAGEMENT

Programmes in this area offer intermediate and advanced level professional development in human resource management, supporting progression in careers within HR and development. Many of our staff have experience as HR practitioners, as well as having research and publication experience, enabling them to create a stimulating and challenging commercial experience. The University has long-standing contacts within the HR profession through the professional body, and our programmes are approved by the CIPD, ensuring they reflect the market needs and enhance the employability of our graduates.

RESEARCH DEGREES

UCLan has a growing and vibrant community of academic innovators – we produce high quality international and world-leading research. The scope of UCLan's research activity is far-reaching – from working with NASA on solar dynamics, with the Department of Health on sector-leading stroke research and collaboration with the Football Association, Professional Golfers Association and International Olympic Committee on sport and exercise science research.

Winners of the Digital Innovation Award at the Guardian University Awards 2017 for our online resource that provides vital training to clinicians caring for stroke patients.

Professor Lubaina Himid CBE was awarded the Turner Prize in 2017, which is one of the world's most prestigious art awards.

A leading research institution whose 16 subject areas in which our research was assessed were judged to contain 'world-leading' elements in REF2014.

Opportunities are available in all our Schools to undertake supervised research at doctoral and master's level. Research degree programmes are available on either a full or part-time basis with the exception of the PhD (by Published Work), the Doctor of Medicine and the Master of Surgery, which can only be studied on a part-time basis. If you will be studying on a Tier 4 Visa then you will be required to study full-time.

Many research students define their own research project with guidance and support from an allocated supervisory team.

You can start your research degree on:

1 October

1 January

1 April

RESEARCH AT UCLAN

Our research is divided into six overarching UCLan Research Themes:

- **ARTS, CULTURE AND HERITAGE**
- **CITIZENSHIP, SOCIETY AND JUSTICE**
- **LIFELONG HEALTH AND WELLBEING**
- **PEOPLE, PLACE AND ENVIRONMENT**
- **SUSTAINABILITY, BUSINESS AND ENTERPRISE**
- **TRANSFORMATIVE SCIENCES AND TECHNOLOGY**

Our dedicated Research Centres and Institutes enhance the quality of the research environment and create more opportunities to achieve world leading impact through their activities.

POSTGRADUATE FEES AND FUNDING

Tuition fees and living costs

Postgraduate Taught Master's fees are £6,900. If you choose to study part-time, your fees will be split across the two years, equalling to £765 per 20 credit module.

For Postgraduate Research Degrees, you will need to pay all tuition fees, including any bench fee element and/or additional fee for off-campus study for each academic year at the starting point of your research degree and at the start of each subsequent academic year. Fees payable will depend on your residency classification. Please refer to our website for further details uclan.ac.uk/research

Please note that some courses have Tuition Fees that differ from the standard rate above – for further information, please contact us directly.

Loans and Funding

Postgraduate Loan – you could be entitled to apply for Government funding to support your course fees and living costs. If you're thinking about a master's degree, you could get up to £10,906, and those studying a doctoral degree could be entitled to £25,700. Check the gov.uk website (gov.uk/funding-for-postgraduate-study) for more information on how to apply.*

* Information correct at time of print.

Bursaries and Scholarships

Postgraduate Taught and Research students could be entitled to bursaries and scholarships, providing they meet all the requirements. Further information can be found on our website.

Alumni loyalty discount

The University encourages UCLan graduates to continue their studies and offers a range of tuition fee reductions. Qualifying Home and EU International students may also be able to apply for UCLan's International Progression Scholarship.

UCLan award holders studying a postgraduate taught course or postgraduate research degree (full or part-time) may be eligible for a 20% tuition fee discount if paying a standard or higher tuition fee. (Students must be paying their own fees to be eligible. Students with third party support, paying fees directly to UCLan on their behalf, will be ineligible for the reduction).

You can contact the Student Fees and Funding Team via phone, email, or post

If you are on the Preston Campus you can call into The <i>, for advice.

Telephone: 01772 892440 Email: SFFTeam@uclan.ac.uk

SUPPORT AND FACILITIES

Accommodation

We offer a variety of different accommodation options for postgraduate students. Accommodation is offered on the same basis for postgraduate as it is for undergraduate students. Please see our accommodation pages on our website for further information. uclan.ac.uk/accommodation

Health and Wellbeing

- ✓ The University of Central Lancashire has its own on-campus Medical Centre
- ✓ Alongside our dedicated on-campus Medical Centre and Pharmacy, you have access to trained counsellors and mental health advisors.
- ✓ We have an on-campus Multi-Faith Centre to support students of all faiths. It also offers a neutral space where the chaplaincy team offer pastoral and spiritual support for all, whether they have a faith allegiance or not.
- ✓ UCLan have two state-of-the-art sports facilities - the multi-million-pound Sir Tom Finney Sports Centre, and the UCLan Sports Arena. Students based at the Preston Campus are entitled to free membership at these facilities.
- ✓ We want our students to feel safe and secure at all times - that's why we have campus security which operates 24 hours a day to deal with any problems and ensure the safety of our students and campus. We also operate a free late bus to and from the Library between 10pm and 4.30am, so you can come and go in a safe environment (PR1 and PR2 postcodes only).

Student Support

- ✓ The UCLan Student Portal is your gateway to all your course information, advice and learning tools needed to support you in your studies.
- ✓ The UCLan Library offers thousands of books, excellent computer facilities and staff support. It is also open 24/7 during term time to support you.
- ✓ You will receive academic administrative support from one of our five support hubs, access face-to-face help and guidance from anything from timetable and course enquiries to professional placements and module registration.

Students' Union

The Students' Union is a registered charity, run independently from the University and represents over 26,000 students. When you enrol you automatically become a member and comes with some great benefits. The Students' Union also offers a range of information and advice to support health and wellbeing.

How to Apply

To apply for one of our postgraduate taught programmes, you will need to complete and return the University postgraduate online application form, which can be found on our website. uclan.ac.uk/postgraduate

To apply for a postgraduate research degree, please use the online form on our website uclan.ac.uk/research/study/how_to_apply.php

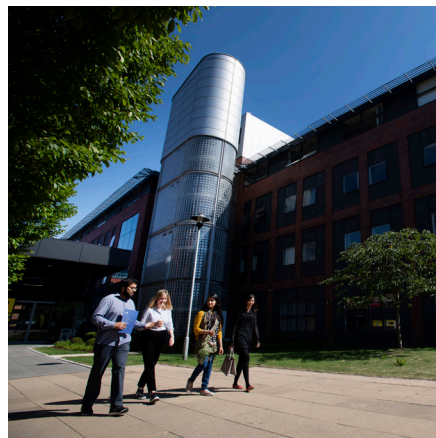

For some postgraduate courses you will need to apply directly by downloading a Postgraduate Application Form and sending it to us by post or email.

If you require any help or advice when applying for a postgraduate course, please request a call back from our Admissions Team who will be happy to talk you through your application. uclan.ac.uk/apply

Entry Requirements

In general, all postgraduate programmes require a minimum of a lower second class degree from a recognised university, or a professional qualification deemed to be equivalent. To find out more about specific entry criteria please see individual postgraduate course pages on our website, or contact Admissions directly.

In addition to meeting the minimum entry requirements, applicants must satisfy the University's English language entry requirements, for more details please see our website.

Terms and conditions

While every effort has been made to ensure that the information contained in this prospectus is accurate at the time of going to press, changes are likely to occur given the lengthy interval between publication and commencement of the course. It is therefore very important that you check our website for any updates before you apply for the course by visiting uclan.ac.uk. Where there is a difference between the contents of this prospectus and our website, the contents of the website take precedence and represent the basis on which we intend to deliver our educational services to you.

Any offer of a place to study at the University is subject to terms and conditions which can be found at uclan.ac.uk/study_here/student-contract-taught-programmes.php. The terms and conditions set out, for example, your key obligations as a student and when we might make changes to your course, the fees payable or the student regulations with which all students are required to comply. You are strongly advised to read these before making an application.

If you are unable to access our website for any reason, please contact us on 01772 892400.

VISIT US

MEET A TUTOR

Book a meeting with an academic lead for an in-depth discussion and insight into your course or subject of interest. To book go to **uclan.ac.uk/visit**
